MISCELLANY.

Colportage in North Carolina, Virginia Maryland, and the District of Columbia.

During the quarter ending Dec. 1st, 1857, adding my own labors, 139 months' work was accomplished on this field. 83,440 93 worth of our books were sold, and 81,183 56 worth of printed gospel truth was given to the destitute, 855 public or prayer meetings were held among the 1,842 families that attend no evangelical preaching; 1,026 families found destitute of all religious books except the Bible, and 998 without the Bible; 19,638 families were visited, talked with on religion and furnished with such religious books and tracts as were calculated to receive the approbation of all evangelical Christians." Hundreds of children were brought under Sabbath School influence, and many adults induce to attend church. Asylums, Alms-houses and prisons, as well as the highways and hedges, have been provided with these messages of mercy. Many pages might be filled with facts full of interest from the Colporteurs' Reports. God has blessed the work, and to Him be the praise. Donations received at this office amount to 8942 64.

As the Colporteurs' salaries—8150—the books given away, and other necessary expenses of freight, &c., have to be paid by contributions, the books being sold only at cost, we ask all benevolent friends to remember this work of God for furnishing the poor everywhere with the bread of Life.

Donations can be sent to J. Cross, 73, Fayetteville St., Baltimore, Md.; Rev. P. B. Price, Richmond, Va., and W. J. W. Crowder, Raleigh N. C.

J. CROSS, Supt. and Gen. Agt.
for Md., Va., N. C. and D. C.

Baltimore, Jan. 1st, 1858.

☞By reading the above it may be seen that God continues to open the way for the humble "work of faith and labor of love" in families where, by Divine blessing, we may successfully meet the wants of perishing souls, hundreds of whom have not been reached by any other gospel means until since the Colporteur found them in our swamps, mountains and dark corners. Dear reader, think of this work, pray for it, and *for the sake of precious souls*, give something to it cheerfully, as the Lord blesses and prospers you. Read the eighth chapter of second Corinthians and imitate those who, "in a great trial of affliction and their deep poverty," abounded in liberality, and *entreated* Paul to receive their gift. "He that giveth to the poor lendeth to the Lord." "Give and it shall be given unto you good measure," says He "in which we live, move and have our being," *whose promises never fail.* Surely we will trust Him.

Yours truly,
W. J. W. CROWDER, Gen Agt.
of Am Tr Soc. for N. C.

AN EXPENSIVE THEATRICAL COMPLIMENT

The Paris correspondent of the New Orleans *Picayune*, relates the following anecdote:

"They have an opera in Athens, where a prima donna is very popular. One night she so bewitched the audience, the men took the splendid pair of English blooded horses from the carriage, and dragged her home. She was delighted until the next morning, when she ordered the coachman to drive her out. The coachman said that some of the 'gentlemen' of the preceding evening had been carried away so far by their enthusiasm as not yet to have had time to return with the horses. The day passed away, and nothing was heard of the horses. The second day she had the walls of Athens covered with bills, offering $500 reward for the recovery of her horses, but as they were worth at least 2,000, they have not yet and probably never will be heard of."

FLOGGING IN THE TWO SERVICES.

During the year 1856, as appears from a Parliamentary return the number of seamen and boys flogged in her Majesty's navy was 1,397; the total number of lashes inflicted was 44,492; the highest number given to any culprit was 50, and the lowest 1. The greatest amount of flogging appears to have taken place on board the Royal Albert, in which ship twenty-one seamen received 900 lashes. Another parliamentary return issued yesterday, with respect to corporal punishment in the army contrasts favorably with the navy record of flogging. Out of 138 regiments and corps only 35 have been disgraced in this way. The total number of soldiers flogged in 1856 was 64, and the number of lashes inflicted was 2,751.

"A BIG GUN."

A monster mortar has been tried at Woolwich, England, successfully, with 70 lbs. of powder, though its full charge is three hundred pounds. The shell is one yard in diameter, and, uncharged as it was in the experiment, it tore up stones, and piled the earth as high as a small house, and filled the air within a radius of two hundred yards with earth, stones, and roots of trees. The monster is compounded of wrought and cast iron, in separate pieces, tightly-hooped together. At the fifth round the middle ring gave way partially, and thus interrupted the practice; but it was successfully shown that it could throw a shell weighing a ton and a half.

THREE DAYS AFTER SIGHT.

A few days since a rough, country-looking fellow, entered one of our City Banks, and marching up to the counter exclaimed, "Here I am, I want you to take a fair look at me." Without a word further he strode out. The next day the same custom er appeared, uttered the same words, and again disappeared. The third day, at about the same time, he walked in, and advancing to the Teller's desk, threw down a draft, payable three days after sight. "Now," said he, "you've seen me three times, I want the money for it!"—*N. Y. Mirror.*

A bankrupt friend of ours was condoled with the other day for his embarrassment. "Oh, I am not embarrassed at all," said he, "it is my creditors that are embarrassed."

CAUSTIC PREACHING.

The Rev. Mr. Finney, in a discourse on "Moral honesty," at Boston, a few evenings since said:

"Go down on State street, gather together all the moral honesty there is to be found there, give it a thorough sifting, and what a mournful spectacle would turn up to view!"

He further discourses on "Funeral sermons:"

"I sometimes wish people could attend their own funerals. Could some men hear the eulogies pronounced upon their characters for moral honesty, after their death, how they would shriek and howl as they lay in their coffins!"

A cool case of elopement occurred in Aurora, Ill., a few days ago. A Dr. Lovejoy, one fine morning, called his wife to him, placed notes and accounts in her hands to the amount of $1,000, made over to her a deed of the lot on which his house stood was situated, and concluded by coolly avowing his determination to leave her, in company with another man's wife, between whom and himself a criminal intimacy had been long suspected to exist.—The lady alluded to was the wife of a respectable mechanic named Robert Neale, and the mother of two children.

AUDACITY OF EMIGRANT RUNNERS.

A wagon load of emigrants were being conveyed to an Emigrant Hotel, in the 4th Ward, this morning, when they were overtaken by the wagon of another hotel, in Greenwich street, whose runners forcibly lifted the live cargo into their vehicle and took them off in defiance of all remonstrance. The whole transaction, our informant states, was but the work of about five minutes.—*New York Mirror.*

EAR AND EYE.

Drs. LEBRUN & DUFFON, OCULISTS AND AURISTS.

DR. LE BRUN offers to those suffering from deafness, his *infallible* aural remedies, which have been successful in nearly three thousand cases of confirmed deafness! These remedies have been pronounced by Drs. Khramer, of Berlin, and Deleau of Paris, and Curtis Pilcher of London, as the most wonderful ever applied for disease of the internal and middle ear. They comprise differ nt courses for the various diseases that affect the external and middle ear. If the disease is confined to the external ear, their effects are apparent on the fifth or sixth day. Dr. Le Brun *warrants a cure in every case*, when the ear is perfect in its formation. He has eighteen certificates from those who have been *deaf from infancy*, whose hearing is now completely restored, and they are now enabled *to learn the language!* Over twenty seven hundred cases of deafness have been successfully treated by this Certificates to that effect may be seen on application.

In all cases of deafness arising from *inflammation thickening*, or even *perforation* of the "*membrana tympani*," usually called the *drum*; *inflamation of the mucous membrane of the Tympanum and eustachian Tube, with accumulation of mucus*; *nervous affections, polypus growths*, &c., or when the disease can be traced to the effects of scarlet typhus, bilious or intermitting fever colds, the use of quinine and mercurial medicines, gathering in the eyes of cuplidood, &c., the sense can in *nearly every instance* be restored. Where the want of secretion is apparent, the auditory canal" being dry and scaly; when the deafness is accompanied with noise in the ear, like the rustling of leaves, chirping of insects; falling of water ringing of bells, pulsations, discharging of matter, when in a stooping position, a sensation is felt as if a rush of blood to the head had taken place; when the hearing seems less acute in dull cloudy weather, or when cold has been taken, the course pursued by Dr. Le Brun is *considered infallible.*

Dr. Duffon the only practitioner in the United States, who practices the new, painless, and successful method in treating all the diseases to which the ear is subject. Where every other means have failed to afford relief, he asks from such a fair and impartial trial. Patients, by sending a few particulars of their case, can have remedies sent to any part.

TESTIMONY.—We the undersigned, practitioners in medicine in the city of New York, having had occasion to witness the practice of Drs. Le Brun & Duffon, in diseases of the ear and eye, laying aside all professional jealousy and prejudice, freely admit that the course pursued by them in treating diseases of these delicate organs, from the *unparalled success which has attended it*, is well worthy the attention of our professional brethren throughout the United States. Their system of treating diseases of the middle and internal ear by the use of "rarefied vapors" particularly in chronic and complicated cases, forms a new era in the practice of aural surgery, and fills up a void which has long been felt by the generous practitioner. In diseases of the eye, they seldom require to resort to an operation. As skillful oculists and oculists, and enthusiastically devoted to their profession, we cordially recommend them to such as may require their aid.

"THE SOUTHERN CITIZEN."

A New Political Commercial and Literary Journal

JOHN MITCHELL & WILLIAM G. SWAN, EDITORS AND PROPRIETORS.

THE Title of this Journal, with the names of its Editors, may be nearly enough to indicate its aims.

One of those Editors being an American citizen by birth; the other intending to become such by adoption; there is no question affecting the destinees of Americans, on which they will hold themselves debarred from openly expressing an opinion.

The one a Southerner by birth—the other by preference, they cannot be of those who know "No South, No North." They well know both; and in the struggle which the South is now called upon to make for her own rights and honor, they mean to stand with the South.

A thoroughly Democratic and States-Rights Journal, "The Southern Citizen" will nevertheless decline to be called "Partizan;" unless the Constitution of the United States is to be called a partizan document.

It will uphold the Federal Union, provided the sovereignity of the confederated States be respected; if not, not.

Holding that the Institution of Negro Slavery is a sound, just, wholesome Institution; and therefore, that the question of re-opening the African Slave Trade, is a question of expediency alone, the conductors of "The Southern Citizen" will in view of the late action of the Southern Commercial Convention, at Knoxville, apply themselves to search out and bring to light, all accessible information bearing upon that important subject—on the whole industrial condition and necessities of the South—on the actual state of the negro races of Africa, and on the policy and action of European Powers in reference to the Slave Trade.

Residing at Knoxville; and choosing this point as the place from whence their Journal is to emanate, the conductors of "The Southern Citizen" will be guided in the matter of State Politics, by the general principles above indicated. It will belong to no clique of office seekers. In short, it will support the candidates for all officers, who will support the equal rights of the Sovereign States, North and South—the equal rights of the Sovereign Citizens, wherever they may have been born, wherever they may worship or not worship.

On Agricultural and Commercial affairs—on the progress of Internal Improvements, and especially of our Southern Railroads, there will be an ample and carefully compiled weekly report.

Literary articles and Reviews, will fro a main feature of "The Southern Citizen." Intellectual grandeur, wherever it appears in the world, shall meet prompt and zealous recognition. We do not need to shut out light and stifle inquiry; but, in this department as well as in Politics, we shall take leave to examine and judge from our own view not importing our opinions from England, still less at second hand from New England. To the utmost of our power, we shall aid the movement which at length stirs the South to vindicate her own intellectual and moral existence, to revolve around her own centre of thought, and to appeal to a standard of taste and of ethics high above the consideration of political or commercial rivalry.

Especial care will be taken to furnish a weekly digest of all the news of the world at home and abroad.

Conducting their new Journal in this spirit, and constantly endeavoring to make good these announcings, it is presumed that "The Southern Citizen" will meet with the support which it may deserve.

The first number of "The Southern Citizen" will appear between the first and fifteenth of October It will be published on the Wednesday of each week. Terms: TWO DOLLARS per annum.

New Types, Press, and Materials of all sorts, are being procured for this Journal; and as its publication will certainly be continued, subscribers will be required in all cases, to remit the amount of their subscriptions in advance; otherwise the paper will not be forwarded.

The Terms of advertising will conform to the usual rates Tennessee.

PROSPECTUS
OF THE
N. C. JOURNAL OF EDUCATION.

At the recent meeting of the N. C. Educational Association, in Warrenton, the undersigned were pointed a committee to make the necessary arrangements for publishing a monthly journal, with the above title.

Having made arrangements for issuing the first No. in September next, they call, with confidence upon Teachers and School Officers, to send subscriptions immediately, that they may be enabled to go on with the work. They feel assured that, if those, who have the educational interests of our State at heart, will exert themselves, the numbs. of subscribers, requisite to insure complete success, can be secured within one week after the publication of this prospectus.

The Journal is to be devoted entirely to the interests of Education, will be published under the auspices of the State Educational Association—It will be the organ of the Association and of all affiliated or subordinate Associations in the State. It will labor to promote the great cause of Education in all its grades, as *one cause*; and to foster a general sympathy between teachers and officers of Common Schools, Academies, and Colleges, as co-laborers, in that *one great cause*. It will strive to advance the interests of the Common School System of the State, as underlying all other interests, and sustaining on its vast granite base, our great educational structure and will furnish a channel of communication between the General Superintendent of Common Schools and those who feel an interest in their welfare. The Journal will be edited by a Board of Editors, composed of C. H. Wiley, Superintendent of Common Schools, and a number of the leading Teachers of the State, and one local Editor, who will receive all communications and superintend the publication.

All communications should be addressed to the *Editor of the Journal of Education, Greensboro, N. C.*

16 lines,	12	7	4	2

Advertisements by the year payable quarterly. All others monthly.

Teachers sending $50 for 25 subscribers will be entitled to advertisements of their Schools, of 16 lines, for one year.

There are at all times a number of Schools of all grades, needing teachers, and of teachers who want situations; and it is not at all uncommon for parties thus situated to advertise their desires and wants in papers not expressly devoted to the cause of Education. If all such, by general consent, would keep standing notices in the Journal, it would be an easy matter for teachers to find out all vacant situations, and for Committees and Trustees to learn the address of all teachers wanting places.

It is, therefore, the desire of the conductors of the Journal to publish a Directory of this kind, and to all who will furnish standing notices of their wants very liberal deductions will be made from the usual advertising rates.

SUFFER NOT!

When a CURE is guaranteed
IN ALL STAGES OF
SECRET DISEASES,

Self-Abuse, Nervous Debility, Strictures, Gleet Gravel, Diabetes, Diseases of the Kidneys and Bladder, Mercurial Rheumatism, Scrofula Pains in the Bones and Ankles, Diseases of the Lungs, Throat, Nose and Eyes, Ulcers upon the Body or Limbs, Cancers, Dropsy, Epileptic Fits, St. Vitas's Dance, and all Diseases arising from a derangement of the Sexual Organs.

Such as Nervous Trembling, Loss of Memory, Loss of Power, General Weakness, Dimness of Vision, with peculiar spots appearing before the eyes, Loss of Sight, Wakefulness, Dyspepsia, Liver Disease, Eruptions upon the face, Pain in the back and head, Female irregularities and all improper discharges from both sexes. It matters not from what cause the disease originated, however long standing or obstinate the case recovery is certain; and in a shorter time than a permanent cure can be effected by any other treatment even all the disease has baffled the skill of eminent physician and resisted all their means of cure. The medicines are pleasant without odor, causing no sickness, and free from mercury or balsam. During twenty years of practice, I have rescued from the jaws of Death, many thousands, who, in the last stages of the above mentioned disease had been given up to die by their physicians, which warrants me in promising to the afflicted, who may place themselves under my care a perfect and most speedy cure. Secret diseases are the greatest enemies to health, as they are the first cause of consumption, Scrofula and many other diseases, and should be a terror to the human family, as a permanent cure is scarcely ever effected, a majority of the cases falling into the hands of incompetent persons, who not only fail to cure the diseases but ruin the constitution filling the system with mercury, which with the disease, hastens the sufferer into rapid consumption.

But should the disease and the treatment not cause death speedily and the victim marries, the disease is entailed upon the children, who are born with feeble constitutions, and the current of life corrupted by a virus which betrays itself in Scrofula, Tetter, Ulcers, Eruptions and other affections of the skin, Eyes, Throat and Lungs, entailing upon them a brief existence of suffering and consigning them to an early grave.

SELF ABUSE is another formidable enemy to health, for nothing else in the dread catalogue of man an diseases causes so destructive a drain up on the system drawing its thousands of victims through a few years of suffering down to an untimely grave. It destroys the Nervous System, rapidly wastes away the energies of life, causes mental derangement, prevents the proper development of the system, disqualifies for marriage, society, business, and all earthly happiness, and leaves the sufferer wrecked in body and mind, predisposed to consumption and a train of evils more to be dreaded than death itself. With the fullest confidence I assure the unfortunate victims of Self-Abuse that a permanent and speedy cure, can be effected, and with the abandonment of ruinous practices, my patients can be restored robust, vigorous health.

The afflicted are cautioned against the use of Patent Medicines, for there are so many ingenious snares in the columns of the public prints to catch and rob the unwary sufferers, that millions have their constitutions ruined by the vile compounds of quack doctors or the equally poisonous nostrums vended as "Patent Medicines." I have carefully analyzed many of the so-called Patent Medicines and find that nearly all of them contain Corrosive Sublimate, which is one of the strongest preparations of mercury, and a deadly poison, which instead of curing the disease, disables the system for life.

The proprietors of the patent nostrums now in use are put up by unprincipled and ignorant persons who do not understand even the alphabet of the materia medica, and are equally as destitute of any knowledge of the human system, having one object only in view, and that to make money regardless of consequences.

Irregularities and all diseases of males and females treated on principles established by twenty years of practice, and sanctioned by thousands of the most remarkable cures. Medicines with full directions sent to any part of the United States or Canadas, by patients communicating their symptoms by letter. Business correspondence strictly confidential. All letters asking advice must contain a postage stamp.

I HAVE a chemical process for cleaning clothing by the use of which the clothes can be washed very clean without boiling, and with very little rubbing. By this method much hard labor can be saved, *the washing is done in half the time*, and the clothes are very white and clean, and last much longer, for they are not worn out by rubbing as by the old way of washing by machines, &c. The articles used cost but little, and are easy to obtain. I mail the receipt to order, postage paid, upon receipt of 50 cents; three cent postage stamps good as money. Address Dr. J. P. Dr. JOHNSTON is the only regularly Educated Physician advertising to cure Private Complaints. His remedies and treatment are entirely unknown to all others. Prepared from a life spent in the Great Hospitals of Europe and the First in this Country, viz: England, France, the Blockley of Philadelphia, &c., and a more extensive practice than any other physician in the world. His many wonderful cures and most important Surgical Operations is a sufficient guarantee to the afflicted.—*Those who wish to be speedily and effectually relieved should shun the numerous trifling imposters*, who only ruin their health, and apply to him.

A CURE WARRANTED OR NO CHARGE.

No Mercury or Nauseous Drugs Used.

OFFICE, No. 7, SOUTH FREDERICK St., left hand side going from Baltimore street, a few doors from the corner. Fail not to observe his name and number, for ignorant trifling imposters, attracted by the reputation of Dr. Johnston, lurk near.

DR. JOHNSTON.

Member of the Royal College of Surgeons London graduate from one of the most eminent Colleges of the United States, and the greater part of whose life has been spent in the Hospitals of London, Paris, Philadelphia, and elsewhere, has effected some of the most astonishing cures that were ever known. Many troubled with ringing in the ears and head when asleep, great nervousness, being alarmed at sudden sounds, and bashfulness, with frequent blushing, attended sometimes with derangement of mind, were cured immediately.

A CERTAIN DISEASE.

When the misguided and imprudent votary of pleasure finds he has imbibed the seeds of this painful disease, it too often happens that anil-thrill sense of shame, or dread of discovery deters him from applying to those who, from education and respectability, can alone be friend him, delaying till the constitutional symptoms of this horrid disease make their appearance such as ulcerated sore throat, diseased nose, noctural pains in the head and limbs, dimness of sight, deafness, nodes on the shin bones and arms, blotches on the head, face and extremities, progressing with frightful rapidity, till at last the palate of the mouth or the bones of the nose fall in, and the victim of this awful disease becomes a horrid object of commiseration, till death puts a period to his dreadful sufferings, by sending him to "that bourne from whence no traveller returns." To such therefore Dr. Johnston pledges himself to preserve the most inviolable secrecy; and, from his extensive practice in the first Hospitals of Europe and America, he can confidently recommend a safe and speedy cure to the unfortunate victims of this horrid disease. It is a melancholy fact that thousands fall victims to this dreadful complaint, owing to the unskilfulness of ignorant pretenders, who, by the use of that deadly poison, mercury, ruin the constitution, and either send the unfortunate sufferer to an untimely grave, or else make the residue of life miserable.

TAKE PARTICULAR NOTICE.

Dr. J. addresses all those who have injured themselves by private and improper indulgences.

These are some of the sad and melancholy effects, produced by early habits of youth, viz:—Weakness of the Back and Limbs, Pains in the Head, Dimness of Sight, Loss of Muscular Power, Palpitation of the Heart, Dyspepsy, Nervous Irritability Derangement of the Digestive Functions, General Debility, Symptoms of Consumption, &c.

Mentally—The fearful effects on the mind are much to be dreaded; Loss of Memory, Confusion of Ideas, Depression of Spirits, Evil Forebodings, Aversion of Society, Self Distrust, Love of Solitude, Timidity, &c., are some of the evils produced.

Thousands of persons of all ages, can now judge what is the cause of their declining health. Losing their vigor, becoming weak, pale and emaciated, have a singular appearance about the eyes, cough and symptoms of consumption.

DR. JOHNSTON'S INVIGORATING REMEDY FOR ORGANIC WEAKNESS.

By this great and important remedy weakness of the organs are speedily cured and full vigor restored. Thousands of the most Nervous and Debilitated individuals who had lost all hope, have been immediately relieved. All those are literally overwhelmed with Physical or Mental Disqualifications, Nervous Irritability Tremblings and Weakness, or exhaustion of the most fearful kind, speedily cured by Dr. Johnston.

Young men who have injured themselves by a certain practice indulged in when alone—a habit frequently learned from evil companions, or at school, the effects of which are nightly felt, even when asleep, and if not cured, renders marriage impossible, and destroys both mind and body, should apply immediately.

What a pity that a young man, the hope of his country, and the darling of his parents, should be snatched from all prospects and enjoyments of life, by the consequences of deviating from the path of nature, and indulging in a certain secret habit.—Such persons, before contemplating

MARRIAGE,

Should reflect that a sound mind and body are the most necessary requisites to promote connubial happiness. Indeed, without these, the journey through life becomes a weary pilgrimage; the prospect hourly darkens to the view, the *mind* becomes shadowed with despair and filled with the melancholy reflection that the happiness of another becomes blighted with our own.

TAKE NOTICE.

It is with the greatest reluctance that Dr. JOHNSTON permits his cards to appear before the public, deeming it unprofessional so, a physician to advertise, but unless he fall into the hands of the many impudent and unlearned Impostors, with Immoderable False Names and confined Quackshops, swarming these large cities, copying Dr. Johnston's advertisements or advertising themselves as physicians, illiterate shallow-brained fellows, too lazy to work at their original trade, with scarce too ideas beyond the brute, who, for the purpose of Enticing and Deceiving Patients, under as many different Names, so that the afflicted Stranger may escape one, is sure to tumble headlong into the other. Ignorant and ruinous pretenders, flying certificates of great and sudden cures from persons not to be found, who by advertising large bottles of Liconice Water and other packages of filthy and worthless compounds, cunningly prepared to impose upon the unfortunate and unsuspecting. Trifling month after month, or as long as the small cost fee can be obtained, and, in despair, leaves you with ruined health, to sigh over your galling disappointment.

It is this motive that induces Dr. J. to advertise, for HE ALONE CAN CURE YOU. To those unacquainted with his reputation, he deems it necessary to say that his credentials or diplomas always hang in his office.
