ANTIPHLOGISTIC SALT

A PERFECT SUBSTITUTE
FOR THE LANCET, LEECHES AND BLISTERS
OF the intrinsic value, the enlightened commu
nity, and not the Discoverer, must be the

Judge, Many Medicines offered for sale are accompan ied by doubtful certificates, (their chief virtue,) and claim to be universal remedies, curing all maladies-a burlesque on common sense. As the discoverer of this Salt solemnly protests against having it placed in the category of frauds and impositions, he has resolved that it shall go forth to the world like the pure gold dollar, with no other passport than its own true value. If the public find it genuine they will receive it—if spurious, they will reject and condemn it. Instead a panager of the life of the control over the life to the control over the life to the control over the life of the life acea for all ills, it has control over out one ill—has but one aim and accomplishes but one thing, to wit: SURDURS INFLAMMATORY DISEASE—whatever beits form or locality—whether in the head, throat

chest, abdomen, extremities, or skin. "hen the discoverer, after a long series of laborious and costly experiments, became fully confirmed in his conviction that the Antiphiogistic Salt, which he now has the happiness to present to the

American public, was a

PERFECT SUBSTITUTE

For Blood-letting, Leeches and Blisters, his mind was so agitated that he could not sleep for many nights The cause of his agitation was the stri-king fact that the manner of its operation, like that of the virus in v ccination, could not be satisfactorily explained upon any known principle. How, in what way, it so effectually subdues inflammatory diseases, and no othero, was at first wholly inexpli cable—but, on further experiment, it was proved that by its power over the veins, arreries and glands, it equalizes the fluids of the body, the wantol an equilibrium in which, is the sole cause of inflammation. It exerts, like the vaccine mat er. an extraordinary influence over the circulation-refalting in a gradual decline of inflammation as indicated by the pulse, which soon resumes its nat-ural state, as the heat and pain disappear. Such is its potency, that like the virus just mentioned it requires what merely adheres to the point of a quill dipped into a solution of it, to affect the entire system—but must be instantly used to preven decomposition and secure its full virtue. Three uills in acute, and two in chronic disease, every 4 hours, till the heat and fever have subsided and perfect cure effected. When it takes the place of eeches, Stimulating Ointments and Blisters in ocal Inflammation, as Brain Fever, Croup, Toothche Pleurisy, &c., its mode of administration is wo-fold. (See directions for dissalving, etc.)

The peculiar excellence of this Sali is that ithout the useless loss of blood and strength, it flectually cures Inflammatory Diseases (no otheffectually cures Inflammatory Diseases (no others) by producing an equilibrium of all the fluids in the body and a consequent uninterrupted circulation. The following different forms which the unbalanced fluids assume, and many not here mentioned, that have more or less fever or pain, are as perfectly subdued by the Antiphlogistic Salt, as fire is extinguished by water.

1-Cases where the unbalanced fluid affects the Head and Throat—to wit: Brain Fever, Headache,

Fits, Inflamed Eyes, Ears and Nose. Canker, Neuralgia, Catarrh, Erysipelas, Bronchilis, &c.

2.—Cases where the unbalance Fuids affect the Chest and Abdomen—to wit: Picurisy, Asthma, Inflamed Lungs and Liver, Colic, Heartburn Coughs, Dyspepsia, Gravel, Gonorrohea, Venere,

3-Cases where the unbalanced fluids affect the Extremities and Skin-to wii: Rheumatism, Gout, Scrofula, Ulcers. Chicken and Small Pox, Salt Rheum, and all Itching and other tutaneous Eruptions,
This Sait greatly alleviates the Inflammatory Pains peculiar to married ladies, (before and at the

Although 30 days have not clapsed since this New Medical Agent became partially known to the citizens of Boston and a few neighboring towns, yet such have been the results of its trial that during the past week nearly 400 packages were sold in this city and orders received by mail and express for 163 Family 347 Chronic, and 385 Acute Packages. The medicines are pleasant without odor, causing no sickness, and free from mercury or balsam. During twenty years of practice, I have rescued from the jaws of Death, many thousands. who, in the last stages of the above mentioned disease had been given up to die by their physi cians, which warrants me in promising to the afficted, who may place themselves under my care a perfect and most speedy cure. Secret diseases are the greatest enemies to health, as they are the first cause of consumption, Scrolula and many other diserses, and should be a terror to the human family, as a permanent cure is scarcely ever effected, a majority of the cases falling into, the hands of incompetent persons, who not noly ail to cure the diseases but ruin the constitution fillng the system with mercury, which with the isease, hastens the sufferer into rapid consump-

But should the disease and the treatment not cause death speedily and the victim marries, the disease is entailed upon the children, who are born with feeble constitutions, and the current of life corrupted by a virus which betrays itself in Scrofula, Tetter, Ulcers, Eruptions and other affoctions of the skin, Eyes, Throat and Lungs, entailing upon them a brief existence of suffering and consigning them to an early grave.

SELF ABUSE is another formidable enemy to health for pothing also in the dead extenses of

With the ullest confidence I assure the unfortunate victims of Self-Abuse that a permanent and specily cure, can be effected, and with the abandonment of ruinous practices, my patients can be restored robust, vigorous health.

The afflicted are cautioned against the use of Patent Medicines, for there are so many ingenious snares in the columns of the public prints to eatch and rob the unwary sufferers, that millions have their constitutions ruined by the vise compounds of quack doctors or the equally poisonous nostrums vended as "Patent Medicines." carefully analyzed many of the so-called Patent Medicines and find that nearly all of them contain Corrosive Sublimate, which is one of the strong est preparations of mercury, and a deadly poison which instead of curing the disease, disables the stem for life.

Three fourths of the patent nostrums now in e are put up by unprincipled and ignorat persons who do not understand even the alphabet of the materia medica, and are equally as destitute of any krowledge of the human system, having one object only in view, and that to make money reardless of consequences.
