We appeal to every reader of the ROANOKE BEACON, to aid us in making it an acceptable and profitable medium of news to our citizens. Let Plymouth people and the public know what is going on in Plymouth. Report to us all items of news—the arrival and departure of friends, social events, deaths, serious illnesses, accidents, new buildings, new enterprises and improvements of whatever character. Changes in business—indeed anything and everything that would be of interest to our people.

FRIDAY, APRIL 21, 1893.

An influential citizen remarked to us this week that Plymouth must have a cotton factory and that he wanted THE BEACON to co-operate in its establishment.

We do not say that she must have a cotton factory, but we do say that Plymouth needs such a thing and we will do all we can for it. Plymouth is a most desirable location for factories because our rail road and water transportation is unexcelled by any town in this section. A cotton factory here where the raw material is grown, should pay well, both the manufacturer and producer, and all that is necessary for its establishment is to awaken our citizens from their slowness of action.

THE BEACON has given from time to time many reasons why Plymouth should be a great manufacturing town. We are here in a country, so rich in the raw materials, such as cotton, wheat, rice, fruits, vegetables and woods, and yet not a factory is seen. These products are grown on our soil, used by our people, yet they are shipped to other more progressive States to be manufactured.

Our people complain of dull times when nature is doing more for us than any people on the face of the earth. If we had a cotton factory, a flour factory, a canning factory, a rice mill and a bucket and tub factory here at home would there be any difference in our financial condition? We believe there would, and it is our purpose to show in our next issue where the difference would be.

The more Chamberlain's Cough Remedy is used the better it is liked. We know of no other remedy that always gives satisfaction. It is good when you first catch cold. It is good when your cough is settled and your lungs are sore. It is good in any kind of a cough. We have sold twenty-five boxes of it and every bottle has given satisfaction. C., that the barge hotel near Capehart's fishery, "The Dakenfield House," caught fire Sunday about midnight and was completely destroyed, together with its contents, including the baggage of a number of guests. The loss is about \$4500. The fire is supposed to have originated from the fire in the kitchen. No insurance.

My wife was confined to her bed for over two months with a very severe attack of rheumatism. We could get nothing that would afford her any relief, and as a last resort gave Chamberlain's Pain Balm a trial. To our great surprise she began to improve after the first application, and by using it regularly she was soon able to get up and attend to her house work. E. H. Johnson, Dr. J. H. Vinton & Co., K. The remains of Mr. Richard Goodman was brought over from Edenton on Saturday and buried in Hebron church yard. Catarrh, Heart Failure, Paralysis of the Throat

"I Thank God and Hood's Sarsaparilla for Perfect Health."

"Gentlemen: For the benefit of suffering humanity I wish to state a few facts: For several years I have suffered from catarrh and heart failure, getting so bad I could not work and could scarcely walk."

I had a very bad spell of paralysis of the throat some time ago. My throat seemed closed and I could not swallow. The doctors said it was caused by heart failure, and gave medicine, which I took according to directions, but it did not seem to do me any good. My wife urged me to try Hood's Sarsaparilla, telling me of Mr. Joseph C. Smith, who had been cured.

At Death's Door but was entirely cured by Hood's Sarsaparilla. After talking with Mr. Smith, I concluded to try Hood's Sarsaparilla. When I had taken two bottles I felt very much better. I have continued taking it, and am now feeling excellent. I thank God, and

and my wife for my restoration to health. HOOD'S SARSAPARILLA, LACEYVILLE, O.
