WILL THEY BOND?

SINCE the election the question has often been asked, will the county officers elect give bond? This question will be answered next Monday, at which time the bonds will be presented to the County Commissioners, who will pass upon them.

If the bonds offered are good for their face value according to the tax listed worth of the individual bondsmen, then according to law the Commissioners are going to accept them, but it is the duty of the Board of Commissioners to investigate thoroughly each of the bonds presented and if there is sufficient cause, the bonds must be refused, for the welfare of our county is at stake, and to accept anything less than a justified bond might get the Honorable Board into trouble. The impression that has been made on some Republicans is that the Commissioners will not accept a Republican's bond, no matter how good. This is a false impression, and men who talk such nonsense slander the Board of Commissioners. The Commissioners must demand sufficient

from any party, and are liable to rejection if they fail to get good bonds, so this fact ought to settle the question.

We believe the Commissioners are going to deal fairly with the men elected. We also know they must deal fairly with the people they represent. We are not in favor of trying to keep Republicans from bonding, but we are in favor of seeing them bond within their own party. We are told that there are Democrats on the bonds to be offered here next Monday by Republicans. We don't believe it. It may turn out that some man who has voted the Democratic ticket is on the bonds, but he is no longer a Democrat. A Democrat will not vote against a Republican and then put him in office. If there are any professed Democrats on Republican bonds, such men should never be recognized as Democrats again, for they are not.

THE fact that colored Democrats are being abused by Republicans of the same race ought to make the white Democrats aid the colored Democrats and refuse to aid those who abuse them.

THE question as to who has been elected Governor in Tennessee has not yet been settled. Some claim Peter Furney, Dem., and others H. C. Evans, Rep.

CONGRESS meets next Monday. Just what it will do, or will not do, remains to be seen. It ought to do its best under the circumstances.

For pain in the side or chest there is nothing so good as a piece of Chamberlain's Pain Balm and bound on over the seat of pain. It affords prompt and permanent relief and if used in time will often prevent a cold from resulting in pneumonia. This same treatment is a sure cure for lame back. For sale by Plymouth Drug Co. 1m

WHERE THE WOMEN VOTE.

FEMALE SUFFRAGE EXTENDS OVER A LARGE TERRITORY.

Chicago Tribune.

In Great Britain women vote for all elective officers except members of Parliament.

In France the women teachers elect women members on all boards of education.

In Sweden women vote for all elective officers except representatives; also, indirectly for members of the House of Lords.

In Norway they have school suffrage.

In Ireland the women vote for the harbor boards and poor law guardians, and in Belfast for municipal officers.

In Russia women householders vote for all elective officers and on all local matters.

In Finland they vote for all elective officers.

In Austria Hungary they vote by proxy for all elective officers.

In Croatia and Dalmatia they have the privilege of doing so in local elections in person.

In Italy widows vote for members of Parliament.

In the Madras Presidency and the Bombay Presidency (Hindustan) the women exercise the right of suffrage in all municipalities.

In all the countries of Russian Asia they can do so wherever a Russian colony settles. The Russians are colonizing the whole of their vast Asian possessions and carrying with them everywhere "mir," or self governing villages, wherein women who are heads of households are permitted to vote.

Women have municipal suffrage in Cape Colony, which rules a million square miles.

Municipal woman suffrage rule in New Zealand, and, I think, at Parliament elections.

Iceland, in the North Atlantic, the Isle of Man, between England and Ireland and Pitcairn Island, in the South Pacific, have full woman suffrage.

In the Dominion of Canada women have municipal suffrage in every province, and also in the Northwest Territories. In Ontario they vote for all elective officers, except in the election of members of the Legislature and Parliament.

In the United States 29 States and Territories have given women some form of suffrage.

School suffrage in various degrees is granted to women in Arizona, Colorado, Connecticut, Delaware, Idaho, Indiana, Kansas, Kentucky, Massachusetts, Michigan, Minnesota, Nebraska, New Hampshire, New Jersey, New York, North Dakota, Oregon, South Dakota, Texas, Vermont and Wisconsin.

In Arkansas and Missouri women vote by petition on liquor license in many cases.

In Delaware suffrage is exercised by women in several municipalities.

In Kansas they have equal suffrage with men at all municipal elections. About 50,000 women voted in 1890.

In Montana they vote on all local taxation.

In New York they can and do vote at school elections. The question of the law is still undecided. They vote also in many places in the State on local improvements, such as gas and electric street lighting, paving, sewerage and municipal bonds.

In Utah women voted until disfranchised by the Edmunds law, when they promptly organized to demand its repeal.

In Pennsylvania a law was passed in 1889 under which women vote on local improvements by signing or refusing to sign petitions therefor.

In Wyoming women have voted on the same terms with men since 1870. The convention in 1880 to form a State constitution unanimously inserted a provision securing them full suffrage. This constitution was ratified by the voters at a special election by about three-fourths majority. Congress refused to require the disfranchisement of women and admitted the State July 10, 1890.

And let it not be forgotten that in the Senate of the United States, February 7, 1880, a select committee reported in favor of amending the Federal constitution so as to forbid States to make sex a cause of disfranchisement. Congress adjourned, however, March following without reaching the subject.

Henry Wilson, the postmaster at Welton, Florida, says he cured a case of diarrhea of long standing in six hours, with one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. What a pleasant surprise that must have been to the sufferer. Such cures are not unusual with this remedy. In many instances only one or two doses are required to give permanent relief. It can always be depended upon. When reduced with water it is pleasant to take. For sale by Plymouth Drug Co. 1m

After the Grip

Relief from Hood's Sarsaparilla Wonderful and Permanent.

"C. J. Hood & Co., Lowell, Mass."

"I had kidney trouble and severe pains in my back, which was brought about by a cold contracted while in camp at Lincolnton in 1882. I have been troubled more or less since that time and have been unable to do any heavy work, much less any lifting. I received only temporary relief from medicines. Last spring I had an attack of the grip, which left me with

A Bad Cough, Very Weak physically, in fact my system was completely run down. I tried a bottle of Hood's Sarsaparilla and it made me feel so much better that I continued taking it, and have taken six bottles. It has done wonders for me, as I have not been so free from my old pains and troubles since the
