DEMOCRATIC TICKET.

For Judge-First District-Geo. H. Brown, of Beaufort. For Solicitor-First District-Geo.

W. Ward, of Pasquotank.

For Congress-First District-Jno. II. Small, of Beaufort.,

For State Senato-Second District fasion in State affairs. -H. S. Ward, of Washington, J. W.-Miller, of Pamlico.

In his speech of acceptance before the Senatorial Convention last week, Mr. H. S. Ward hit the truth square in the face when he said that No man who voted for Wm. Jennings Bryan could abuse the Populists. That's no joke. The masses of the Populist party are as much disgusted with the result of fusion as the Democrats are, and if all indications do not fail, there will be a mighty change in November.

....

FROM every point in the District comes the news that the Senatorial ticket nominated by the Democrats here last week is a strong one.

Ward and Miller, the candidates, are a strong team and will give the District a thorough canvass, meeting their opponents at every point in a joint discussion, if possible.

WHERE DO YOU STAND?

The farmer who has left the Democratic party and joined the Populist because he believed that through the latter he would be materially benefitted, and also that certain political abuses which he considered be abolished, this Populist farmer should now take a careful and conscientions view of his position and see how and where he

stands today. Why the Populist farmer should especially consider his political standing just now is due to the fact that an important State election is to be held in November, and that farmer ought to intelligently consider all the points bearing upon his condition, material and political, and see

whether his change from Democrat to Populist, has met his hopes and expectations, or whether the change has been to his disadvantage.

Leaving out the question of office holding, for the farmer has not changed his political party for the sake of getting an office, the first point is, how has the farmer been materially benefitted ?

The Republican-Populist party promised the farmer that his taxes would be lighter, yet the published reports of the board of equalization show that this fusion party, which preached Democratic extravagance, has been unable to carry on the State government without raising more taxes, and the only class which has been taxed to

pay this extra amount is the farmer. Therefore, the farmer can see that materially fusion government has made his living higher, by extra taxation. This, extra tax raised at the farmer's ex-

pense ought to show the Populist farmer that financial reform has not come through

On the issue of silver, the Populist farmer will see that his new party leaders, while preaching silver, and a coinage of 16

to 1, have ever sought to cooperate with Republicans, who have contended for the gold standard.

In the matter of county government the Populist farmer of castern North Carolina finds himself subject to the negro, in whose control most of the county matters are given by those who told the farmer that the Populist party would give him just what he needed.

Thus the Populist farmer finds that in every particular he has been deceived.

His taxes are higher, and he is made to pay the extra cost of the State government. His State's public affairs are scandalized

in nearly every institution and department.

His county affairs are placed in the hands of the negro, and the negro is thus given a position by which he may force himself socially upon the white man, and as an official can subject the farmer to indignities

The Populist farmer does not need to study very much to find that the grossest deception has been practiced and that his present and inture weltare depends upon

NOTE THIS.

About the 10th of September, we propose to issue a large campaign paper, fully illustrated, and containing a complete review of negro rule in North Carolina and of the in existence under Democratic rule would maladministration of public affairs under the present regime. It will be the strongest paper ever

issued in the advocacy of White Man's Government.

There will be 50,000 copies issued, allowing an average of 500 to each county; and they will be sent directly to the County Chairman for distribution.

The Chairman of each county is requested to begin at once and procure the names of 500 voters to whom they will send these papers ; and he is further requested to prepare in advance the stamped wrappers and have everything in readiness to send the papers out. The cost will be small to each county and the money should be raised at once to pay this postage. It is suggested that Democrats in every township shall send at once a list of names to the County Chairmen. Capt. S. A. Ashe will assist in preparing this paper. F. M. SIMMONS,

Chairman.

DO YOU REMEMBER?

Do you remember when the leaves were fading,

Dropping like golden rain (Your azure eyes knew naught of sorrow's shading,

Nor any tinge of pain) We walked beneath the trees, the moon

Just showing us their inner, silver lining, Do you remember, love ?

Do you remember when the birds were calling. Sadly from naked boughs?

And softly, silently the turf was falling, On furrows made by ploughs? And when the plumage of the angels whitened Both field and river shore I felt your fingers round mine own were tightened As if to part no more. And just to think the year is not yet vanished And we are fat apart Like two lost souls from Love's sweet Eden banished Sent forth with pierced heart ! He, like the masses of that party, believed that the only hope of reform was in the overthrow of the Democratic party, but after two years he saw his mistake; he saw that the new party had met its fate, that by its leaders the party had been sold out, and that instead of giving relief to the downtrodden farmer, it had given life to Republicanism and made matters worse, and when his party fused and his leaders elected Goldbug Pritchard to the is elected.
