WITH Harry Skinner, an administration-goldbag-Populist, as a fusion candidate for Congress, and H. E. Hodges, a Pritchard-goldbug-Populist, as fusion candidate for the State Senate, the good, honest Populists who want free silver legisla- tween the upper and nother mill stone. tion, are being imposed on by their leaders. But it is principle they are after, hence they find happy consolation in the fact that the Democrats have placed men in the field who represent the principles they represent, namely: Jno. H. Small for Congress, and J. W. Miller and H. S. Ward for the Senate.

MR. H. S. WARD, the Democratic candidate for the Senate, is the only heard so far, come squarely, flatly most vital questions in North Caro- Just as Mr. Strowd and Mr. Kitchen voted hna politics ; the education of each

THE News and Observer of the 25th gives a cartoon of the political swordsmen of the 1st District, Small and Skinner. Skinner is represented as wearing a gold belt and using the sword of negro rule, while Small is sporting a silver belt and is wielding the sword of white rule.

Small represents that class of people, of all parties, who desire good government, free silver and prosperity, while Skinner represents the pie hunters, gold bugs and trusts.

In its editorial comment of these two candidates that paper says :

"The contest in the First Congressional district is the most interesting one in the State. It is much more than a contest between parties, and is being waged on a higher plane. It is virtually to test whether the people of that district desire to be represented in Congress by a man who professes to be a Populist but who was expelied from the party in Raleigh, in January 1897, and afterwards refused admission to the Populist caucus of members of Congress in Washington. He not only visited Raleigh during the Legislature and induced nineteen Populists to vote to elect Pritchard to the Senate, but became the agent of a great political corporation to defeat a plank in the Populist platform, and since the inauguration of McKinley has dispensed Republican patronage in his district. Is anything wanting to suit the Republicans except that he does not openly advocate

their platform ? With this record Colonel Skinner secured a re-nomination by means of the active work of the so called Populists who had been appointed to Federal positions through his influence, but there was a bolt from the convention and a thunder of repudiation from silver Populists all over the district. Of course the Republican machine endorsed

his candidacy, but there is a mighty revolt in the ranks of that party against voting for a man who, while doing their bidding, in most matters, is using the party only for his personal elevation. The reports all agree that he will lose heavily from the Populists because he is virtually a Republican, and from the Republicans because they regard him as a straddler and trickster. He is be-

Against Col. Skinner and his zig zag record, the Democrats have wisely chosen as their candidate, Mr. John H. Small, of Beaufort county, who has never held public office, and who has all along been a pronounced advocate of the free coinage of silver and the kindred reforms which have come to be embraced in the term "Bryanism " Mr. Small has been making a popular campaign, and the Populists by the score have publicly declared it to be their intention to support him. Indeed, with only two candidates in the field, the Populist who believes in the original principles of his party is forced to oppose Col. Skinone of the campaigners that we have ner, and as Mr. Small stands for the main reforms they advocate, he is the fit can'liand positively out on one of the date for them, as well as for the Democrats

The Packers at the Battle of Santiago de Cuba were all Heroes. Their Heroic Efforts in Getting Ammunition and Rations to the Front Saved the Day.

P. E. BUTLER, of pack-train No. 3, wri-ting from Santiago, De Cuba, on July 23d, says: "We all bad diarrhoea in more or less violent form, and when we landed we had no time to see a doctor, for it was a case of rush and rush night and day to keep the troops supplied with ammunition and rations, but thanks to Chamberlain's Colic, Cholera and Diarrhoea Remedy, we were able to keep at work and keep our health; in fact, I sincerely believe that at one critical time this medicine was the indirect saviour of our army, for if the packers had been unable to work there would have been no way of getting supplies to the front. There were no roads that a wagon train could use. My comrade and myself had the good fortune to lay in a supply of this medicine for our pack-train before we left Tampa, and I know in four cases it absolutely saved life."

THE Journal of the House of Representatives, Session 1897, at page 567 (Wednesday Feb. 17, 1897) shows that Mr. H. E. Hodges, of Beaufort county, then a member of her wisdom, the House from that county, now the Populist nominee for the Senate 66 in this District, voted against the bills Nos. 311, to reduce and regulate railroad passenger and freight rates, also against bill No. 856 to prohibit free passes, also against bill No. 857 to elect Railroad Commissioners by the people.

The Caucasian, Feb. 25, '97 has very easy to make professions of devotion to the people on a campaign. The test is when measures affecting the people are up and the lobbies are filled with corporation agents and the people are far away. The bill to reduce the present high passenger and freight rates, telegraph and telephone charges, failed by one vote. On each man of the majority rests the responsibility of not reducing these burdens, for a vote to reduce any one of them would have carried the day for the people. In the House those voting on the people's side were, \* \* \* While those whose votes sustained the present exorbitant rates and corporation salaries, vere Messrs. Hodges and others."
