The State Journal, a Republican organ, has been revived in Raleigh by Mr. J. M. Allen. He announces that he will support the amendment because the motto of his paper is "White Supremacy administered by Republicans." Giving the reasons why it will support the amendment, the Journal says:

"As a Western Republican, we came to Raleigh in 1897 to accept a position under the fusion administration. We have had an opportunity to observe and study eastern conditions and have become convinced that there is something radically wrong in the East. While the Amendment may not cure all our ills, it heads in the right direction and will improve present conditions.

"As a life-long Republican, we take this course, believing it to be for the best interest of the white people of North Carolina and at the same time will elevate and improve the negro race. We take this position as a Republican who has always supported the Republican ticket and expects to continue to do so, and believe it the duty of every true Republican in the State to do the same. We want to see conditions such that men can meet each other as gentlemen and discuss great economic questions with respect and

white supremacy in North Carolina first, remove the danger and then battle for white Republican rule.

"We shall continue to support the Republican ticket and defend Republican principles, but on the race question we promise to stand by our own race.

"We propose to stand by our own race" is a good motto, and there are many white Republicans who will act upon it during this campaign. The overshadowing question is White Supremacy vs. Negro Rule. "Under which king, Benzonian?"

**ROBBED THE GRAVE.**

A startling incident, of which Mr. John Oliver of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately a friend advised trying 'Electric Bitters,' and to my great joy and surprise the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50c., guaranteed, at Plymouth Drug Co.

**DEMOCRATIC PLATFORM.**

ADOPTED BY THE STATE CONVENTION.

Below we give the platform adopted by the Democratic State Convention. Following it will also be found a list of the delegates to the National Convention and a list of the members of the State Executive Committee.

**THE PLATFORM.**

The Democratic party of North Carolina in convention assembled in Raleigh, N. C., on this day, April 11, 1900, do hereby approve, endorse and ratify the principles enunciated and set forth in the National Democratic Party adopted at Chicago in 1890.

We denounce the tariff legislation of the Republican party which has increased the burdens of taxation upon the consumers and increased the powers of trusts and monopolies to rob the people. Believing that under our present method of Federal taxation more than three-fourths of our National revenues are paid by people owning less than one-fourth of the property of the country, we protest against such unequal and unjust taxation, and in order to remedy to some extent this great wrong we favor an income tax and favor all constitutional methods to sustain it.

We denounce the Republican party for its passage of the recent legislation by which the gold standard has been fixed upon our people.

We denounce the policy of the Republican party for its legislation by which the people in territory acquired by the United States are taxed without representation and deprived of the protection afforded by the principal that the Constitution follows the flag.

We are in favor of peaceful commercial expansion, but denounce imperialism and militarism.

We cordially invite all voters, without regard to past political affiliations, to unite with us in the support of our candidates for Congress who favor the principles of the Chicago platform.

We admire the heroism and ability with which the Hon. William Jennings Bryan has defended the principles of the Democratic party, and hereby instruct the delegation from this State to the National Democratic convention to vote for his renomination as a candidate for the Presidency.

We denounce the administration of the Republican party in North Carolina by which negroes were placed in high and responsible official positions which ought to have been filled by white people.

We approve of the passage of the act of the Legislature of 1899 to prevent the removal of suit by foreign corporations from the State to the Federal Courts.

We commend the Legislature for the passage of the Election Law of 1899.

We favor a government of the people, by the people and for the people, economy in expenditures and the abolition of unnecessary offices.

We heartily commend the action of the General Assembly of 1899 for appropriating One Hundred Thousand Dollars for the benefit of Public Schools of the State, and pledge ourselves to increase the school fund so as to make at least a four month term in each year in every school district in the State.

We point with pride to the record of the Democratic party in the building and management of the institutions for the care of the unfortunate insane, and pledge the party to so increase the appropriations for this purpose as that every needy insane person in the State may be cared for at public expense.

We approve of the passage of the Corporation Commission Act by the last legislature, and of the administration of the affairs of Commission, by which fair rates have been secured which are more just to the people and to the transportation and transmission corporations, and such assessment of railroad property as will make it bear its fair proportion of the burdens of taxation.

We condemn free passes. We denounce all trusts, monopolies and trade combinations, and demand the passage of such legislation. State or National, as will suppress the same.

We favor the election of United States Senators by the people.

We favor the enactment of laws by the next General Assembly providing for the holding primary elections for the nomination of State and county and Congressional officers.

We hereby instruct the State Executive Committee to make provision for the holding of a primary on the first Tuesday of next November for the selection of a United States Senator by the Democratic voters of this State.

We hereby instruct the State Executive Committee to make provision for the holding of a primary on the first Tuesday of next November for the selection of a United States Senator by the Democratic voters of this State.

majority of the votes so cast shall receive the support of the Democratic members of the Legislature.

Provided that if any third candidate shall receive at the first primary, so held, within 2 500 votes of the second highest candidate, then in that event the three candidates shall be balloted for at the second primary, and the one of the three receiving the highest number of votes, shall receive the support of the Democratic members of the Legislature for United States Senator.

We heartily approve of the action of the last Legislature in submitting the Constitutional Amendment to the people, and we urge its adoption, because it will promote the peace, the prosperity, the happiness of the people of North Carolina.
