The following is the amendment to article 6 of the State constitution, adopted by the General Assembly of 1899, and to be submitted to the voters for ratification next August:

Section 1. That article VI of the constitution of North Carolina be and the same is hereby abrogated and in lieu thereof shall be substituted the following article of said constitution:

ARTICLE VI.

SUFFRAGE AND ELIGIBILITY TO OFFICE—QUALIFICATIONS OF AN ELECTOR.

Section 1. Every male person born in the United States, and every male person who has been naturalized, twenty-one years of age, and possessing the qualifications set out in this article, shall be entitled to vote at any election by the people in the State, except as herein otherwise provided.

Sec. 2. He shall have resided in the State of North Carolina for two years, in the county six months, and in the precinct, ward or other election district in which he offers to vote, four months next preceding the election; Provided, That removal from one precinct, ward or other election district to another in the same county, shall not operate to deprive any person of the right to vote in the precinct, ward or other election district from which he has removed, until four months after such removal. No person who has been convicted, or who has confessed his guilt in open court upon indictment of any crime the punishment of which is, or may hereafter be, imprisonment in the State prison, shall be permitted to vote, unless the said person shall be first restored to citizenship in the manner prescribed by law.

Sec. 3. Every person offering to vote shall be at the time a legally registered voter as herein prescribed and in the manner hereinafter provided by law, and the General Assembly of North Carolina shall enact general registration laws to carry into effect the provisions of this article.

Sec. 4. Every person presenting himself for registration shall be able to read and write any section of the constitution in the English language; and, before he shall be entitled to vote, have paid on or before the first day of March of the year in which he proposes to vote, his poll tax as prescribed by law, for the previous year. Poll taxes shall be a lien only on assessed property, and no process shall issue to enforce the collection of the same except against assessed property.

Sec. 5. No male person who was, on January 1, 1867, or at any time prior thereto, entitled to vote under the laws of any State in the United States wherein he then resided, and no lineal descendant of any such person, shall be denied the right to register and vote at any election in this State by reason of his failure to possess the educational qualifications prescribed in section 4 of this article; Provided, he shall have registered in accordance with the terms of this section prior to December 1, 1900. The General Assembly shall provide for a permanent record of all persons who register under this section on or before November 1, 1900, and all such persons shall be entitled to register and vote at all elections by the people in this State, unless disqualified under section 2 of this article; Provided, such persons shall have paid their poll tax as required by law.

Sec. 6. All elections by the people shall be by ballot, and all elections by the General Assembly shall be viva voce.

Sec. 7. Every voter in North Carolina, except as in this article otherwise provided, shall be eligible to office, but before entering upon the duties of the office he shall take and subscribe the following oath: "I do solemnly swear (or affirm) that I will support and maintain the constitution and laws of the United States, and the constitution and laws of North Carolina not inconsistent therewith, and that I will faithfully discharge the duties of my office as ——— So help me, God."

Sec. 8. The following classes of persons shall be disqualified for office: First, all persons who shall deny the being of Almighty God. Second, all persons who shall have been convicted or confessed their guilt on indictment pending, and whether sentenced or not, under judgment suspended, of any treason or felony, or any other crime for which the punishment may be imprisonment in the penitentiary, since becoming citizens of the United States, or corruption and malpractice in office, unless such person shall be restored to the rights of citizenship in a manner prescribed by law.

Sec. 9. This act shall be in force from and after its ratification.

HIS LIFE WAS SAVED.

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken with Typhoid Fever, that ran into Pneumonia. My lungs became hardened. I was so weak I couldn't sit up in bed. Nothing helped me. I expected to soon die of Consumption, when I heard of Dr. King's new Discovery. One bottle gave great relief. I continued to use it, and now am well and strong. I can't say too much in its praise." This marvelous medicine is the sweetest and quickest cure in the world for all Throat and Lung Trouble. Regular size 50 cents and \$1.00. Trial bottles free at Plymouth Drug Co., every bottle guaranteed.

The only spot on the globe where negroes, either directly or indirectly, either by themselves or in union with a few renegade whites, assume to govern the white race is North Carolina.

Throughout the entire North and West there are only a few negro voters, no negro officers. The negro cuts no figure. Throughout the South wherever the negro is present in large numbers he is disfranchised by law, by force, and by management. The negro has no voice in the government of Texas, Louisiana, Mississippi, Alabama, Georgia or North Carolina.

A negro has no more political power in Canada, Australia, Great Britain, Germany, Russia, indeed anywhere in Europe, or even in Austria, than a steer.

Even in Africa, the home of the negro, where he might be supposed to have political rights, if anywhere—even in Africa the negro is a perfect nobody. All the world is looking on while the English and the Boers are fighting over the country which belongs to the negro, but nobody seems to care a rap about the negro, who is being robbed of his land.

In the District of Columbia the negro is disfranchised absolutely by a Republican Congress. In Hawaii, in Porto Rico, in Cuba, in the Philippines the white Yankees and white Southerners have run over negroes like sheep by act of a Republican Congress, directed by a Republican President, paid for with Republican gold currency, officered by old Confederates as well as Yankee generals.

Does anybody suppose that the white men of North Carolina are fools enough and cowardly enough to stand still and submit to negro domination, when all the rest of the world is governing the negro? Manhood demands the adoption of our Constitutional Amendment.—News and Observer

ANY one who will read a certified copy of the proposed amendment and then say it will disfranchise the poor white men, prefers to lie rather than tell the truth. That's all there is in it.

THE opponents of the proposed suffrage amendment have all along been declaring that should the "grandfather" clause be declared unconstitutional, the rest of the amendment will stand, thus placing the illiterate white man on the same plane with the illiterate negro. To remove beyond a shadow of a doubt the mere possibility of such a thing, the legislature at the adjourned session in June will add another clause to the amendment declaring that should any section of the proposed amendment be declared unconstitutional and fall that the whole must fall also.

So that the people when voting for the amendment, after this section is added, will themselves say to the courts that it is their will and intention, in adopting the amendment, that it shall either stand as a whole or fall as a whole. This additional section being adopted thereby becomes a part of the constitution and cannot be disregarded by the supreme court.

The people clearly have a right to say in voting on the amendment whether or not they wish it as a whole or as a part, and the court cannot disregard their wish thus expressed.
