LET'S take the suggestion of Mr. Thos. W. Blount, (to be found in another column) as a call to all patrons of the public schools, and meet at our respective school-houses at 2 o'clock, p. m., on Saturday July 6th, and talk over the questions of a County Superintendent of Public Instruction, district and township committees, etc., and nominate delegates to appear before the County Board of Education on the following Monday.

The patrons of the public schools should take this matter in hand at once, and see that patrons of said schools are appointed as committee-men, and no man should be allowed to serve who has any reasons for employing a teacher other than for the best interest of the pupils.

Story of a Slave.

To be bound hand and foot for years by the chains of slavery is the worst form of slavery. George D. Williams, of Manchester, Mich., tells how such a slave was made free. He says: "My wife has been no help for five years that she could not turn over in bed alone. After using two bottles of Electric Bitters, she is wonderfully improved and able to do her own work."

Ed. BEACON:—I have had considerable apprehension that the delay on the part of the State Printer causing the Auditor to fail to make an earlier distribution of the new pension act would result in the loss of pensions to some of our Confederate veterans in this county.

This would be a misfortune which I should regret beyond expression and write this to ask you to give publication to the fact that all who desire pensions from the State for services rendered the Confederacy are required to be present or be represented before the Board of Advertisers on the 1st Monday in July.

I was requested by Mr. Blount, on account of my location at the Court House, to give this matter earlier attention, and but for my absence from home, would have made publication in your last issue. We both feel that on account of the fact that the change was made by the last session we ought to interest ourselves in bringing it to the notice of all the members of that brave, heroic army in this county, in whose interest the act was passed.

It will be seen that the allowance is largely increased, and it is much to be hoped that the deserving ones in this county will find substantial aid. They deserve it. Let none be denied who can prove worthy from their wounds. They are as much heroes to-day as when the fields of the Wilderness were strewn with the dead soldiers of Hooker, and the valley of the Shenandoah was covered with the lifeless troopers of Milroy, when the Happanooch ran red with Yankee blood drawn by balls and sabres numbering five to two in favor of Burnside, when historic Fredricksburg rang peals from Marie's bloody heights over the graves of sixty thousand Yankees that fell before numbers of one to two in their favor. But I didn't start out to recur to these days, only to make a publication of a simple but important fact.

I earnestly hope every citizen who reads THE BEACON this week will try to get news of the requirement to every Confederate pensioner in the county before Monday, or their pensions may be lost.

Yours truly, H. S. WARD.

P. S. The act applies also to those pensioned by special act.

Mr. W. S. Whedon, Cashier of the First National Bank of Winter, Iowa, in a recent letter, gives some experience with a carpenter in his employ, that will be of value to other mechanics. He says: "I had a carpenter working for me who was obliged to stop work for several days on account of being troubled with diarrhea. I mentioned to him that I had been similarly troubled and that Chamberlain's Colic, Cholera and Diarrhoea Remedy had cured me. He bought a bottle of it from the druggist there and in a few days he was cured. For sale by Plymouth Drug Co., Roper Store Co."

A TIMELY LETTER.

ROPER, N. C., June 24, 1901.

To THE EDITOR: Will you allow me space in your valuable paper to call attention to a few important facts that do not receive the publicity they are entitled to?

First, The act of the General Assembly ratified March 2nd, 1901, provides, "That all persons entitled to pensions under this act, whether drawing pensions heretofore or not, shall appear before the County Board of Pensions on or before the first Monday in July, nineteen hundred and one, for examination and classification." Such as are unable to attend shall present a certificate from a credible physician. Soldiers and sailors, or the widows of either, when married prior to April 1st, 1865, who do not apply on this last day can't get relief no matter how meritorious their claims. Go at once to the Clerk of the Superior Court, and make out your papers, and have them ready when the board meets. Persons drawing a pension from another State, or from the United States, are not included in this act.

Second, On the second Monday in July, 1901, the County Board of Education will elect a County Superintendent of Public Instruction; a Committee for every school district in the county, decide whether or not there shall be a separate committee for each district, or only one committee for each township.

The office of County Superintendent of Public Instruction is the most important one in the county, and receives no attention by any one save a few candidates. We want the best, the ablest educator in the county in this position. A man whose whole soul is in the advancement, and the upbuilding of our public schools. We want for committee-men, persons who have the interest of the children of their respective communities at heart. Men who will give a little of their time to seeing that the duties of their office are properly discharged. Such as providing comfortable school-houses, suitable seats, stoves, and fuel, and last but by no means least, that an abundant supply of wholesome drinking water is provided. Above all men who have no private axe to grind.

Now in order that definite action may be taken I would suggest that the patrons of the public schools in this county meet at their respective public school-houses on Saturday, July 6th, at 3 o'clock, for the purpose of nominating a district committee, a County Superintendent of Public Instruction, take a vote on the question of whether they desire district, or township committees, and elect their delegates to represent them before the county board on the following Monday.

I am sure the gentlemen composing the County Board will be glad to have your advice and assistance in these important matters, for then they run no risk of making a mistake.

Let the people of our good old county start now with the determination of making the next two years record breakers in the matter of improvement in public schools. Let better managed schools, better teachers, better schools, and longer terms, with a FULL ATTENDANCE, be the watchwords for the next years and our educational interest will go forward with a bound.

NOTICE TO PENSIONERS.

In accordance with an act of the last General Assembly, all persons now on the Confederate pension list, either soldiers, or widows of soldiers, will be required to make new application before the County Board of Pensions at the Court House in Plymouth, on the first Monday in July, 1901. All such as are unable to attend in person, shall send a certificate from a credible physician, living and practicing medicine, in the community in which said applicant shall reside, that the applicant is unable to attend.

A Wonderful Offer to Women.

We have received word of a most remarkable offer which is to be made to women by 'The Delinctor' of New York.

Taking the fact that next year begins a new century, 'The Delinctor' offers to distribute \$17,500 among 1901 women. The plan is so cleverly arranged that a woman living in a small town or village, has just as good a chance to win one of these 1901 prizes as a woman living in a city—because the prizes are given for the number of subscriptions secured in a town in proportion to the population of that town, instead of being given simply to those who send the largest list of subscribers—which, of course, are most obtained in big cities. Another clever feature of the plan is, that all the cities and towns throughout the United States and Canada have been ranged in seven classes. The cities of the greatest population are grouped in Class 1 and as these cities are not very many, the prizes offered are twenty-eight; the highest prize being \$500, and the lowest \$5.00. The total amount of prizes given away in this class is \$1,000. The remaining smaller towns and villages fall into six other classes, and as the number of towns in a class increases, because, of course, there are more small towns than large ones, the amount of prizes given away to a class increases, so that in Class 7, there will be \$4,000 distributed among 60 winners.

Furthermore, to everyone who fails to win one of the 1901 prizes there will be paid an extra commission on subscriptions, provided they equal one out of every two hundred inhabitants of the town from which the contestant sends them.

This is altogether a very liberal offer, and one which the famous old 'Delinctor' is well able to make good. From our point of view, we do not see why such an offer needs to be made by the Publishers of 'The Delinctor' for we believe it already has nearly half a million subscribers. Has strong hold upon the affections of American women has come in the past generation, from its practical advice about dress details and home matters.

You Want It! HOW TO GET IT. Send us one dollar for a year's subscription, or pay up when you want us and one dollar for another year. We will give you, FREE, one of these nice BLOOD PILLS, with the license, hand painted, upon it. This is something nice, serviceable and of daily need to every lady and girl in the land. You couldn't make your sweetheart or lady friend a more appropriate gift. Solid gold frames may be had by paying the difference. Order to-day; this offer can't last long.
