### WASHINGTON LETTER

From Our Regular Correspondent.

WASHINGTON, D. C., Jan. 5, 1903.

The criticisms and protestations which have greeted Senator Hoar's anti-trust bill furnish ample evidence of the unwillingness of Congress to carry into effect, in a single instance. any of the recommendations of the President in regard to the control of the trusts. No sooner had the terms of Mr. Hoar's bill been made public than Representative Jenkins, chairman of the Judiciary Committee, made public a statement in which he declared that the trusts had nothing to fear and the people nothing to gain by the passage of the bill, which was merely the old ideas rehabilitated in new phraseology. The Hour bill provides for the publicity so samestly advocated by the Presiden and torbids, under penalty of \$5,000 fine of not more than a year's imprisonment, or both, combination | designate. in restraint of trade, the selling of goods below a fair market price for the purpose of destroying a competitor and the ownership by one corporation of the stock in other corpo-

It is evident from the views expressed by senators and members of not help the matter in the least. On Congress that the passage of the bill the other hand, if within your condepends entirely on the dictum of the trusts. If their attorneys advise them that the bill will prove innecnous they will gladly see it passed with the hope that, as was the case with the Sherman law, it will prove a sop to popular clamor. If, however, it is found that its passage will prove detrimental to the interests of tue trusts neither the Senate nor the House will pass it. In fact, the position of the House is fairly well represented by the statement of Mr. Jenkins. That Mr. Jenkins is opposed to all trust legislation has for some time been apparent and even the earnest efforts of Representative Littlefield are destined to meet defeat at Mr. Jenkins' hands, whom it is claimed, was selected as chairman

## IS YELLOW POISON

in your blood? Physicians call it Malarial Germ. It can be seen changing red blood yellow under microscope: It works day and night. First, it turns your complexion yellow. Chilly, aching sensations creep down your backbone. You feel weak and worthless.

ROBERTS' CHILL TONIC

will stop the trouble now. It enters the blood at once and drives out the yellow poison. If neglected and when Chills, Fevers, Night-Sweats and a general break-down come later on, Roberts' Tonic will cure you then—but why wait? Prevent future sickness. The manufacturers know all about this yellow poison and have perfected Roberts' Tonic to drive it out, nourish your system, restore appetite, purify the blood, prevent and cure Chills, Fevers and Malaria. It has cured thousands-It will cure you, or your money back. This is fair. Try it. Price, 25 cents.

The determination of the President and his Cabinet to use every power they possess to secure the ratification of the Cuban treaty promises to precipitate an interesting fight in the Senate. Senator Aldrich and other extreme protectionists see in the Cuban teeaty the entering wedge in a policy which will eventually result in material lowering of the Dingley schedules. They will, therefore, oppose the convention to the last ditch. The claim is already being made that the President's action in negotiating a treaty without the sanction of the House when that treaty affects the revenues is unconstitutional and injury to the farmers by the reduction of the tariff on sugar by 20 per cent. is also te be made a plea for deleating the convention. On the other hand, Mr. Roosevelt has said that he will regard the vote on the treaty as a test of loyalty to himself so that the fight promises to be unusually interesting.

There is much interest in political circles in the President's valiant fight in behalf of a negro postmistress in a southern city which rebeis at having any but a white person in charge of the local postoffice. It seems that one Minnie M. Cox was appointed postmistress by President Harrison and reappointed by President McKinley. She recently resigned and her bondsmen state that she did so because threatened with personal violence by a portion of the citizens who are determined to have a white postmaster, Mr. Roosevelt has now ordered that the postoffice be abolished and remain so until the ci izens, are sufficiently punished and meekly submit to being served by the negress whom he chooses to

Of Smoking Affected My Heart

Co I Had To Sit Up To Breathe.

Dr. Miles' Heart Cure Cured Me.

There is nothing that has a more deleter-ious effect upon the cardiac or heart nerves than the excessive use of tobacco. Pain and tenderness around the heart, an oppressive feeling in the chest, choking sensation in the throat, discomfort from sleeping on the left side and smothering spells at night when the sufferer has to rit up in bed to breathe are the most common symptoms of a weak heart. Smokers who reel these symptoms and who do not understand their meaning should be warned in time, by the following experience:

"I was greatly troubled with an affection of the heart, due I think to excessive smoking. On writing to you for advice I was directed to begin a course of treatment which included Dr. Miles' Heart Cure, Dr. Miles' Nervine and Nerve and Liver Pills, together with bathing, etc. I faithfully followed the directions given: nd am pleased to say that my cure is complete and permanent. Bemy cure is complete and permanent. Be-fore beginning the use of your remedics I was so ner ous I could not keep my hands still and suffered greatly from severe pains around the heart. Many times at night I would be forced to assume a sitting posture to get my breath, and for the time being it would seem as though my heart had stopped beating. From the splendid results achieved in my case I can cheerfully recommend Dr. Miles' Heart Cure, Restorative Nervine and other remedies to all sufferers from heart or nervous troubles."—Yours truly, ELIJAH HALL, Dothan, Ala.
