SCHOOL MONEY COMES FORTH.

Special Appropriation Will be Made Again for the Public School Four Months' Term.

The public schools of the State will once more get a special appropriation of \$100,000 a year, to be distributed per capita, as well as a second \$100,000 to be used in bringing the weaker counties up to the constitutional requirement of a four monshs' school term.

But the amount of the second \$100,000 that may be asked for by each county shall not exceed the average salary for each teacher, and absolutely none of it is to be given for building or repairing school houses.

The Joint Committee on Education yesterday afternoon finally settled the matter, after considering the three bills that were before them.

First there was the bill drawn by Supt. Joyner and Mr. White, of Halifax, to appropriate \$200,000 or so much thereof as may be necessary to bring up all the schools of North Carolina to the four months term, as required in the Constitution.

A substitute to this proposes to distribute \$100,000 per capita among the schools, and another \$100,000, or as much thereof as may be needed to the weak counties to enable them to fulfill the Constitutional requirement. (The amount any one county is limited to for each teacher is the average salary and no more.)

The third bill before the committee was one drawn by Mr. Smith, callling for an appropriation that would be sufficient to bring up the schools in the weak districts to the constitutional requirement of four months, and limiting the amount for each county to \$100 for each teacher.

Mr. Smith spoke in opposition to

making any special appropriation directly from the treasury for any per capita distribution additional to the regular school fund.

Mr. Blount favored the per capita pany. appropriation, fearing that it might be in the nature of a backward step.

Mr. White, of Halifax, also spoke for the \$100,000 appropriation per

the substitute bill.

Finally the substitute bill was supported unanimously.-News and Observer, 1st.

'Twould Spoil This Story to Tell It in the Headlines.

To use an eighteenth century phrase, this is an "o'er true tale," Having happened in a small Virginia town in the winter of 1902, it is a story very much of the present. Up to a short time ago Mrs. John E. Harmon, of Melfa Station, Va., had no personal knowledge of the rare curative properties of Chamberlain's Cough Remedy. "Last January," she says, "my baby took a dreadful cold and at one time I feared she would have pneumonia, but one of my neighbors told me how this remedy had cured her little boy and I began giving it to my baby at once and it soon cared her. I heartily thank the manufacturers of Chamberlain's Cough Remedy for placing so great a cure within my reach. I all druggists.

"Just in the nick of time our little boy was saved" writes Mrs. W. Watkins of Pleasant City, Ohio. "Pneumonia had played sad bavoc with him and a terrible cough set in besides. Doctors treated him, but he grew worse every day. At length we tried Dr. King's New Discovery for Consumption, and our darling was saved. He's now sound, and well." Everybody ought to know, it's the only sure cure for Coughs, Colds and all Lung diseases. Guaranteed by Spruill & Bro. Price 50c and \$1.00.

Dr. Miles' Nervine Cured Them Both.

Dr. Miles' Nervine is a specific for nervous disorders. It removes the cause and effects

a speedy and permanent cure.

"I feel it is my duty to let you know that your medicines have cured my little girl of nine, of spasms. She commenced having them at the age of three. Our family doctor said he would outgrow them but she did not. she would outgrow them but she did not. We took her to another physician who said her trouble was epileptic fits in a mild form. He did her no good either. She was so nervous she could hardly walk. As I had already used Dr. Miles' Nervine and found it a good remedy for myself I commenced giving it to my child. I gave her in all ten bottles of the Nervine and one of the Blood Purifier. That was over two years ago and she has not had an attack since we comshe has not had an attack since we commenced the treatment. She is no longer troubled with nervousness and we consider her permanently cured. I enclose her picture. My mother-in-law lost her reason and was in-sane for three months from the effects was insane for three months from the effects of LaGrippe. Six bottles of Dr. Miles' Nervine cured her. My sister has also taken it for sick headache with good results. We all thank you very much for your good medicines and kind advice. I don't hink there is any other medicine half so good. I send my daughter's photograph so that you may see what a sweet little girl lives out in Arkansas."—Mrs. Hannah Barkett, Springdale, Ark.
