## Robbed The Grave.

A startling incident, is narrated by John Onver of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue couted, pain continually in back and sides, no appende, growing weaker day by day. Three physiclans had given me up. Then I was advised to use Electric Enters; to my great joy, the first bot'le made a decided improve. ment. When the nervous system has been shattered by the use of deadly drugs there is nothing to equal Dr. Miles' Nerviae in restoring it to health and normal activity.

"I feel so grateful for what Dr. Miles' Restorative Nervine has done for me that I must tell it for that part of humanity that suffers as I have. During the three years I suffered from nervous prostration I found to relief except when doclors gave morphine. To get rid of suffering 1 took morphine myself as it was the only thing that would give ease, and now you, who point with scorn at morphine using, how could you, when in such agony, knowing it about the only thing that would give relief, resist it? I knew it was a terrible habit and I knew of its deadly grasp, but I never fully realized its signifi-cance until I had used it a number of months. Oh, the misery of being addicted to such a habit. I resolved then and there to quit it and resolved I would never be a slave to any such demon. About this time I happened to notice Dr. Miles' Restorative Nervine advertised and ordered a bottle. After using five bottles I can truthfully say I am cured of using morphine. Now, however much per-sons may doubt it, God is my witness I am cured. This testimonial is unsolicited but I feel it my duty to give it for the benefit of the suffering,"-MATTIE PHILLIPS, Prescott, Ark. All druggists sell and guarantee first bot-tle Dr. Miles' Remedies.
