NEGROES PRAISE STAND OF WHITES.

Resolutions adopted by the Conference of the African Methodist Episcopal Church at Macon, Ga., contains one plank that will cause much comment:

"We commend the Southern white man because he refuses to let negroes drink at his fountains, eat at his cafes, sleep in his hotels, for the following reasons: It forces the negro to build his own resorts, teaches him business and turns a flood of money to negro vaults and bank accounts. It gives his boy and girl work and establishes thrift, industry and economy."

That stands out in marked contrast to the plaints of certain negro politicians and preachers who have been clamoring for the right to sleep and eat at hotels built for white people. And there is more sound sense in it. The true position that is taken where kindly and friendly relations subsist between the races is one of complete separation in churches, schools, theatres, railroad cars and other like public places. The white people of the South always help the negroes in every way. There is no suggestion in any Southern city of social equality. It is only when men like Roosevelt introduces it and flatant politicians for base ends preach equality that there is trouble between the races.

The Macon negroes are right in saying that this separation affords an incentive to negro effort, provides avenues of employment and usefulness to competent negroes, and will in fact result in business and financial good to the negro race. The whites draw the line for another reason: an imperative reason. But it will have the result pointed out by the Macon negroes if that race is wise enough to meet the demands. In doing so they are always assured of the assistance and co-operation of their white neighbors who love to see them succeed.—News and Observer.

Cholera Infantum.

This disease has lost its terrors since Chamberlain's Colic, Cholera and Diarrhoea Remedy came into general use. The uniform success which attends the use of this remedy in all cases of bowel complaints in children has made it a favorite wherever its value has become known. For sale by Spruill & Bro.

Usually the right side of the market is the outside.

End of Bitter Fight.

"Two physicians had a long and stubborn fight with an abscess on my right lung" writes J. F. Hughes of DuPont, Ga. "and gave me up. Everybody thought my time had come. As a last resort I tried Dr. King's New Discovery for Consumption. The benefit I received was striking and I was on my feet in a few days. Now I've entirely regained my health. It conquers all Coughs, Colds and Throat and Lung troubles. Guaranteed by Spruill & Bro. Price 50c, and \$1.00. Trial bottles free."

THE INLAND WATERWAY.

Board Reports on its Feasibility, but Report is not Made Public.

Norfolk, Va., Aug. 6.—The inland waterway board, consisting of three army engineers—Colonel C. J. Allen, of Washington, D. C.; Lieutenant Quinn, of Savannah, and Captain E. E. Winslow, of Norfolk, convened at the custom house here today and went into the consideration of the reports that have been received from Norfolk and other Southern cities, upon the feasibility and advisability of the construction by the United States government of an inland waterway between Norfolk and Beaufort, N. C.

The board formulated a report to the chief engineers whether or not they think from the information gathered that the general government will be justified in going to the expense of constructing such a waterway. Nothing regarding the nature of the report was made public.

Taken with Cramps.

Wm. Kirmse, a member of the bridge gang working near Littleport was taken suddenly ill Thursday night with cramps and a kind of cholera. His case was so severe that he had to have the members of the crew wait upon him and Mr. Gifford was called and consulted. He told them he had a medicine in the form of Chamberlain's Colic, Cholera and Diarrhoea Remedy that he thought would help him out and accordingly several doses were administered with the result that the fellow was able to be around next day. The incident speaks quite highly of Mr. Gifford's medicines.—Elkader, Iowa, Argus. This remedy never fails. Keep it in your home, it may save life. For sale by Spruill & Bro.

KNOWS HOW TO FARM

Mr. N. W. West is right at the front as a crack cotton farmer.

Yesterday in front of the store of Mr. John R. Ferrall there was seen a healthy looking cotton plant. It was finely balled, closely limbed and three feet in height.

This came from the Elma farm, three miles from Raleigh, and the growth is such that on the ten acres there a bale and a quarter to the acre is confidently looked for. Some acres will make two bales.

Mr. West should be happy, but he tells a joke about this. This is that once a farmer who was in debt said if he could raise cotton enough to pay off the mortgage and all his debts he would be happy. He did this, but when asked if he was happy said "No, for I think I've strained the land."

Its such a fine crop that Agriculturist West says he fears he's "strained the land."

Sick Headache.

"For several years my wife was troubled with what physicians called sick headache of a very severe character. She doctored with several eminent physicians and at a great expense, only to grow worse until she was unable to do any kind of work. About a year ago she began taking Chamberlain's Stomach and Liver Tablets and today weighs more than she ever did before and is real well," says Mr. George E. Wright of New London, New York. For sale by Spruill & Bros.
