BLIND JOHN.

Dragging Pains

2925 Keeley St. CHICAGO, ILL., Oct. 2, 1902. I suffered with falling and congestion of the womb, with severe pains through the groins. I suffered terribly at the time of menstruation, had blinding headaches and rushing of blood to the brain. That to try I knew not, for it seemed that I had tried all and failed, but I had never tried Wine of Cardui, that blessed remedy for all women. I found it pleasant to take and soon knew that I had the right medicine. New blood came to course through my veins after using eleven bottles. I am a well woman.

Mrs. Bush

Mrs. Bush is now in perfect health because she took Wine of Cardui for menstrual disorders, down pains and blinding headaches when all other remedies failed to bring her relief. Any woman may secure health by taking Wine of Cardui in her home. The bottle convinces the patient she is on the road to health.

You will see from the pedigree, there is no better bred Stallion in the country than this horse; he is by a speed producing Sire out of a speed producing Dam, and combines the blood of MAMBRINO CHIEF and HAMBLETONIAN 10, the two acknowledged fountain heads from which all the great Champion trotters have come, and is closely related to four of the fastest trotters in the world. The Grand-sire of his Dam is out of the Dam of Mard S, 2:08 3-4, who held the champion record to high-wheeled sulky nearly 20 years; his Great-grand-sire is also the Great-grand-sire of Alex, who held the champion record for mares, 2:03 1-4, for more than 10 years; the Sire of Tar Heel's Dam is a half brother to the Sire of John A. McKerron, who holds the champion wagon record of the world; and the Grand-Sire of the Sire of Tar Heel's Dam is a half brother to the Grand-sire of Cresceus 1:59 1-2, who was a World's Champion for a good many years.

This horse is a beautiful chestnut, 16 hands high, and weighs 1,100 pounds; he is kind and gentle, perfect in form and a picture to look at. Farmers and others desiring to raise good horses should breed their mares to this horse. Western farmers raise a colt every year from their mares while they are at work, and supplies the Southern farmer with his horses. This should not be. These interested should write, or visit my breeding and training stables. Stud fee \$20.00 the season. Mares from a distance will be cared for at a moderate charge.
