

OUR BUSINESS OUT-LOOK FOR 1906.

NOTWITHSTANDING all predictions to the contrary, indications from our viewpoint point to a most prosperous year for **Plymouth**, especially in the mercantile line, and we draw our conclusions from the following facts:

With the mills, timber interests, brick business, farms, etc., there is about \$2,500.00 paid out in cash in **Plymouth** each week. There are fewer stores here than in many towns near us with less than half this money in circulation.

It is true that the saloons having been closed will cause considerable trade to be lost to us—for a short time, at least. But that will not kill the town. At a conservative estimate, something like \$1,000.00 a week was spent in saloons. Some of this money will be sent off to buy liquor until the class who think they must have it to live, learn they are better off without it. Taking all this into consideration, there will be at least \$500 or \$600 more spent for groceries, clothing, etc., per week than has heretofore been spent for such things. We figure this out as follows: The man making from \$1.00 to \$1.50 per day really needs it all in his family. If he drinks he must spend from one to three dollars a week liquor, and with the drink cut out he will buy better food and clothing, and more of it.

Our merchants are living on "Easy Street," there are so few of them, and so much money that must be spent among them.

Our advertising columns tell the tale of prosperity truer than any pen could describe it. They are not having to hustle; their business is cut and dried for them, and the most of them are satisfied with what they are doing.

Plymouth is to-day a better point for a hustling merchant to locate in than can be found in a week's travel. It is far superior to those little towns of mushroom growth so many are rushing to.

ADVICE OF A FRIEND
And Its Happy Results.

Mrs. Florence Stewart of Evansville, Ind., writes, "Any woman who can appreciate what it means to be restored to health and vigor after being so run down and anemic as to make life a misery will understand why I cannot express my gratitude for **Vinol**."

"I had been in this condition for years, and had tried many remedies prescribed by physicians, but without benefit. When a friend suggested a cod liver oil preparation, called **Vinol**, I must confess I had not much faith in it, but I decided to give it a trial, and after taking it a short time I began to feel better. I continued its use, and today am as strong and hearty as can be, and I feel that **Vinol** saved my life."

"I advise any woman who is in need of a blood maker and strength creator to try **Vinol**, and I know she will thank me, as I thank the friend who suggested it to me."

Our well known druggist, Mr. Davenport of P. E. Davenport & Co., says, "Vinol is not a patent medicine, but it is the most valuable and delicious preparation of cod liver oil, the greatest health restorer and strength-creator we have ever sold, and we ask every run-down, nervous, debilitated, aged or weak person in **Plymouth**, and every person suffering from stubborn colds, hanging-on coughs, bronchitis or impatient consumption to try **Vinol** on our guarantee to return money if it fails to give satisfaction." P. E. Davenport & Co., Druggists.

When a young man forms a girl that she is the light of his life he probably means a flashlight.

A Grim Tragedy
is daily enacted, in thousands of homes, as Death claims, in each one, another victim of Consumption or pneumonia. But when Coughs and Colds are promptly treated, the tragedy is averted. F. G. Huntley, of Oak Hudson, Ind., writes: "My wife had the consumption, and three doctors gave her up. Finally she took Dr. King's New Discovery for Consumption, Coughs and Colds, which cured her, and to-day she is well and strong." It kills the germs of all diseases. One dose relieves. Guaranteed at 50c and \$1.00 by Spruill & Bros. Trial bottle free.

Some women pretend to be bold of sentiment, but they don't expect men to believe it.

Sickening Shivering Fits
of Ague and Malaria, can be relieved and cured with Electric Bitters. This is a pure, tonic medicine of especial benefit in malaria, for it exerts a true purative influence on the disease, driving it entirely out of the system. It is much to be preferred to Quinine, having none of this drug's bad after-effects. E. S. Munday, of Henrietta, Tex., writes: "My brother was very low with malarial fever and jaundice, till he took Electric Bitters, which saved his life. At Spruill & Bros; price 50c, guaranteed."

Somehow a woman's temper is always very much in evidence just after she has lost it.

Spoiled Her Beauty.
Harriet Howard, of 209 W. 34th St., New York, at one time had her beauty spoiled with skin trouble. She writes: "I had Salt Rheum or Eczema for years, but nothing would cure it, until I used Bucklen's Arnica Salve." A quick and sure healer for cuts, burns and sores, 25c at Spruill & Bros.

Although a modern woman may make her own clothes she seldom boasts of it.

Greatly in Demand.
Nothing is more in demand than a medicine which meets modern requirements for a blood and system cleanser, such as Dr. King's New Life Pills. They are just what you need to cure stomach and liver troubles. Try them. At Spruill & Bros., 25c, guaranteed.

Man has troubles the same as woman, but he has less to say about them.

The season of indigestion is now at hand. King's Dyspepsia Tablets relieve indigestion, and correct all stomach disorders. Sold by Scales & Son and P. E. Davenport & Co.
