Bread cast upon the waters by a hypothesis is usually very stale. If a man has enough drinks he can make himself believe that everybody thinks he hasn't had any.

You could never make a woman who owns a pearl necklace believe she could catch a sore throat.

What a woman doesn't like about what is that there is no feather sticking to it.

DON'T DESPAIR.

Read the Experience of a Minnesota Woman and Take Heart.

If your back aches, and you feel sick, languid, weak and miserable day after day—don't worry. Doan's Kidney Pills have cured thousands of women in the same condition. Mrs. A. Heiman of Stillwater, Minn., says: "But for Doan's Kidney Pills I would not be living now. They cured me in 1899 and I've been well since. I used to have such pain in my back that once I fainted. The kidney secretions were much disordered, and I was so far gone that I was thought to be at death's door. Since Doan's Kidney Pills cured me I feel as if I had been pulled back from the tomb."

In Dead Earnest.

No Occasion for Mincing Matters.

Theodosia, I do not wish to say anything harsh or uncharitable of your uncle Geoffrey. I will not go so far as to charge him with puerility, but he certainly carries the idea of economy to an extreme. He hesitates to make the most trifling expenditure unless assured that it will redound ultimately to his own financial advantage. While not wishing to be unjust to him—I cannot refrain from expressing the opinion that he is almost too frugal, as it were, too—cautious."

"Mamma, what's the use of all that fine talk? You know as well as I do that he's a stingy, niggardly, mean, shabby, miserly, avaricious old tightwad!"

MALARIA ???

Generally That is Not the Trouble.

Persons with a susceptibility to malarial influences should beware of coffee, which has a tendency to load up the liver with bile.

A lady writes from Denver that she suffered for years from chills and fever which at last she learned were mainly produced by the coffee she drank.

"I was also grievously afflicted with headaches and indigestion," she says, "which I became satisfied were likewise largely due to the coffee I drank. Six months ago I quit its use altogether and began to drink Postum Food Coffee, with the gratifying result that my headaches have disappeared, my digestion has been restored and I have not had a recurrence of chills and fever for more than three months. I have no doubt that it was Postum that brought me this relief, for I have used no medicine while this improvement has been going on." (It was really relief from congestion of the liver caused by coffee.)

"My daughter has been as great a coffee drinker as I, and for years was afflicted with terrible sick headaches, which often lasted for a week at a time. She is a brain worker and excessive application together with the headaches began to affect her memory most seriously. She found no help in medicines and the doctor frankly advised her to quit coffee and use Postum.

"For more than four months she has not had a headache—her mental faculties have grown more active and vigorous and her memory has been restored. No more tea, coffee or drugs for us, so long as we can get Postum." Name given by Postum Co., Battle Creek, Mich.

PUTNAM FADELESS DYES

Breaking the Trail. Winter in the mountains is severe in its restrictions. Sledging and travel over the snow-banked trails are limited to bare necessity. In the colder seasons the trails are kept open by shoveling and packing them down.

When the runners sing intermittently in high, thin voices, the teamster, with a belt tight around his overcoat and flopping his arms to keep warm, faces his greatest hardships. But when the heavy snows and rapid thaws of spring come, teaming means a battle and a venture with a sudden termination hanging just above. Thousands of tons of snow up the mountain sides hang on a trigger that can be sprung by the sigh of a breeze or the rolling of a pine cone, and in summer many a barren slope and pile of rock and timber at the bottom tells a skeleton-tale of the winter's night.

Floundering, swearing and persevering opens the trail—a little ruffled thread of white from up above, but a hard day's work for a man.—Allen True in "The Teaming of the West" in The Outing Magazine for January.

CRISIS OF GIRLHOOD

A TIME OF PAIN AND PERIL. Miss Emma Cole Says that Lydia E. Pinkham's Vegetable Compound has Saved Her Life and Made Her Well.

How many lives of beautiful young girls have been sacrificed just as they were ripening into womanhood! How many irregularities or displacements have been developed at this important period, resulting in years of suffering!

Girls' modesty and oversensitiveness often puzzle their mothers and baffle physicians, because they withhold their confidence at this critical period.

A mother should come to her child's aid and remember that Lydia E. Pinkham's Vegetable Compound will at this time prepare the system for the coming change and start the menstrual period in a young girl's life without pain or irregularities.

Miss Emma Cole of Tallahassee, Tenn., writes: "Dear Mrs. Pinkham—"

"I want to tell you that I am enjoying better health than I have for years, and I owe it all to Lydia E. Pinkham's Vegetable Compound."

"When fourteen years of age I suffered almost constant pain, and for two or three years I had soreness and pain in my side, headaches and was dizzy and nervous, and doctors all failed to help me."

"Lydia E. Pinkham's Vegetable Compound was recommended, and after taking it my health began to improve rapidly, and I think it saved my life. I sincerely hope my experience will be a help to other girls who are passing from girlhood to womanhood, for I know your Compound will do as much for them."

If you know of any young girl who is sick and needs motherly advice ask her to write Mrs. Pinkham, Lynn, Mass., and she will receive free advice which will put her on the right road to strong, healthy and happy womanhood.
