

Friends, Be Ye Ready.

Next Tuesday, the 21st inst., will be a big day in Creswell. It will be a Farmers Day, and it is hoped that every farmer within fifteen miles of that town will be there with their wives, sons and daughters.

Big speakers will be there to talk farming and the farmer who fails to be there will regret it.

Friend, listen, if you are behind in your subscription to this paper do not fail to attend that meeting and take with you the money with which to pay up and away. You want your county paper, many of you have read it for one, two or three years without paying one cent, because it has not been convenient for you to pay it or you have neglected it. We want you to keep on taking it, but a recent change in the laws says we must have pay for the paper or it will be debarred from the mail. We have, during the hard times of the past two or three years, waited with you, believing that you would soon settle up, which many have done. At times we have had a hard time to get the paper out, but it has kept going to you, now and then carrying with it an earnest appeal for your support.

Now the law says we must stop this long credit system, that this and every other paper must be paid for or it will not be carried through the mails.

Friends, you see our position. Mr. W. Fletcher Ausbon, The Beacon Man, will be at Creswell on Tuesday next prepared to give you a receipt in full. Be Ye Ready to pay up and renew for another year. If your neighbor does not take it get him to do so on Tuesday.

The Stieff Player Piano.

Unless you have both seen and heard this great instrument, you cannot imagine how much it adds to the home. Ordinarily, no one can play a piano without a long musical training, unless by "Natural talent", but with a STIEFF PLAYER PIANO, you not only have a regular upright, that can be played in the ordinary way, but one that any member of the family can operate, equaling the best performers in the musical world.

Write for particulars.

Rhode Island Reds.

I have only a few Rhode Island Red Cockerels left. Those desiring to improve their flock will do well to get their order in as soon as possible.

To those who are not familiar with this breed of fowls I would say that they are rated as one of the best purpose fowls. They are of medium size, females weighing from 5 to 7 and males from 8 to 9 pounds each. They are good layers, especially in winter. The chicks are very hardy and quick growers.

I can also furnish eggs for hatching in season from select stock at fair prices.

Rapid changes of temperature are hard on the toughest constitution.
