

DR. BOUCHELLE

Dr. L. B. Bouchelle of Thomasville, Ga., a physician well known in the South, is very enthusiastic over the cod liver oil preparation Vinol. He says: "I have used Vinol in my family and in my general practice with the most satisfactory results. It is exceedingly beneficial to those afflicted with bronchial or pulmonary diseases and to create strength."

The reason Vinol is so far superior to old fashioned cod liver oil and emulsions, is because it is a real cod liver preparation from which all the useless oil has been eliminated and tonic from added.

We ask every weak, thin, run-down, nervous and aged person in town, and all those suffering from chronic colds, coughs and weak lungs, to try Vinol on our guarantee.

I would the exhibit was made. "Let us have more corn and better corn."

A Sad Accident.

On Saturday last the little baby of Rev. Mr. Andrews, pastor of the Baptist Church, was sleeping on a bed when in some way it rolled off on the floor, the mother picked it up it did not wake and a physician was called who found the skull broken or pressing on the brain, all efforts were made to resuscitate the little one but in vain and at 2 o'clock Wednesday morning its little spirit was wafted back to the God who gave it.

The deepest sympathies of our entire people are with the grief-stricken parent whose home is made sad so soon after coming to our town.

A Base Ball Scrap.

When a game of ball was being played here on Thursday of last week between Roper and Plymouth native scrap was had between a young man from the country and one of the Roper players, which all our people very much regret.

It seems that the small boys were "rooting" for the home team and one or two of them used vulgar, profane and indecent language to one of the Roper players, who stood it for some time but at last lost his temper and kicked one of the boys, then it was that the young man stepped in to protect the boy and the scrap followed. All the blame seems to be on the boys.

If boys who go to the games insist on such actions as this it will be best for them to be kept away. Let them shout and "root" all they like, so they do not use offensive language. Ladies and gentlemen who like to see the game do not wish to witness such scenes as they did on Thursday last and they will be kept away as such is tolerated by the players.

In behalf of our town we apologize to our Roper friends for what happened last Thursday and assure them that such is condemned by all our people.

We hope, through the efforts of Mr. E. R. Jackson and others, a fairly good diamond, grounds enclosed with a protected grand stand and we hope to make this town a meeting place this season where many of the neighboring towns may come to cross bats, and we hope Mayor Spruill will take the interest in this that he does in other public matters, and see to it that visitors are protected from the insults of even boys, and we know he will, if it takes extra pains to do it. Therefore, we invite our neighbors to come to Plymouth to do their ball playing this season.

Buy Your Piano From The Maker

Buying a piano is a serious business, and should not be entered into lightly. You want an instrument that you can depend on, and that will bring a good price—second handed—should you want to sell it. STIEFF PIANOS are never sold to dealers. From the beginning, over 65 years ago, they have been sold from our own warehouses, direct to the people, at one profit over cost, so when you buy a STIEFF or a SHAW, you get the wholesale price. Easy terms if you wish.
