We acknowledge a pleasant call on Wednesday from Mr. W. R. Mizell, of Hoke. Mr. Mizell informs us that, despite the heavy rains, the crops in his section are not so bad, in fact he says that some of his corn is the best he ever had.

At a meeting of the Board of Education on Monday, Hon. Van B. Martin was elected County Superintendent of Schools. Mr. Martin is well fitted for this important office, being not only capable and competent, he is thoroughly in sympathy with every movement that tends to advance the cause of education, he is therefore a worthy successor of that able educator, Prof. O. J. Everett, who has rendered the schools inestimable service as Superintendent during the past two years.

Mr. P. W. Brinkley has withdrawn from the firm of Brinkley-Phillips Co., and Mr. Geo. W. Waters, a former Plymouth boy, late with the Roper Store Co. at Roper, has been elected to succeed him as manager of the business and will take charge on Monday next. This announcement carries with it joy and regret. The public will regret that so courteous a gentleman as Mr. Brinkley has retired, but it rejoices to know that his place in this popular store is to be filled by that genial prince of salesmen, Mr. Waters, and further, that one of our native sons finds an opportunity to return with his good family to his old home.

Mr. and Mrs. W. H. Hampton have been entertaining a "house party," the past two weeks at their pretty home, corner Main and Jefferson streets. The party includes Misses Iren Wood, Brookline, N. Y., Jamie Bryan, Greenville, N. C., May Bell Small, Washington, N. C., Clara Hampton, city, and Misses, Emma Jones and William Knight, Washington, Roy Hampton, city. The guests have been entertained at card and porch parties, dances, auto drives, launch parties, pic-nics, moonlight excursions, by their hosts, while one or two receptions have been given complimentary to them by the young people of the city.

Another New Store.

Mr. O. R. Leggett has moved into his beautiful new store, where he is now fitted up in better shape than any jeweler has ever been in Plymouth before. He also informs us that he has leased the larger room to a firm that will open up a large Ladies' and Gent's Furnishings store as soon as suitable furniture can be placed in same.

The Crime Of Idleness.

Idleness means trouble for any one. Its the same with a lazy liver. It causes constipation, headache, jaundice, sallow complexion, pimples and blotches, loss of appetite, nausea, but Dr. King's New Life Pills soon banish liver troubles and build up your health. 25c. at P. E. Davenport.

"Nan, The Mascotte."

Our Windsor friends came over on Tuesday with their theatrical talent and at night entertained our people with a delightful performance at the Opera House, presenting "Nan, the Mascotte." This is a deep, strong play, but all the actors were equal to its demands. Nan, who was impersonated by Mrs. F. D. Winston, was the best we have seen for years. Mrs. Winston, through whose efforts the actors were brought to the point of perfection, must be a born artist, likewise her brother, S. W. Kenney, who played the comedian, as Deacon Smartweede. Mr. A. C. Mitchell as "Edward Van Spread," was simply great. Miss Mary Manning as "Mrs. Baldwin," was fine, while Mrs. Allen as the designing "Widder," brought down the house. Miss Gladys White as "Mrs Van Spread," was a great success, considering "Eddie." Mess. J. B. Nicholls, as "Caleb Baldwin," J. H. Matthews, as "Ben Flood," C. F. Lyon, as "Arthur Sherwood," Bryant Bazemore, as "Dr. Windsal," Claud Pierce, as "Uriah Fox," and Archie Hobbs, as "John" the butler, played their parts to a finish, each one exhibiting unusual talent in his respective cast. While Miss Castine Morris, accompanist, kept the audience entertained with music.

The songs by Misses Gladys White, Ethel Pierce, Viola Hayes, A. C. Mitchell and Claud Pierce were very much enjoyed. While the dancing by Miss Emma Flanagan has never been surpassed before the foot-lights in Plymouth.

The only regret of the audience was that the inclemency of the weather prevented our friends from having a full house, which their presence and acting so richly deserved. We hope these good people will visit our city again, and under more favorable circumstances.

House Party at "Elmhurst."

Mr. and Mrs. Wm. M. Bateman, are entertaining a "house party" at their pleasant country home, "Elmhurst," this week, they are assisted in entertaining by their charming daughter, Miss Gertie, who 'tis said does the honors of hostess with the artlessness of a rustic belle and the grace of a duchess, nothing more than this was said of "Miss Betty," when she presided as mistress of the White House, when her father, Z. Taylor, was President, she was noted for her beauty and charm and the splendor of her entertainments, and so it is with Miss Gertie.

"Elmhurst" being located on the boulevard between Plymouth and Roper, one of the most thickly settled and most used thoroughfares in the state, does not offer its guests that secluded country life, dreamed of by the city chap, where the dull monotony is only broken by the song of the ploughman who "plods his weary way," the bark of the dog or hooting owl. The honk of the auto, the whirr of the carriage, the puff of a passing train, or the merry shout of school children, has changed the scenes of other days, while in an instant the home can be placed in communication with Plymouth, Roper and all the noisy bustle of city life, by means of the telephone, while its broad piazzas, spacious halls, beautiful lawns, hammocks and swings offers resting places to the weary, while the music of bees and birds commingle in one joyous note with the songs of both hosts and guests, and the sweet perfume of the jasmine, honeysuckle, wild-rose and bay is wafted across the

broad acres of corn, cotton, oats and rye by the gentle breeze throughout the live-long-day. The guests hunt, fish, read and ride at will until the wee sma' hours when they retire to be lulled to sleep by the sighing south wind as it rustles through the swaying foliage of those stately old elms that stand as mid-night sentinels, and as guarding angles to ward off the angry storms of heaven, thus it is at "Elmhurst."

Among those who go to make up this pleasant house party, Plymouth is represented by Misses Mamie Van-Norterwick, Virginia Spruill, Cad Campbell and Margie Willoughby, four as jolly and as pretty girls as ever accepted the unlimited hospitality of our good friends, Mr. and Mrs. Bateman, Miss Alice and Miss Gertie, and the unbounded freedom of "Elmhurst."

Washington's Plague Spots.

lie in the low, marshy bottoms of the Potomac, the breeding ground of malaria germs. These germs cause chills, fever and ague, biliousness, jaundice, lassitude, weakness and general debility and bring suffering or death to thousands yearly. But E. C. Bitter's never fail to destroy them and cure malaria troubles. "They are the best all-round tonic and cure for malaria I ever use," writes R. M. James of Louellen, S. C. They cure Stomach, Liver, Kidney and Blood Troubles and will prevent Typhoid. Try them, 50c. Guaranteed by P. E. Davenport.

The County Pic-Nic.

Notwithstanding the fact that the weather had been excessively rainy for several days preceding it, the roads and swamps almost impassable, and the day itself cloudy and threatening, quite a respectable number of our people met at Mackey's Ferry on Wednesday last to enjoy their Annual Pic-nic.

The time is now ripe for such meetings of the people, who seem to be thoroughly awake to their needs, and anxious to learn of methods whereby their conditions may be improved, but we were a little previous this year, and have learned from this experience to improve in future.

Had we any idea our citizens would have been so eager to adopt, or rather co-operate in the plan, we would have suggested it sooner. But time would not wait, consequently the meeting was held without the plans for a suitable program being perfected. However, we had a most pleasant gathering and we doubt not the seed of much good was sown.

The forenoon was devoted to amusements, one game of ball was played between Plymouth and Columbia resulting in a score of 1 to 0 in favor of Plymouth.

Speaking was to begin at 1:30, but time being so short after invitations were sent out, only one non-resident speaker was present, Mr. Shamb, of the A. & M. college. No organization being perfected Hon. Thos. W. Blount of Roper, was induced to act as Master of Ceremonies and Mr. Winfield Woodley acted as Chairman. Mr. Blount then in a few appropriate words introduced the speaker, and for thirty minutes we were given a concise, forcible and convincing argument in favor of agriculture being taught in our public schools. The speaker arguing that it was as practicable and proper for a lady who had never handled a plow to teach agriculture, as it was for her to teach anatomy and physiology yet never having been in a dissecting room, or to teach the action of the tides and currents yet never having seen the ocean.

Mr. Blount then took the stand, and for twenty minutes made an impassioned appeal to the farmers to learn and practice modern agriculture, laying special stress upon the necessity of planting leguminous and winter crops, to keep life in the soil, and to curtail fertilizer expenses, showing that where these crops had been planted crops were good, no matter what the weather conditions, (provided, of course, the ditches were kept open.) And right here we would say that a farmer in the neighborhood told us a few days ago that Mr. Blount had been experimenting for the past two years in underground draining, and that where this was done his crops were excellent.

Mr. Blount closed his remarks by making an appeal to the farmers to form a Farmers' Association, but it being so near train time nothing could be done at this time. However, this matter will be taken up soon and this paper will do all in its power to aid in perfecting the or-

ganization. Mr. Woodley then made a few remarks, thanking all for the interest manifested, promising it his support and appealing to them to get closer together and exercise more friendly relations, one for another, as this is the only means whereby we may ever hope to accomplish anything really worth while.

Let's all go to work RIGHT NOW for the biggest and best meeting we have ever had next year, and call on THE BEACON to do anything in its power to help.

Electric Bitters

Succeed when everything else fails. In nervous prostration and female weakness they are the supreme remedy, as thousands have testified. FOR KIDNEY, LIVER AND STOMACH TROUBLE it is the best medicine ever sold over a druggist's counter.

Sold by P. E. Davenport.

Better Not Get Dyspepsia

If you can help it, Kodol prevents Dyspepsia, by effectually helping Nature to Relieve Indigestion. But don't trifle with Indigestion.

A great many people who have trifled with indigestion, have been sorry for it—when nervous or chronic dyspepsia resulted, and they have not been able to cure it. Use Kodol and prevent having Dyspepsia.

Everyone is subject to indigestion. Stomach derangement follows stomach abuse, just as naturally and just as surely as a sound and healthy stomach results upon the taking of Kodol.

When you experience sourness of stomach, belching of gas and nauseating full, bloated sensation, gnawing pain in the pit of the stomach, heart burn (so-called), diarrhoea, headaches, fullness or chronic tired feeling—you need Kodol. And then the quicker you take Kodol—the better. Eat what you want, let Kodol digest it.

Ordinary pepsin "dyspepsia tablets," physics, etc., are not likely to be of much benefit to you in digestive ailments. Pepsin is only a partial digester—and physics are not digesters at all.

Kodol is a perfect digester. If you could see Kodol digesting every particle of food, all kinds, in the glass test-tubes in our laboratories, you would know this just as well as we do.

Nature and Kodol will always cure a sick stomach—but in order to be cured, the stomach must rest. That is what Kodol does—rests the stomach, while the stomach gets well. Just as simple as A, B, C.

Our Guarantee. Go to your druggist today and get a dollar bottle. Then after you have used the entire contents of the bottle if you can honestly say, that it has not done you any good, return the bottle to the druggist and he will refund your money without question or delay. We will then pay the druggist for the bottle. Don't hesitate, all druggists know that our guarantee is good. This offer applies to the large bottle only and to but one in a family. The large bottle contains 2 1/2 times as much as the fifty cent bottle.

Kodol is prepared at the laboratories of E. C. DeWitt & Co., Chicago.
