ORGANIZE A FIRE DE. PARTMENT. A COMPANY 10 HANDLE THE ENGINE-A HOOK & LAD-DER CO .- AND GIVE THE COLORED

PEOPLE AN ENGINE.

Now that the town has a new lire engine, we insist that to operate it effectively it will be necessary to organize a company to handle it. Let the town elect a Fire Chief, and let that man be Mr. Clarence Latham, let him select as many good men as he will need to assist him, men who will take an interest in it, and the engine will be a good investment, but if it is to be laid up to rot as the old one was, so that when needed it will be out of order, we had as well not have it. When

then let some good men organize a hook and ladder company to back them up, often the best work at a fire is done by the ladder company. Last, but not least. put the old engine in good thape and give it to the colcred people. They are interested in the protection of the town, they have property to protect and we are sure they will organize a good company, some of them are the best and most willing fire-fighters we have. Do these things and Plymouth will be protected and the insurance rate will be greatly reduced.

'Twas A Glorious Victory.

There's rejoicing in Fedora, Tenn. A nan's life has been saved, and now Dr. King's New Discovery is the talk of the town for curing C. V. Pepper of deadly lung hemorrages, "I could not work nor get about," he writes, "and the doctors did me no good, but, after using Dr. Kings New Discovery three weeks I feel like a new man, and can do good work again." For weak, sore or diseased lungs, Coughs and Colds, Hemorrages, Hav Fever, La-Grippe, Asthma or any Brouchial affection it stands unrivaled.

Price 50c, and \$100. Trial Bottle free. Sold and guaranteed by P. E. Davenport.

Fire Engine Demenstration.

As announced last week, the new fire engine was given a test on Wednesday to see just what it would do. The engine was placed on the dock at the foot of Washington street and 200 feet of hose attached, a button and a stream was 'thrown up and down Water street for quite a distance and over any building in that section.

So far so good, but it was claimed that it would throw the same HINTS FROM HOKE.

BY "WILD ROSE."

Crops here are fine. Mrs. Louis Woodard is very ill.

Miss Minnie Jackson is visiting friends at New Bern.

Mrs. Whit Stubbs and Miss Bettie Ayers, of your town, were the guests of Mrs. M. T. Jordan last week.

The R. R. R. & L. Co., have moved their works to this place and several stores, houses for employees, etc., are being built, and our once silent woods are filled with the noise of the basy workers cutting and carrying away the grand old trees whose growth has been the work of nges.

One of the most pleasant events of the season was an ice cream supper given on Tuesday night, Aug., 17, at the hospitable home of Mr. the sufficient number of men has and Mrs. M. T. Jordan. No troubeen secured to handle the engine, ble or expense was spared by this popular young couple to make it an en?oyable event to each guest. The large grove surrounding the house was lighted by many lamps and lanterns, tables were scattered here and there, while chairs, swings, hammocks end rustic seats invited - the weary to rest. At about 7:30 the large crowd began to assemble and soon the merry young people, were flitting about among the trees, all seeming to have a fine time. Ice cream, lemonade, cake and fruits were served to those who desired it, and then it was announced that a box of candy was to be voted to the prettiest young lady present, and a tie presented to the young man holding the greatest number of ice cream tickets. After voting and counting tickets, the candy was presented by majority of votes to Miss Gertie Mizell and the tie was presented by Mrs. Jordan to Mr. J. 1. Mizell. Both seemed to be very much appreciated and as the hour Banking Houses, was late the merry crond departed, Furniture and Fixtures, thanking Mr. and Mrs. Jordan for
