Letter to Dr. T. B. Wolfe. Plymouth, N. C. Dear Sir: Here's the truth, the whole truth, and nothing but the truth. Devoe takes less gallons for a than any other paint.

If any one doubts this statement here's the proof. He may paint half his job Devoe, the other half any other paint. If Devoe hat doesn't take the least gallons and cost less money, no pay.

Yours truly F W DEVOE & CO P. S. J. C. Spruill sells our paint.

Some boys do not earn \$20 a year, yet they can afford to smoke cigarettes and use tobacco in other forms. Little boys should think it over seriously before commencing to use tobacco. Boys who do not use the weed ought to be continuously on the streets are much better models to follow. No boy should wish pattern after profane, foulmouthed, worthless street loafer.

There are some people who are mighty careless about throwing old rags into the alleys. Such people should be taught a little civic pride by a modest fine. It is impossible for the authorities to keep places clean if people will persist in such practices.

Many a man who knows that he knows things does not know how to prove it.
