BRADSTREET'S REVIEW

The Year Just Closed Was Entirely Satisfactory.

New York, Special.—Bradstreet's weekly review of trade says: "Quiet has followed the preceding week's rush of business in retail lines, while in whole sale lines salesmen are in from road and inventing in general. All obtainable information points to a satisfactory—in many sections, indeed, a record—volume of business done in the year just closed. The least satisfactory reports as to the year's result come from those sections of the South where crop damage has prevented fullest advantage being taken of the high prices of cotton. "In wholesale and jobbing lines a large if not indeed record spring business has been booked. Prices of commodities show undiminished strength and some of the highest prices of the year were made in the last week. Cotton, for instance, reached 16 cents, a price never before reached at this date since war times."

MADRIZ FOR PEACE

But Estrada Declines to Accept His Terms.

TROOPS TO BE SENT EASTWARD

New President of Nicaragua Wires Revolutionists Leader Asking Suspension of Hostilities.

Washington, Special.—General Estrada, the revolutionary leader in Nicaragua, will not accept the extraordinary terms proposed by the new President Madriz as a basis for peace. A telegram from Bluefields states that on the 22d inst. Madriz had proposed in a telegram to Estrada, a suspension of hostilities, pending the arrival of a committee which he was sending to Estrada to discuss an amicable and equitable settlement of the present strife. Madriz begged the revolutionary leader not to obstruct his efforts for peace. General Estrada in his reply expressed his willingness to meet the Madriz commissioners, but said the revolutionary party would not recognize the action of the legislative Assembly in placing power in the hands of Madriz. He denied most emphatically the Assembly's right to deal with the election of President, and stated that he saw in Madriz the usurper of the rights of the Nicaraguan people.

It is not doubted here that Estrada's known astuteness will prevent him from accepting terms of peace proffered upon the prior surrender by him of his army, arms and ammunition to his enemy. Therefore, it is not believed that the conference between Estrada and the Madriz commissioners will result in any particular change in the present status. A telegram from Managua received at the State Department says that the Madriz party is making preparations to send troops to the eastward to meet Estrada's army.

Richmond, Va., Special.—Fire destroyed the Majestic theater, the postoffice and all but one of the twenty-six business places in Hamlet of Holland, 12 miles from Suffolk, Va., on the Southern Railway Saturday night, and rendered half of the town's two hundred inhabitants homeless. There was only the crudest apparatus with which to fight the flames, and aid asked of Suffolk was rendered nugatory by reason of the absence of water facilities. The total loss is estimated at \$115,000. The total insurance is about \$63,000. More than \$10,000 worth of peanuts were burned. Bluefields, Nicaragua.—Hope that the war should be brought to an end through the recognition of the provisional government by the United States has been abandoned. Many believe that two more battles must be fought; one in the State of Chontales and the other near Managua.
