

the most vi-  
question that  
and every en-  
progressive com-  
much is now being  
aid in favor of working  
roads of this county by taxation.  
We had this system a few years  
ago, but the mistake was made  
in letting the entire mileage to  
one person, and he not familiar  
with road building, in conse-  
quence of which the money was  
virtually thrown away.

We are in favor of the tax  
system, then letting the work  
out in sections, requiring good  
and sufficient bond of each con-  
tractor. Or possibly a better  
plan would be to issue bonds  
sufficient to place the roads in  
good condition, then let it out by  
contract, to be kept in good con-  
dition. Do this and we believe  
the benefit derived would be so  
great and would enhance the  
value of farm lands to such ex-  
tent that the payment of the  
bonds would work no hardship  
upon any one.

We believe we have a still  
better plan in mind, if it can be  
organized and worked, and we  
can see no reason why it could  
not be, and that is this: Before  
the fall work begins, and while  
the weather is good, have a cer-  
tain day set apart as a Special  
Road Day, and let every man,  
old and young, rich and poor, in  
the county turn out and give one  
honest day's work on the roads,  
so distributing themselves that  
the bad places will not be lack-  
ing in force to put them in good  
condition.

If any one is too old, or is un-  
able to work himself, let him  
send team, and let no one hold  
back for fear he will do more  
than the other fellow, nor be-  
cause he does not own a carriage  
or an automobile. But let all  
who possibly can do so, go from  
a spirit of pure patriotism and a  
desire to do a little more than  
his neighbor. Let the mills  
close down for this day, that the  
mill hands may have an oppor-  
tunity of joining the rest and let  
us all contribute one day of our  
lives at least to the betterment  
of our county. Let the land-  
owner who has dirt or bushes to  
spare contribute these as needed,  
and let the town man who can-  
not go, and the mill men con-  
tribute in cash or in kind, that  
all bridges and culverts may be  
properly floored and that good  
foot-ways be placed across all  
swamps.

One day of honest concerted  
action along this line will do  
more than thousands of dollars  
spent in any other way, and  
even the poorest man will lose  
sight of the fact that he has lost  
a day's wage in the conscious  
pride of doing good in his com-  
munity.

Good men, we think, to per-  
fect this move would be the  
committeemen of the two politi-  
cal parties, (but leaving all poli-  
tics out of it). They could see  
and get pledges from every man  
in the county in a week or ten  
days, then appoint the day and  
good men as supervisors or di-  
rectors of the work, and we be-  
lieve that in less than one day  
there will not be a foot of bad  
road in Washington county, and  
there would be no bonds to pay.

Do we hear a second to this  
idea?

**For Representative.**

To the Democratic voters of Wash-  
ington County:-

At the solicitation of many friends  
through the county, I take this  
method of announcing myself a can-  
didate to represent the county in  
the next session of the General As-  
sembly, subject to the action of the  
Democratic Primaries and conven-  
tion.

I have always been a true Demo-  
crat, and if nominated and elected  
will serve the entire people of the  
County to the best of my ability.

Very Respectfully,

GEORGE S. SWAIN
