A simple safeguard for mothers

Mrs. D. Gilkison, 320 Ingles Ave. Youngstown, Ohio, gained wisdom by experience. "My little girl had a severe cold and coughed almost continuously. My sister recommended Foley's Honey and Tar. The first dose I gave her relieved the inflammation in her throat and after using only one bottle her throat and lungs were entirely free from inflammation. Since then I always keep a bottle of Foley's Honey and Tar in the house. Accept no substitute.

You must read this if you want the benefit.

J. W. Greer, Greenwood, La., suffered with a severe case of lumbago. "The pain was so intense I was forced to hypnotic injections for relief. These attacks started with a pain in the small of my back which gradually became fairly persistent. My attention was attracted to Foley's Kidney Pills and I was glad to say after using this wonderful medicine I am no longer bothered in any way by my old enemy lumbago."

Worse than an alarm of fire at night is the metallic cough of gout, bringing down to the household. Our mothers keep Foley's Honey and Tar in the house and give it at the first sign of danger. It cures all its ills.
