PROGRESSIVE PLYMOUTH.

A Town That Has no Equal as a Point for Manufacturing Industries.

PLYMOUTH LIGHT AND ICE COMPANY.

On Thursday Dec. 29th 1910 a charter was granted by the State to the Plymouth Light and Ice Company with a Capital Stock of \$25,000 to manufacture generate buy, sell and distribute electric current for light, heat and power to manufacture and sell ice; to buy and sell hay, grain and feed of all kinds.

This company is composed solely of Plymouth people and is backed by Plymouth CASH. The stock holders being A. L. Owens, L. C. Owens and Clarence Latham.

THE BEACON. has for years contended that an ice factory would pay very handsomely in this town, it being one of the most blessed towns, in the state having deep water and railroad transportation, and we are glad to note that the above progressive citizens have decided to give the town the benefit of their cash efforts and business ability.

WHOLESALE MERCANTILE.

The State recently granted articles of Incorporations to W. H. Hampton & Son of this town, to conduct a general wholesale and retail Mercantile business with a capital stock \$50,000 the stock holders being W. H. Hampton, W. R. Hampton and L. M. Hampton.

This new firm is headed by one of the most able business men in this section who has made a great success in the retail mercantile business, and the son W. R. Hampton now taking an active interest in the management of the business is "a chip off the old block" so to speak. We bespeak for the new firm the greatest possible success.

We have long contended, that with its transportation facilities both by rail and water, and its location in the center of one of the best sections of Eastern North Carolina, there is no reason why Plymouth should not be a great wholesale distributing point.

The new firm is financially able to back a big wholesale business. They have not only the capital but the buildings to accommodate a large business and we hope they will see it to their interest to establish a business that will stay the outgoing of so much profit to other cities and States.

Our neighboring towns Edenton, E. City, Washington and Belhaven, have their wholesale

advantages than Plymouth. We wish for the foregoing corporations unbounded success and hope in the near future to see our people organizing other enterprises, that will attract and draw trade and people to this town.

For LaGrippe Coughs and Stuffy Colds

Take Foley's Honey and Tar. It gives quick relief and expels the cold from your system. It contains no opiates, is safe and sure.
