PLYMOUTH, N. C., FRIDAY, AUGUST 25, 1911.

## OFFICERS AFTER **COCAINE SELLERS**

GREENSBORO HAS BEEN WHOLE-SALE DEPOT FOR THE DRUG FOR MANY YEARS.

#### THE DOCTORS AND DRUGGISTS

It is Alleged There Has Been Collusion on Part of Physicians and Druggists in Evading Law and Making Money on Sale of Drug.

Raleigh.-A special states that for years it has been generally known that Greesboro was something of a depot ginia, where the law is very stringent against druggists supplying it, and in North Carolina, where the law is less be relieved of the trouble and expense filling prescriptions is concerned, but Greensboro for inspection before bewhich does prohibit a physician from ing killed at a licensed slaughter filling a prescription for a known dopist. A year or more ago, when Simmons was arrested in Norfolk for codrug in almost wholesale lots, was running as a drug store, but no action was taken, since the law did not reach the firm, and the last North Carolina sioners. Legislature did not see fit to amend the law so as to take in this offense. About a month ago, when the city commission form of government had charter if they fail to give the relief got well under way Commissioner of safety Brown notified the police force not to make a specialty of any particular offense, but to execute all laws, regardless of who got hit. In consequence, within sixty days Municipal Judge Eure has had before him over in most cases was bang up, and as a and about half a dozen fat negro women are doing duty for the county at the county house of correction, and cocaine blind tigers have become scarce

in Greensboro. The police have been quietly endeavoring to locate the physician who was in evident collusion with these cocaine dealers, since the law of North Adams, Burlington; Privates J. C. Carolina only requires that a druggist shall sell only on prescription of a practicing physician. They were able geant H. C. Somons, Rallegh; Serto locate the physician when they ar. geant R. G. Ray, Reidsville. rested J. H. Henderson, colored, of Danville, for dealing in cocaine.

A venire of 150 men was necessary to get a jury. In this case McIntyre & and Shaw & Currie and Cox & Dunn are representing the prisoner.

Drainage in Robeson County. State Senator W. S. Cobb, of Robeson county, arrived in Washington to of the greatest importance to Robeson county and the state, that of makof inspecting the whole country with rea view to a survey by the government without expense to the county.

#### COMMISSIONERS BESIEGED

Delegation From Various Organizations Appear Before Greensboro City Fathers With Petitions.

Greensboro.-The most interesting and by far the most largely attended meeting of the board of city commissioners held since Greensboro's commission form of government went into effect was that of a few days ago. Delegations from the Greensboro Retail Merchants' Association, the Guilford County Farmers' Union and a massmeeting held in the county court house, reinforced by citizens from both town and country, appeared and asked for a modification of the milk and meat inspection ordinance and the repeal of the ordinance prohibiting farmers stopping their vehicles on Elm and certain other streets and offering their produce for sale.

After numerous arguments had been made, the commissioners voted to repeal the street sales ordinance, the same to become effective at once. for cocaine supplies to dealers in Vir- Further consideration of the milk and meat inspection ordinance was deferr-

The farmers have asked that they stringent against druggists, so far as of driving their cattle, hogs, etc., to house. They do not object to an inspection of the fresh meat after it reaches the local market, but the caine distribution, the purchase of the farmers contend that it is unjust to force them to drive cattle and stock traced to this Greensboro supply firm, to Greensboro for slauzhter, and it is not to be disputed that they made out a strong case before the commis-

> It is common street talk that the commissioners will be subjected to the recall provided for in the city demanded.

#### Are To Shoot at Camp Perry.

A team of expert riflemen that will represent North Carolina national guard in the national shoot at Camp Perry, the teams to leave the state 30 retailers of cocaine, nearly all of and return September 1, are just anthem being negro men. ## THE COTTON CROP IS GOOD TO FAIR

LITTLE DAMAGE HAS BEEN DONE BY DROUGHT, RAINS OR BOLL WEEVIL.

#### BETTER THAN THE AVERAGE

Cotton Is Slow in Maturing This Year May Be Exposed to Frost.

Memphis, Tenn.-The Commercial Appeal weekly cotton crop review

"Lack of rainfall in the Carolinas, part of Oklahoma and Texas and western Oklahoma gives rise to complaints of shedding of a rather severe kind, while in all other states excessive rainfall is producing a very rank growth of stalk, is retarding the proper setting of new bolls, and is rotting a few already made.

"The natural maturity of the plant is also being delayed, and the crop will be exposed to unusual danger from frost if the rains continue.

"Preceding the inauguration of this drouth in the extreme east and the southwest and heavy rains in the central states the plant was well fruited and comparatively early in growth, so that, although the loss has been rather heavy during the past two weeks, the promise is still good to fair. On the bright side it is also worthy of note that in many localities showers have been neither excessive nor scant, and the crop is extremely good.

"Except in Texas and South Carolina, but little cotton picking has been done, and the bolls are opening slowly because of the continued growth of the plant due to the rfains. The boll weevils in southern Mississippi and Louisiana now appear active enough to stop all further setting of squares. The worm damage has not been ex-

"Texas correspondents report that a good soaking rain within the next week will restore much of the loss, and enable the plant to make a late

Montgomery, Ala.-Alabama's cotton crop has not been damaged as much as some of the alarmists and pessimists have predicted. Reports to The Advertiser from practically every county in the state indicate that the injury from the caterpillar, cotton worm and other pests is inconsequential. That there has been some deterioration is true, due much to the rain, which has caused the weed to take on abnormal growth at the expense of fruiting. This deterioration is from the condition of several weeks ago, when every indication pointed to the largest and most perfect crop ever grown in Alabama. With regard to the normal, the average crop of recent years, the reports show that the crop even now is better than the average, and with continued dry weather and no unusual hot waves, the fruit will develop more rapidly and with better results w
