We acknowledge a pleasant call on yesterday from Mr. J. O. Highsmith, one of Roper's most progressive merchants. Mr. H.

had his name placed on our subscription list and left a nice order for job work. Thanks.

The merchant who sends out of his county for his job printing not only sends his money where he know it will not work back to him, but encourages his county paper to work for out-of-county advertising and his neighbor to send out of the county for such goods as could be bought at home. Is this not true?

The Naval Veterans of the U. S., and of the Confederate States are arranging to have next month, some afternoon, what to the Soldiers would be a "Camp Fire", but for sailors is a "Dog Watch", (something like a Smoker.) As Beans and Pork are "de rigour" at a Campfire, so no Dog Watch would be complete without Lobscouse and Dunder-Funk as well as Plum Duff; between the courses the Main Brace would be spiced in good and ancient form. The Banquet room of the Mason's Hall at Virginia Beach has been kindly placed at the Naval Vets' disposition, and it is expected that about 50 men who did their duty on the "Merimac," the "Minnesota," the "Shenandoah," the "Wabash," the "Albemarle," the "Lancaster," the "Yorktown," "James-town," etc., etc., will be present. It is well understood that each participant is pledged to either Spin a Yarn, Sing a Song, Whistle a Tune, or Dance a Lurppee. The committee in charge is: A. J. Dalton, 29 Williams St., and A. L. Lowe, 103 Plume St., Norfolk, to whom all interested can apply for further particulars.

Your visit to the mighty Haag shows Plymouth afternoon and evening Sept. 26th, will not be complete without a tour of the colossal canvas equerry, even though you are not a lover and admirer of blooded stock, it is claimed you will find an hour of genuine pleasure and much to interest you inspecting the drove of horses and ponies. For the last year agents have been in the different parts of the world making purchases for this department, with a result that to-day that Mighty Haag shows possess one of the largest, most varied and costly collection of representative members of the equine family which wealth can procure, and it is doubtful if anywhere near the like has ever been exhibited before. Certainly never by any traveling shows.

Ladies and children are particularly invited to this horse fair which all may safely do without escort, as uniformed and courteous attendants are always present, to look after the welfare of callers.

**A New Enterprise for Plymouth**

A new enterprise, and one which has long been needed here is a machine shop, and one is to be at once erected. The promoter of this new venture is Mr. Chas. Wilson, and the building is to be located on the water part of the lot owned by the Plymouth Light and Ice Co., to be in the rear of the present power house and to face on Monroe street. The tools and machinery has already been ordered. The shops will be under the management of Mr. R. W. Stubbs, who is a first-class machinist, and well known to our people.

We believe this enterprise will pay well from the start.
