King of Externals for Colds Croup and Pneumonia.

I have found Gowans an efficient and reliable preparation in all cases where a powerful counter-irritant is needed, and also possessing such decided anodyne properties that I cannot resist the desire to endorse it as far and away superior to any preparation of its class that has come under my observation. I do not think any household can afford to be without it and I shall most certainly advise all dropouts of my acquaintance to stock up with it.

FOR DELICATE CHILDREN

A Mother's Letter to Mothers.

Mrs. E. W. Cooper of Bloomfield, N. J., says: "My child, seven years old, had a bad cold and was weak and quite run down in health. She had been in this condition for about six weeks when I began giving her Vinol. It was a wonderful help to the child, breaking up her cold quickly and building up her strength beside. I have also found Vinol a most excellent tonic for keeping up the children's strength during a siege of whooping cough."

Vinol is a wonderful combination of two world-famed tonics—the medicinal body building elements of cod liver oil and iron for the blood, therefore it is a perfectly safe medicine for children, because it is not a patent medicine, everything in it is printed on every package, so mothers may know what they are giving their little ones.

Therefore we ask every mother of a weak, sickly or ailing child in this vicinity to try Vinol on our guarantee.

ADMINISTRATRIX NOTICE.
