A petition to the General Assembly was circulated here this week to revoke the charter of the Town of Roper, and while many of our best citizens signed it, it is not generally taken seriously, but regarded by some as a joke. The petition gave no reason why the charter should be annulled and some who signed same have already expressed regret at their action which subjects them to criticism of more conservative element in our community. Such action would be a step backward, if not a calamity.

FRAIL, SICKLY CHILD Restored to Health by Vinol-Letter to Mothers.

Anxious mothers often wonder why their children are so pale, thin and nervous and have so little appetite. For the benefit of such mothers in this vicinity we publish the following letter. I, Edmund Miller, New Haven, Conn., speak of my daughter, ever since her birth had been frail and sickly, and was a constant source of worry. Several months ago we commenced to give her Vinol. I immediately noted an improvement in her health and appearance. I gave her three bottles of Vinol, and from the good it has done her I can truly say it will do all you claim. This child's recovery was due to the combined action of the medicinal elements extracted from cods' livers, combined with the blood-making and strength-giving properties of tonic iron, which are contained in Vinol. Vinol will build up and strengthen delicate children, old people and the weak, run-down and debilitated. We return the money in every case where it fails.
