

## Plymouth's Business Men Meet.

Our Business Men Are Awakening to our Natural Advantages and to our Present and Future Needs

### THEY MEAN BUSINESS.

On the evening of March 28th, the business men of Plymouth had a special meeting for the purpose of further reaching out and enlarging its trades and industries and a general getting-together on everything that concerns us as business men and the development of our little city.

The meeting was pronounced a rousing success, and this was largely due to the part the ladies had in it. They, of course, always make everything they get into a success, and they made good in this instance.

We had on this occasion to address us, Mr. B. E. Rice, Land and Industrial Agent of the Norfolk-Southern Railroad, and his remarks were very valuable to us, as he showed us how to help others, and at the same time help ourselves. Especially did he impress upon us the importance of giving every assistance to the development of our agricultural districts.

Plymouth has been content for many years to be small and unnoticed, but its main and important industries and trades are in the hands of practically young men. With a few exceptions, all the active business men are under forty years of age. Plymouth will, within the next few years, be one of the most important towns in the Carolinas as it has nothing to prevent its growth in every line of business. Therefore, "Watch Plymouth Grow."

Plymouth is noted for many things that will be of interest to those outside, and possibly to many of us who live inside its borders.

Plymouth has the best and most modern retail establishments of any town its size in the South. Every store is fitted up with the most modern store fixtures, and have nice, large plate glass fronts.

You can buy in Plymouth anything used by the civilized world, and at a price in keeping with your circumstances. Goods are on display every day as though there was a bargain sale going on, and really you will consider almost every purchase a big bargain, and you will always get full value for your money.

Almost every business is owned and operated by a self-made man, as most every one started with little or no capital, and they have made good. They are men who have started out in life with one purpose, and that was to give every one a "Square Deal." Plymouth feels proud of her business men.

Plymouth has the largest industry of its kind to be found in

the whole world, known as the Wilts Veneer Co., who employ several hundred men to operate its plant. They are now at work building one hundred additional houses to be occupied by those whom they employ.

We also have another very large and valuable mill known as the Plymouth Lumber Co. They also employ several hundred men to operate their works. They manufacture all kinds of Box Shooks and rough and dressed lumber.

We have several other very important industries, which are as follows: Ice plant, capacity about 20 tons per day; Roanoke Milling Co., which manufactures Meal, Hominy, Chops and Feed stuff, and other milling industries known as the Walker & Myers Saw Mill, the Sullivan Lumber Co., the Plymouth Brick and Tile Co., and others.

We understand that we will soon have a wholesale Grocery store, Cotton mill, Peanut factory Cotton seed oil mill, and other important industries.

"Watch Plymouth Grow." A BOOSTER.

## Christmas Savings Club Suggestions From Other Cities.

**CHRISTMAS SAVINGS CLUBS**—such as we are conducting, are very popular in many other cities and towns in this and other States.

### IN SEVERAL CITIES

100 or more members of a congregation have joined and will use their combined savings as a fund next Christmas towards paying church debts.

### IN SEVERAL TOWNS

The members of Sunday School classes have joined, and in each instance will club together and use the money for the purpose of buying the teacher a present

### IN OTHER TOWNS

Societies, Churches, Sunday Schools, Charity and other organizations have joined to save money for a specific purpose.

**THE** plan is an excellent one, and can be applied to a number of commendable enterprises. The small amounts payable weekly into the Club can be spared by each person without inconvenience, and when a number of persons associate together for a special purpose the combined results of their efforts will be a large sum which may be applied as a Christmas offering or used in other ways for a good cause.
