### ARRANGEMENT OF NEST BOX

Canadian Expert Recommends Use of Earth or Overturned Sod, Covered With Straw or Chaff.

A nest can be made out of an old box about 12 inches square and six inches deep. Professor Graham of the Ontario Agricultural college recommends that "some earth or an overturned sod be placed in the bottom of the box, taking care to have the corners very full so that no eggs can roll out from the hen and get chilled. Next put on about two inches of straw or chaff; and then put a few earthenware eggs into the nest. Place the nest in some pen where nothing can disturb the hen, and put her on after dark. Feed and water must be within easy reach and a dust bath should also be convenient. If the hen is setting quietly the next day it will be safe to put the eggs under her."

Another nest box that has given considerable satisfaction, is made in three compartments. A 12 inch board cut in three four foot lengths and one used for the top, one for the back, and the other for the bottom. The partitions and ends are made of the same material cut in one foot lengths. Along the front is a four inch strip to keep in the litter. To this is hinged a slatted door, which, when opened forms a platform in front of the nest. The work of filling the nests and setting the hen can be proceeded with as already described. These boxes may be piled one above the other.

Arrangement of Nests.

When the hens are let off the nests to feed, the doors of the nest boxes should be closed, which compels the hens to remain on the floor until they have had a chance to feed. The hens will not return to the same nests, but this is rather likely to be of benefit than otherwise. All hens do not set at exactly the same temperature, and an occasional change averages up the temperature for all the settings of eggs.

No hen should be allowed to set, unless she is free from lice. The inaction of the bird is conducive to rapid multiplication of any lice there may be on her. These will make her irritable and a poor setter. In addition, should she bring off a hatch in such a condition, the chicks will be open to infection. Dust the hen well with flowers of sulphur or some other insect powder before setting, and again a day or two before the hatch finishes.

About the seventh day the eggs should be tested, the infertile ones removed, and the balance put back in the nests. After testing it is usually found that the eggs from four hens can be put under three. This leaves one hen with no eggs, and a new setting can be put under her.

When the chicks arrive two or three batches can be put with one hen, which leaves more hens at liberty to sit, or if there is no more hatching to be done they can be put back in the laying pens.

### DOULTRY NOTES

The day before shipping live fowls, feed hard grain.

Satisfying the appetite adds greatly to the thrift of the flock.

It is estimated that five chickens will yield a pound of feathers.

Cleaning dropping boards is a chore that cannot be done too often.

Whatever interferes with growth retards and diminishes egg production.

On cool, damp, rainy nights close all the ventilating windows of the hen house.

The very first thing to do on noticing signs of illness in a bird, is to isolate it.

The best nest for laying hens is close to the floor, darkened, and easily movable.

Feed plenty of charcoal, as it is one of the best things for keeping the poultry healthy.

Eggs cannot be produced without nutritious food in some shape. Bones are absolutely essential.

Do not forget that your fowls need green food. If it is impossible to give them a change of yard or runs, see that they get some kind of green food during the daily feed.

## DIZZY, HEADACHY, SICK, "CASCARETS"

Gently cleanse your liver and sluggish bowels while you sleep.

Get a 10-cent box. Sick headache, biliousness, dizziness, coated tongue, foul taste and fowl breath—always trace them to torpid liver; delayed, fermenting food in the bowels or sour, gassy stomach. Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels. A Cascaret to-night will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means your head clear, stomach sweet and your liver and bowels regular for months. Adv.

### The Sacred Ballot.

Propose the "sacredness" of the ballot, after the last election in which I took part, I asked a laborer (who had nothing to fear from me) how he voted. "God knows," was the answer "I don't."

"Not know how you voted?" I said: "what on earth do you mean?" "Well, sir," he explained, "this here ballot is sacred, ain't it? So I sez, 'Let God decide,' and I sez a prayer to him, and I shuts my eyes and makes my mark. He knows where I puts 'em, I don't."—Correspondence of the London Observer.

Leinarts, Tenn.—Mrs. Martha Walls, of this town, makes the following statements for publication: "I feel it my duty to tell you what your medicine, Cardui, the woman's tonic, has done for me.

For four (4) years I suffered terribly with womanly troubles, and I found no relief in different medicines which I took. Finally, I began to take Cardui, the woman's tonic, and after taking six bottles I am completely cured. I feel like a different person altogether. All the pains are gone, and I am in better health than I have been in for four years. Have gained a great deal in weight.

I still take Cardui as a tonic. My husband, as well as myself, cannot praise it too highly.

I hope this letter will induce other poor, suffering women to try Cardui, for it is the best medicine in the world for women."

## The New Birth

By REV. HOWARD W. POPE  
Moody Bible Institute, Chicago

TEXT—Except a man be born again he cannot see the kingdom of God. John 3:3.

Nicodemus was a good man, and an earnest seeker after truth: It was for this reason doubtless that he came to Jesus by night, in order that he might have an uninterrupted interview. He acknowledges the divinity of Jesus, and though an official teacher of the Bible himself, he humbly takes the place of a disciple. If I mistake not, this was his attitude: "Teacher, I have many rules and precepts by which I govern my life, but when I hear you speak, I feel as if I knew nothing. O, teacher, tell me your rule for holy living! Tell me all you know!"

And the master replied, "Nicodemus, you are trying to save your soul by good works; by fasts, and gifts, and sacrifices. This is not the way. What you need is not new rules, but a new heart; not learning, but life; and life always begins with birth. 'Except a man be born again, he cannot see the kingdom of God.'"

**What the New Birth Is Not.**

It is not an improvement of the old nature. The bible represents human nature as hopelessly bad, incurably sinful.

It is blind: "And when we shall see him, there is no beauty that we should desire him." (Is. 53:2.)

It is wicked: "The heart is deceitful above all things and desperately wicked." (Jer. 17:9.)

It is at enmity with God: "The carnal mind is enmity against God." (Rom. 8:7.)

It is dead: "And you hath he quickened who were dead in trespasses and sins." (Eph. 2:1.)

This is human nature as God describes it. It is not capable of improvement, and God does not attempt it. "Not subject to the law of God, neither indeed can be." (Rom. 8:7.)

When a bell has been cracked it gives out a hoarse guttural sound which is very annoying. You may bind it with hoops and bands, but nothing will restore the clear sweet tone. The only remedy is to send it back to the factory, melt it over, and recast the bell.

**What Is the New Birth?**

It is the imparting of a new nature which is Jesus Christ. "A new heart will I give you, a new spirit will I put within you."

I have a friend who has six acres of greenhouses. A large part of his business is the culture of roses. He imports the wild stock from Ireland because it is peculiarly hardy. He does not put the wild rose-bushes into the greenhouse just as they are, and cultivate them. If he did, he would obtain only wild Irish roses which are not worth ten cents a thousand. The first thing he does with the wild stock is to graft it with buds from the choice roses which he wishes to produce. Then he places it in the greenhouse, and uses all the appliances known to modern flower culture, and the result is—those elegant General Jacquet and American Beauty roses which sell for several dollars a hundred.

Man is like the wild rose. He cannot produce the fruit of the spirit because there is no holy spirit in him, until Christ has been accepted. Neither can he forgive his sin, nor resist its power. God's way is to impart unto him a new divine nature which is able to overcome sin, and produce the fruit of righteousness.

By believing God's word. Man was lost by doubting God's word, he is saved by believing it. "Being born, again, not of corruptible seed, but of incorruptible, by the word of God, which liveth and abideth forever." (1 Pet. 1:23.) "Whereby are given unto us exceeding great and precious promises, that by these ye might be partakers of the divine nature." (2 Pet. 1:4.)

**The Results of the New Birth.**

I. An immediate deliverance from the guilt of sin. "There is now no condemnation to them that are in Christ Jesus." (Rom. 8:1.)

II. A consciousness of divine sonship. "Because ye are sons, God hath sent forth the spirit of his son into your hearts, crying, Abba, father." (Gal. 4:6.)

III. A love for other Christians. "We know that we have passed from death unto life because we love the brethren." (1 John 3:14.)

When an egg is laid, in the midst of the white fluid floats a little germ of life, which though invisible, yet contains the chick which is to be. Day by day during the process of incubation the germ of life grows and the white fluid disappears, until at length the chick steps forth from the shell, and the white fluid is all gone.

So when one is born of God the Christ-life enters and coexists with the self-life.

## GOOD MEN ARE DISSATISFIED

Feel That They Don't Measure Up to Own Standards Every Day in Week.

So you feel that you're a failure because you don't measure up to your own standards, every day in the week?

Buck up, brother! That's the way all good, go-ahead men feel sometimes!

If they weren't dissatisfied with their performances as well as their promises, they'd be trotting around in a circle; and that means business dry rot, if anyone asks you.

A certain amount of self-dissatisfaction is the best tonic in the world for the genius, man. It keeps him from broodin' on bein' a man—like David Harum's flea-bitten dog, you know!

As long as you can find fault with yourself and your works, you're alive, my friend.

When you get to the point where you feel sorry for other men because they aren't such good salesmen, or managers, or presidents—or porters—as you, then is the time for the doctor to put you on a diet and prescribe perfect quiet—to keep you, from going crazy about yourself!

Don't get the glooms over self-distrust. Ambition and dissatisfaction are half brothers, anyway! — Exchange.

### No Need for More.

Giles met an acquaintance on the street the other day, although he artfully tried to avoid him.

"Hello, Giles, dear boy!" exclaimed the other. "So glad to see you. I'm going to London next week. Can I do anything for you?"

"No, goings enough, thanks," replied Giles, moving on.—Lippincott's.

Bienville, La.—"I was troubled with eczema in my hands for several years. The skin would break and look like it had been cut with a knife and my hands were so sore I could hardly bear to put them in water and could hardly use them. When I used them the blood would run out. They would heal a little and then they would get worse than ever again. They were very painful. The eczema got to breaking out on my arms in pimples which itched and burned very badly.

"I used different remedies, also used all kinds of facial creams and—on my hands and arms and I did not get any relief until I used Cuticura Soap and Ointment. I cured my hands and eczema with Cuticura Soap and Ointment." (Signed) Miss Fannie Mostiller, Oct. 5, 1912.

## DOCTORS DID NOT HELP HER

But Lydia E. Pinkham's Vegetable Compound Restored Mrs. LeClear's Health—Her Own Statement.

Detroit, Mich.—"I am glad to discover a remedy that relieves me from my suffering and pains. For two years I suffered bearing down pains and got all run down. I was under a nervous strain and could not sleep at night. I went to doctors here in the city but they did not do me any good."

"Seeing Lydia E. Pinkham's Vegetable Compound advertised, I tried it. My health improved wonderfully and I am now quite well again. No woman suffering from female ills will regret it if she takes this medicine."—Mrs. JAMES G. LECLEAR, 336 Hunt St., Detroit, Mich.

### Another Case.

Philadelphia, Pa.—"Lydia E. Pinkham's Vegetable Compound is all you claim it to be. About two or three days before my periods I would get bad backaches, then pains in right and left sides, and my head would ache. I called the doctor and he said I had organic inflammation. I went to him for a while but did not get well so I took Lydia E. Pinkham's Vegetable Compound. After taking two bottles I was relieved and finally my troubles left me. I married and have two little girls. I have had no return of the old troubles."—Mrs. CHAS. BOELL, 2650 S. Chadwick St., Phila., Pa.
