

TORTURING TWINGES

Much so-called rheumatism is caused by weakened kidneys. When the kidneys fail to clear the blood of uric acid, acid forms into crystals like bits of broken glass in the muscles, joints and on the nerve casings. Torturing pains dart through the affected part whenever it is moved. By curing the kidneys, Doan's Kidney Pills have cured thousands of rheumatic cases, sciatica, gravel, neuralgia and urinary disorders.

NORTH CAROLINA CASE
J. F. Williams, Arden St., Marion, N. C., says: "I was run down from kidney trouble and doctors held out no hope for me. I hadumatic pains, I didn't sleep well and was nervous. The doctor said I was in bad shape. At last I began taking Doan's Kidney Pills and they cured me. I won't had the slightest sign of kidney trouble since."

Are You Suffering From Auto-Intoxication?

The dictionary says that Auto-Intoxication is "poisoning, or the state of being poisoned, from toxic substances produced within the body." This is a condition due to the stomach, bowels, kidneys, liver, or pores of the body failing to throw off the poisons. More than 50% of adults are suffering from this trouble. This is probably why you are suffering from nervousness, headaches, loss of appetite, lack of ambition, and many other symptoms produced by Auto-Intoxication. Your whole system needs stirring up.

DR. PIERCE'S GOLDEN MEDICAL DISCOVERY

It will remedy the trouble. It first aids the system to expel accumulated poisons. It acts as a tonic and finally enables the body to eliminate its own poisons without any outside aid. Obey Nature's warnings. Your dealer in medicines will supply you, or you may send 50c for a sample package of tablets by mail. Address Dr. R. V. Pierce, Buffalo, N. Y.

More Convenient.
Did the baby take his prepared food avidly, nurse?"
No'm; he took it with a spoon."

HILLS AND FEVER AND AGUE
Promptly Cured by **Elkix Babek**.
Recommended by **Elkix Babek** to all sufferers of Malaria and Chills. Have cured for several years have tried everything, but failed, until I came across your wonderful medicine. Can't say it has cured me.—George J. Company, G. 4th Battalion.

The average married man is the kind husband that makes the neighbors sorry for his wife.

Whenever You Need a General Tonic
Take Grove's
The Old Standard
Grove's Tasteless chill Tonic
Equally Valuable as a General Strengthening Tonic, Because it Acts on the Liver, Drives Out Malaria, Enriches the Blood and Builds Up the Whole System.
You know what you are taking when you take Grove's Tasteless chill Tonic, as the formula is printed on every label, showing that it contains the well-known tonic properties of QUININE and IRON. It has no equal for Malaria, Chills and Fever, Weakness, General Debility and Loss of Appetite. Gives life and vigor to ailing Mothers and Pale, Sickly Children. A True Tonic and Sure Appetizer. It grows people and children. Guaranteed by your Druggist. We mean it. 50c.

No. SIX-SIXTY-SIX

This is a prescription prepared especially for Malaria or Chills and Fever. Five or six doses will break any case, and if taken then as a tonic the fever will not return. 25c.—Adv.

Naturally Fortified.
"I am afraid that man is going to say something he will be sorry for."
"Don't worry," replied Miss Cayenne; "people who make a specialty of reckless talk seldom have the discernment to be sorry."

AS FIT AS A FIDDLE

is a condition everyone would like to boast of. It may be that all you need is two or three Wright's Indian Vegetable Pills just before going to bed. Trial box free. 372 Pearl street, New York.—Adv.

Both Ways.
"That was a raw deal he got."
"Yes, but you must confess it was well done."

Every time a man sows wild oats he gets a lot of innocent people to help him harvest the crop.

SHEAR THE SHEEP EARLY IN THE SPRING

A Combination Grain and Hay Rack So Constructed That the Litter Cannot Fall on the Necks and Shoulders of the Sheep.

Do not wait too long in the spring before shearing. There is nothing gained and it is a question whether or not the sheep do as well carrying a heavy fleece after the weather begins to warm up as without it.

It will do no harm to shear just as soon as the heavy frosts of spring are over, but of course a dry, warm shelter must be ready for the sheep at night.

This shelter should always be left open in the day time so the sheep can

A Nine-Pound Fleece in Good Condition and Properly Tied With the Flesh Side Out.

run into it in case of rain. A wet sheep is always in danger of taking cold, and "snuffles" are harmful. The sheep should always be driven to shelter when a rain comes on, although if the shed is convenient to the pasture they will generally go into it of their own will, particularly when a gusty, heavy wind and rain-storm comes on.

Lambs are silly pates and must always be shown things. If they are made to enter the shed with the mother in time of storm they will soon learn to do so always, but they must be watched or else they may wander about in the rain and get soaked and chilled and die.

If the sheep carry heavy coats during the rainy spring months they are likely to become soaked, because they will often stay out till they feel the water on their hides. Once a heavy fleece is thoroughly wet through, it takes a long time to dry out, particularly in cloudy weather.

This is one reason why sheep should be sheared early as possible. On the home farm of the writer we always sheared our sheep in March and with good results, both as to the wool crop and the health of the sheep. We used the old-fashioned spring, sharp-pointed shears, but the hand machines of today are much better. Some men who go about from farm to farm shearing sheep still use the old hand shears and an expert will do very well with them, but the amateur will make sad work of the shearing and clip many a piece from the animal's skin.

With a hand machine a small flock can be quickly disposed of by the owner of the flock, who should always do his own shearing. For large flocks the power machines in the hands of experts do the work rapidly and well.

GENERAL FARM NOTES

If the sow eats her young, it is a direct reflection upon the feeder.

Lime should frequently be scattered around the poultry house as a disinfectant.

The quickest and surest way to down competition is to produce better stock.

When the chicks stand around listlessly and peep, lice very often are to blame.

High roosts, when one keeps the heavy breeds, are conducive to bumblefoot and leg weakness.

Wet mashers are better for fattening fowls because they are more easily digested than dry feeds.

The lack of good, sharp grit is the cause of many poultry ailments. Indigestion is one of the principal ones.

When the sow begins to carry straw it's time to put her in comfortable quarters and to watch for the litter to come.

One of the best disinfectants for a dairy barn is sunlight. After the windows are installed, the cost is nothing.

Chicks ten to twelve weeks old are ready for the broiler market and they ought to weigh two pounds by that time.

A good feed of raw onions is a tonic and an appetizer for fowls. Feed them in the mash if the fowls refuse them alone.

One of the successful ways to grub out white grubs in old sod ground is to enlist a drove of active pigs in the good work.

There should be plenty of clean fresh water in the pens or runs where fowls can have access to it every minute in the day.

Biting Off Too Much.
If you undertake to farm more land than you can properly care for, the weeds will divide the profits with you and your subsoil moisture will evaporate for lack of sufficient cultivation.

Sick Women Attention

Is it possible there is a woman in this country who continues to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial after all the evidence that is continually being published, which proves beyond contradiction that this grand old medicine has relieved more suffering among women than any other one medicine in the world?

We have published in the newspapers of the United States more genuine testimonial letters than have ever been published in the interest of any other medicine for women—and every year we publish many new testimonials, all genuine and true. Here are three never before published:

From Mrs. S. T. Richmond, Providence, R. I.

PROVIDENCE, R. I.—"For the benefit of women who suffer as I have done I wish to state what Lydia E. Pinkham's Vegetable Compound has done for me. I did some heavy lifting and the doctor said it caused a displacement. I have always been weak and I overworked after my baby was born and inflammation set in, then nervous prostration, from which I did not recover until I had taken Lydia E. Pinkham's Vegetable Compound. The Compound is my best friend and when I hear of a woman with troubles like mine I try to induce her to take your medicine."—Mrs. S. T. RICHMOND, 199 Waldo Street, Providence, R. I.

A Minister's Wife Writes:

CLOQUET, MINN.—"I have suffered very much with irregularities, pain and inflammation, but your wonderful medicine, Lydia E. Pinkham's Vegetable Compound, has made me well and I can recommend the same to all that are troubled with these complaints."—Mrs. JENNIE AKERMAN, c/o Rev. K. AKERMAN, Cloquet, Minnesota.

From Mrs. J. D. Murdoch, Quincy, Mass.

SOUTH QUINCY, MASS.—"The doctor said that I had organic trouble and he doctored me for a long time and I did not get any relief. I saw Lydia E. Pinkham's Vegetable Compound advertised and I tried it and found relief before I had finished the first bottle. I continued taking it all through middle life and am now a strong, healthy woman and earn my own living."—Mrs. JANE D. MURDOCH, 25 Gordon St., South Quincy, Mass.

Write to LYDIA E. PINKHAM MEDICINE CO. (CONFIDENTIAL) LYNN, MASS., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

WINTERSMITH'S CHILL TONIC
FOR **MALARIA** and as a **TONIC**
If not sold by your druggist, will be sent by Parcels Post on receipt of price. Arthur Peter & Co., Louisville, Ky. OLDEST BEST

Gives Credit to His Wife.
A woman is said to have drawn the designs for Canberra, the new capital of Federated Australia, says a Melbourne correspondent. Mr. Griffin, the American architect whose plans were adjudged in open competition to be the best, has declared in public that his wife is practically the designer of all the works that have emanated from their house. "My wife is the genius. I am only the business man," said Mr. Griffin, who is returning shortly to America to bring out his domestic genius to Australia.

IF YOUR SKIN ITCHES, JUST USE RESINOL

The moment that Resinol Ointment touches itching skin, the itching stops and healing begins. That is why doctors have prescribed it successfully for more than eighteen years in even the severest cases of eczema, tetter, ringworm, rashes and other tormenting, unsightly skin eruptions. Aided by warm baths with Resinol Soap, Resinol Ointment restores the skin to perfect health and comfort, quickly, easily and at little cost.

You need never hesitate to use Resinol. It contains absolutely nothing that could injure the tenderest skin—even of a tiny baby. All druggists sell Resinol Ointment (50c and \$1.00), and Resinol Soap (25c).—Adv.

FREE TO ALL SUFFERERS

If you feel "out of sorts" "not up to the mark" suffer from indigestion, headache, nervousness, chronic weakness, dizziness, skin eruptions, piles, write for FREE CLOTH BOUND MEDICAL BOOK OF THESE DISEASES AND WONDERFUL CURES effected by THE NEW RENOVATING REMEDY No. 1 No. 2 No. 3. No follow up' regulars. No obligations. DR. L. H. GREEN, MED. CO., HARTFORD, CT., HARTFORD, LONDON, IND., N.Y. WE WANT TO PROVE THERAPION WILL CURE YOU.

2 TOURS TO EUROPE

Personally Conducted Select Parties. Sailing June 4th, duration 32 days, \$75. Sailing June 11th, duration 29 days, \$65. For particulars and full itinerary, apply to ELI AXLSWORTH, PROVIDENCE, R. I.

KODAKS & SUPPLIES

We also do highest class of finishing. Prices and Catalogue upon request. S. Galeski Optical Co., Richmond, Va.

DROPSY TREATED

Relief, usually gives quick relief, soon removes swelling, a short course, often gives entire relief in 10 to 20 days. Trial treatment sent free. Dr. THOMAS E. GREEN, Successor to Dr. H. H. Greens Sons, Box 0, Atlanta, Ga.

WANTED

Men to become ice cream makers. Year around job. Excellent pay, also men who have worked in dairies and cheese factories. Send references. BOX 785, ROANOKE, VA.

RHODE ISLAND ELEPHANT AND CAMPBELL'S the greatest eye cure. Each \$1.00 per bottle. Free booklet. Old Va. Foultry Farm, Lawrenceville, Va. W. N. U., CHARLOTTE, NO. 17-1914.

PEST REFUSED ADMITTANCE

Shipment of Cotton Seed, Infested by Pink Boll Worm, Intercepted by Government Officials.

(Prepared by the United States Department of Agriculture)
The federal horticultural board has intercepted a shipment of cotton seed from Egypt which was found to be heavily infested by the so-called pink boll worm. This is a result of the quarantine against cotton seed which was promulgated by the board some time ago. The seed, which was intended for planting in Arizona, arrived in Boston, where the customs officials, under instructions from the board, obtained possession of it.

The pink boll worm is the most serious cotton pest in Egypt. In that country it does as much damage as the boll weevil in this country. The possibility of reducing the damage it causes has been considered by governmental commissions and conferences for several years. Like the boll weevil, it works for the greater part of its existence within the bolls. Frequently it makes its way inside the seeds, where it can live for an indefinite time. In fact, in experiments performed in the ministry of agriculture in Egypt it was found that the worms have lived for as long as seven months in seed in storage.

PEANUTS AS SOIL IMPROVER

Goobers Do Well on Any Dry Soil and Are Easily Cultivated—Hogs Are Fond of Them.

We have raised Spanish peanuts for hogs for the last seven years. Last season we had 18 acres and the last of September turned in 94 head of hogs, large and small. I would rather have one acre of peanuts for hogs than two acres of corn. With corn and peanuts in the same field hogs will eat the "goobers" first, writes J. E. Sammon of Sherman, Tex. In the Missouri Valley Farmer. The goobers do well on any dry soil, and are easily cultivated. If half the vines are covered in cultivating all the better. Last year we gathered half an acre by measurement for seed, and when cured and dry they weighed out 42 bushels, 30 pounds to the bushel. The hay from the vines is superior to alfalfa if saved. If the nuts are "hogged" down, the soil is improved each year. The roots of the peanut gathers bacteria, which form nitrates in the soil, although not to the same extent as stock peas. Peanuts are a valuable crop in thin soils and should be experimented with in the corn belt if hogs are kept to gather them.

Keep Vigorous Brood Sow

As a rule the old brood sow should be kept as long as she remains vigorous; she knows better how to raise her suckling pigs than the younger mothers.

Very Important Crop.

Hay is a very important crop where there are animals to feed. No farmer can afford to buy hay for his animals with cotton his children produce. A liberal acreage in hay should be planted so that the animals will be properly cared for.
