"We Do Things"—Baraca.

On Tuesday night last the Baraca Class of the M. E. Church held a called business meeting and the small attendance and lagging interest was a cause for immediate action on the part of the executive body to devise some way to create enthusiasm and interest among the members, and various manners of amusement have been docketed for the approval of the majority of the class at their next business meeting which is to be held next Tuesday night in the Methodist Church at 8 o'clock. There are 23 members now on roll and a strong desire is maintained to double that, and more if possible, during the month of July.

There are no restrictions imposed upon the class in the nature of applicants, everybody is welcome, Baptist, Disciple, Episcopal and Methodist alike and an urgent request is made that all young men of 16 years and over, that can do so without neglecting the church of which they are members, come out Sunday morning at 9:30 and have their names enrolled upon the Baraca Roll Book so that they may share the advantage emanating from this society.

A MESSAGE TO WOMEN

Who are "Just Ready to Drop."

When you are "just ready to drop," when you feel so weak that you can hardly drag yourself about—and because you have not slept well, you get up as tired out next morning as when you went to bed, then you need help right away.

Miss Lea Dumas writes from Malone, N. Y., saying: "I was in a badly run-down condition for several weeks, but two bottles of Vinol put me on my feet again and made me strong and well. Vinol has done me more good than all the other medicine I ever took."

If the careworn, haggard men and women, the pale, sickly children and feeble old folks around here would follow Miss Dumas' example, they, too, would soon be able to say that Vinol, our delicious cod liver and iron remedy, had built them up and made them strong.

It is a wonderfully strengthening and invigorating body-builder, and we sell it under an iron-clad guarantee of satisfaction. You get your money back if Vinol does not help you.

Moving Pictures Produce Wonderful Things.

THE WHITE GHOST OF DISASTER.

The million dollar motion picture spectacle, "The White Ghost of Disaster" which is booked here for the first time in this city, at the AIRDOME on next Wednesday, July 8th is unquestionably a marvelous film. The film presents the story of the Titanic in actual motion, and bring right before the eye the collision with the giant iceberg as well as everything that happened before and after. We see the explosion of the big boilers, the disturbance among the passengers, and the water gushing into the different compartments of the ship. The wireless room is shown, and all that took place within. The principal characters are recognized all the way through the film, in fact every detail in this, the greatest marine tragedy, is worked out with greatest care and the patrons of the AIRDOME are assured an unusual attraction in the "White Ghost of Disaster."
