

# NORTH CAROLINA IS MARKABLE STATE

GREATER PER CENT OF NATIVE BORN PEOPLE THAN ANY OTHER STATE.

## PATCHES FROM RALEIGH

News and Happenings That Mark the Progress of North Carolina People Gathered Around the State Capital.

### Raleigh.

North Carolina, according to the abstract of the thirteenth census of the United States, taken in 1910, is the most remarkable State. She has more native born people—a greater per cent—than any other state in the Union. At the same time she has sent abroad more of her sons and daughters than most other states.

Other States of the Union have drawn from the North Carolina population as follows: Maine, 160; New Hampshire, 107; Vermont, 91; Massachusetts, 3,832; Rhode Island, 541; Connecticut, 1,742; New York, 14,450; New Jersey, 7,720; Pennsylvania, 12,577; Ohio, 5,841; Indiana, 8,183; Illinois, 5,417; Michigan, 867; Wisconsin, 280; Minnesota, 524; Iowa, 2,081; Missouri, 7,258; North Dakota, 659; South Dakota, 400; Nebraska, 1,360; Kansas, 4,128; Delaware, 320; Maryland, 4,257; District of Columbia, 4,482; Virginia, 73,813; West Virginia, 9,174; South Carolina, 42,749; Georgia, 28,953; Florida, 17,642; Kentucky, 4,994; Tennessee, 29,066; Alabama, 8,722; Mississippi, 10,554; Arkansas, 15,459; Louisiana, 3,769; Oklahoma, 9,483; Texas, 18,863; Montana, 1,100; Idaho, 1,681; Wyoming, 521; Colorado, 2,746; New Mexico, 768; Arizona, 461; Utah, 588; Nevada, 156; Washington, 5,592; Oregon, 2,345, and California, 4,358.

The last census gives North Carolina a total population of 2,206,287, of this number 2,089,278 or 94.7 per cent were born in the state, and 108,605 or 4.9 per cent in other states, while 6,092 or 0.3 were born in foreign countries.

North Carolina has the smallest foreign born population of any state in the Union. Her foreigners come as follows: From Austria, 139; Bulgaria, Serbia and Montenegro, 2; Belgium, 5; Canada (French), 29 and (all others), 514; China, 61; Cuba and other West Indies, 43; Denmark, 36; England, 940; Finland, 18; France, 114; German, 1,074; Greece, 174; Hungary, 37; Ireland, 306; Italy, 521; Japan, 2; Mexico, 10; Netherlands, 28; Norway, 39; Portugal, 40; Roumania, 7; Russia, 711; Scotland, 235; Spain, 8; Sweden, 112; Switzerland, 68; Turkey (in Asia), 492; Turkey (in Europe), 107; Wales, 35 and all other nations, 95.

North Carolina has sent her sons to every state in the Union. It is estimated that about 2,000,000 of her sons spent their best days in other Commonwealths. In 1910 North Carolina had as residents from other states as follows: Maine, 268; New Hampshire, 141; Vermont, 203; Massachusetts, 668; Rhode Island, 134; Connecticut, 323; New York, 2,315; New Jersey, 509; Pennsylvania, 3,063; Ohio, 1,393; Indiana, 818; Illinois, 660; Michigan, 469; Wisconsin, 202; Minnesota, 100; Iowa, 235; Missouri, 482; North Dakota, 25; Kansas, 251; Delaware, 246; Maryland, 1,626; District of Columbia, 273; Virginia, 29,939; West Virginia, 903; South Carolina, 42,525; Georgia, 6,589; Florida, 675; Kentucky, 1,180; Tennessee, 8,104; Alabama, 1,377; Mississippi, 688; Arkansas, 393; Louisiana, 272; Oklahoma, 81; Texas, 629; Montana, 7; Idaho, 67; Wyoming, 12; Colorado, 103; New Mexico, 13; Arizona, 15; Utah, 18; Nevada, 20; Washington, 81; Oregon, 28; California, 123; Philippine Islands, 2; Porto Rico, 1; born at sea under United States flag, 10, and American citizens born abroad 127.

### Union of Live Stock Association.

Plans are now under consideration to make all County Livestock Associations and their members subsidiary to the state organization. It is thought that such an organization with the financial strength and moral backing of a state membership will be able to do much more effective work. At the next annual meeting of the state association direct steps will be taken toward this end.

### Tennessee Sends State Greetings.

Governor Locke Craig has received from the Legislature of Tennessee a copy of the resolutions passed by that body in response to resolutions passed by the North Carolina General Assembly at the recent meeting in reference to the Southern National Highway which was established by a commission representing all the Southern States.

The resolution signed by Albert H. Hill, Speaker of the Senate, and by William R. Cooper, Speaker of the House of Tennessee, read as follows: "Whereas, the General Assembly of North Carolina has sent resolutions of greetings to the State of Tennessee in reference to the Southern Highway which was established by a commission representing all the Southern States and calling attention to the great loss resulting to the South because of the unfinished condition of certain links in the road and asking for the co-operation of the eight States traversed by the highway the entire South and the Federal Government for the completion of the road.

"Therefore, be it resolved by the Senate, the House of Representatives concurring.

"First, that the State of Tennessee sends greetings of response to the State of North Carolina expressing its appreciation of the situation taken by the Honorable Locke Craig, Governor in the inspection and prosecution of the great enterprise.

"Second, that the State of Tennessee complies with the request of the resolutions in confirming the action of the Asheville convention in adoption of the name selected and in the suggested plan of co-operation. The governor of this State and the State Highway Commission, if one shall hereafter be authorized and appointed, are hereby authorized and requested to act for the State in taking such steps in co-operation with others as may seem best fitted to secure the desired results.

"Third, that a copy of these resolutions be sent to the Governor of this State for transmission to Governor Craig and to the General Assembly of North Carolina.

### Chemical Society Has Good Meeting.

The North Carolina Section of the American Chemical Society held a most interesting business session in connection with the annual meeting of the section that opened with addresses and a banquet. The society heard numerous papers on technical subjects of vital interest to chemists and these papers elected members of lively and profitable discussions.

Enthusiastic praise is accorded the address delivered by Dr. C. H. Herty, University of North Carolina, president of the American Chemical Society, in which he asserted that the chemists of the United States are in no way to be blamed for the shortage of dyestuffs for the American textile industry and that while the textile manufacturers readily cry out as to shortage of dye materials and call on the chemists to relieve the situation, they at the same time fail to provide any financial backing for efforts of chemists to produce the dyestuffs.

### North Carolina Market.

Prices of Cotton, Corn, Oats, Peas, Butter, Eggs, Etc., on North Carolina Markets During Past Week.

Asheville—Cotton, 87-92; corn, 85c bu; oats, 69-74c bu; peas, 1.85 bu; sweet potatoes, 90c bu; Western creamery butter, 34-35c; N. C. creamery butter, 34c; eggs, 16-17c.

Charlotte—Cotton, 91c; corn, 95c bu; oats, 75-76c bu; peas, 1.75 bu; sweet potatoes, 1.50 bu; Western creamery butter, 33c; eggs, 18-20c.

Durham—Cotton, 81; corn, 70c bu; peas, 2c; N. C. creamery butter, 30c; eggs, 20c.

Greensboro—Cotton, 8c; corn, 81 bu; oats, 70c bu; peas, 2c; N. C. creamery butter, 30c; eggs, 20c.

Fayetteville—Cotton, 9c; corn, 93-95c; oats, 67c bu; peas, 2c; N. C. creamery butter, 31 bu; Western creamery butter, 32 1/2c; N. C. creamery butter, 32c; eggs, 15c.

Hamlet—Cotton, 8 1/2c; corn, 81 bu; oats, 75c; sweet potatoes, 1.25 bu; Western creamery butter, 30c; N. C. creamery butter, 30c; eggs, 20c.

Hendersonville—Corn, 90-92c bu; peas, 2c; N. C. creamery butter, 33c; eggs, 15c.

Chicago, Ill.—No. 3 white corn 73-77c (delivered in Raleigh 89 1/2-91 1/2c); No. 2 yellow corn 74-77 1/2c (delivered in Raleigh 88 1/2-90 1/2c); butter, 22-23c (creamery); eggs, 19-21c (fresh).

New York—Butter, 21-22c (extra); eggs, 22 1/2-23 1/2c (extra).

### COL. A. B. ANDREWS IS DEAD

Death Claims Vice-President of Southern Railway After Brief Illness. Aged 74.

Raleigh.—Col. A. B. Andrews, first vice president of the Southern Railway, died here after a brief illness at the age of 74.

Colonel Andrews was born in Franklin county, North Carolina, July 23, 1841, and received only a common school education. He entered the Confederate Army as second lieutenant, First North Carolina Cavalry, was wounded twice and was a captain at the close of the war. After that he engaged in railroad work and in 1869 was superintendent of the Raleigh & Gaston Railway, which afterwards was converted into part of the Seaboard. He occupied official position with a number of railroads in this state and Georgia, in 1892 going to the Richmond & Danville Railroad as third vice-president, later second vice-president, being finally general agent of the receivers. When the road became the Southern Railway he was made first vice-president and has held that position since, being president of a number of smaller roads belonging to the Southern. His greatest constructive work in North Carolina was the building of the Western North Carolina Railroad about 1870. It is estimated that his estate will be about half a million dollars.

The burial took place at Oakwood cemetery at Raleigh. Officers of the Southern Railway and many other prominent persons were present.

### Long Lost Medal Found

Asheville—A medal which was lost 24 years ago and which the owner had no hope of ever seeing again was returned to Marshall Charles A. Webb by his son, Bruce Webb, a student at University of North Carolina, to whom the medal was given a few days ago. Marshall Webb, as a student at the University won the medal in a debate in 1889. Returning to Chapel Hill two years later he lost it and a thorough search was fruitless. A few days ago the chief of Police was searching a home of a negro at that place and he found the medal in the bottom of an old trunk. It bore the name of the owner and was immediately turned over to his son.

### \$20,000 Creamery Plant

Hickory—The remodeled building of the Catawba Creamery Company is now practically finished just as the creamery is rounding out its fifth anniversary. Starting five years ago with only a shed room to house the fixtures, worth in all about \$1,500, the plant has grown until today it is worth \$20,000.

The receiving and testing rooms in the front of the building are enlarged by this change and an additional story added. In the rear a room 30x40 feet was added to be utilized for a modern ice plant.

The managerial form of municipal government was lost in the election at Burlington by the overwhelming vote of 378 to 21.

### Plan Humane Sunday in May.

The American Humane association, a federation of societies and individuals for the prevention of cruelty, requests clergymen of all denominations throughout the country to observe Sunday, May 23, as Humane Sunday, calling attention to the need for protection for suffering and helpless children, and also for unfortunate animals.

Dr. Wm. O. Stillman, president of the association, Albany, N. Y., will send literature to all persons interested in the work of humane societies.

### Rooms for Rent.

Even college professors furnish some of the humor of school life. It was the registrar of a large university who, to an inquiry for a suite of "large, light, airy rooms," answered: "Why, I don't just recall any now; but I've got a lot of 'em in my head." And a fustered professor told a class of young ladies, "You may have fifty minutes of the hour to tell me what you know on the subject, and I will take the remaining ten and tell you what I know."

### Then Was the Time.

Dr. Wm. W. Ingram, the bishop of London, is possessed of a somewhat cynical wit. He was once engaged in conversation with a very bumptious man, who was boring him terribly.

"What a fine life a bishop's must be?" exclaimed the bore, enthusiastically. "I would give anything to change places with your lordship for just one hour to experience what it must be like."

"Ah," replied Doctor Ingram, fervently, "I wish you could this very moment."

### Couldn't See Any Face.

An old friend, whose name I won't mention, told me this one: "I was born and brought up on a farm, and I had the habit of going around with my mouth wide open, especially if there was anything unusual going on. One day an uncle whom I had not seen for years paid us a visit.

"Hullo, uncle!" said I, looking up at him with my mouth opened like a barn door.

"He looked at me for a moment without answering, and then said:

"Close your mouth, sonny, so I can see who you are."

### Gossip.

"Why didn't you keep the secret I told you?"

"Why didn't you keep it yourself?"

Riches have wings, but they don't seem to have any tail that you can put sail on.

# TAKES THE PLACE OF DANGEROUS CALOMEL

## New Discovery! Dodson's Liver Tone Acts Like Calomel But Doesn't Gripe, Salivate or Make You Sick—Don't Lose a Day's Work—Harmless Liver Medicine for Men, Women, Children—Read Guarantee!

Ugh! Calomel makes you sick. It's horrible! Take a dose of the dangerous drug tonight and tomorrow you may lose a day's work.

Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel, when it comes into contact with sour bile crashes into it, breaking it up. This is when you feel that awful nausea and cramping. If you are sluggish and "all knuckled out," if your liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just try a spoonful of harmless Dodson's Liver Tone tonight.

Here's my guarantee—Go to any store and get a 50 cent bottle of Dodson's Liver Tone. Take a spoonful

and if it doesn't straighten you right up and make you feel fine and vigorous I want you to go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it is real liver medicine; entirely vegetable, therefore it can not salivate or make you sick.

I guarantee that one spoonful of Dodson's Liver Tone will put your sluggish liver to work and clean your bowels of that sour bile and constipated waste which is clogging your system and making you feel miserable. I guarantee that a bottle of Dodson's Liver Tone will keep your entire family feeling fine for months. Give it to your children. It is harmless; doesn't gripe and they like its pleasant taste.

Initial Cost.  
Patience—What was the initial cost of your hat, dear?

### In the Cloudland Flats.

Harker—Do you live downtown?  
Parker—No; twenty-three stories up.—Indianapolis Star.

For thrush use Hanford's Balsam. Get it into the bottom of the affected part. Adv.

The Beady Vine.  
Singing was just over in the kindergarten, and immediately a small hand flew up.

"What is it, Alice?" asked the teacher.  
"I want to know what is a beady vine," asked the little girl timidly. "I always wonder what kind of a vine it is when we sing that song, 'Little lives may beady vine' (be divine)."

Showed Discretion.  
Betty was milking the cow when the mad bull tore over the meadow. Betty did not stir, but continued milking. Observers who had run into safety saw, to their astonishment, that the bull stopped dead within a few yards of the maid and cow, turned around and went away, sadly.

"Weren't you afraid? Why did he run away?" asked every one of Betty.  
"He got scared," said Betty. "This cow is his mother-in-law."

Selfish Automobilist.  
In an argument about world politics—well politik—Senator Lodge said the other day in Boston:

"The morality of too many governments seems as frankly selfish and as frankly unjust as the man Smithers.

"As Smithers, Havana in mouth, came out of an expensive restaurant and started to get into his automobile a creditor held him up.

"I tell you what it is, Mr. Smithers, said the creditor, 'you wouldn't go riding round in a fine automobile like that if you paid your debts.'

"Ha," said Smithers, 'quite right!' My point of view exactly! Glad to know you're in agreement with me. The golf club, Alphonse."

There's no one to be pitied more than the man who has loved and lost—unless it is the man who has loved and won.

How "Sam" Registered.  
Not far from Lexington lives a young farmer, "Sam" Woolridge, who found occasion to stop at the Phoenix, in Lexington. Just before Mr. Woolridge registered, James B. Haggin of New York, owner of the beautiful Elmdorf stock farm, walked to the desk and wrote: "James B. Haggin and Valet, New York."

Mr. Woolridge was the next to register, and this is what he wrote: "Sam Woolridge and Valise, Versailles."

Knew Where He Was Headed.  
The story is told of a very crusty, gouty old gentleman who lost his patience with his doctor, because he did not make enough fuss over the pain he suffered.

"Doctor," he cried out, twisting and turning because of the agony, "you don't understand! You don't seem to grasp the case! You talk as though there were nothing the matter with me, whereas, I assure you, I am enduring the torments of the lost!"

"What, already?" replied the doctor.

Taking Precautions.  
"Mr. Mulligan," said Dennis, "you must have been bluffed by the death of your mother-in-law, for whom you had small affection while she lived."

"I did."

"What did she leave you?"

"She left me alone—Isn't that enough?"

"But I understand you've been spinning a hundred dollars, if you've spent a cent to get her out of purgatory."

"Whisht now, and isn't it worth it to get her out before I get in?"—Exchange.
