

It's Foolish to Suffer

You may be brave enough to stand backache, or headache, or dizziness. But if, in addition, urination is disordered, look out! If you don't try to fix your sick kidneys, you may fall into the clutches of kidney trouble before you know it. But if you live more carefully and help your kidneys with Doan's Kidney Pills, you can stop the pains you have and avoid future danger as well.

A North Carolina Case

C. H. Rogers, 299 Lindsey St., Reidsville, N. C., says: "Kidney trouble clung to me for many years and I had bad backaches. The kidney secretions passed irregularly at times. Five boxes of Doan's Kidney Pills completely cured me. I have also given Doan's Kidney Pills to my children for kidney weakness and they too have been benefited."

Intimidated.

Aunt—Why didn't you scream when he kissed you?
Niece—He threatened me.
Aunt—Threatened you?
Niece—Yes; he said if I did he'd never kiss me again.

Wright's Indian Vegetable Pills have stood the test of time. Test them yourself now. Send for sample to 375 Pearl Street, N. Y.—Adv.

A Cautious Girl.

"There's a mouse in the corner."
"Poke him out, Vanessa. Here's a foot rule."
"Not for me. I want a yardstick when I poke at a mouse."

A codfish weighing 97 pounds was caught off Popham, Me., and when placed on exhibition at Bath was pronounced the father of all cod.

CONSUMPTION

Did you know that hundreds of sufferers with consumption, asthma and their kindred troubles are getting relief by using Lung-Vita? Are YOU using it? If not, you are depriving YOURSELF of an aid that will multiply your chances for health. Lung-Vita is not an experiment, it has proven its worth.

BRONCHIAL ASTHMA

Mrs. Minnie Baker, 1317 Grundy St., Nashville, Tenn., says: "I can truthfully say Lung-Vita cured me of my asthma after twenty years of suffering." Don't neglect this help, get a bottle TODAY. Your druggist, or if he hasn't it by mail, prepaid. Fifteen-day treatment \$1.00; thirty-day treatment \$1.75. NASHVILLE MEDICINE CO., Dept. B, Nashville, Tenn.

(Sold by most druggists.) Address Q-Ban, Memphis, Tenn. Adv.

His Regiment.

"Regiments! Regiments!" said Prof. Hilary McMasters before the Harvard Medical school.

"There are too many nonsensical regiments, young gentlemen. I prefer the regiment of Mark Twain to all such rubbish."

"Mark had a very strict regimen, you know. He never smoked but one cigar at a time, and never smoked while sleeping."

"He never ate meat except with his meals, and he never drank except at meals and between meals."

"His father took a drug store for a bad debt in Mark's boyhood, and among the stores were nine barrels of cod liver oil. These lasted Mark seven years. The rest of the family had to get along with the lpecne and nux vomica. Mark being the pet. He was, in fact, the first oil trust. He got it all."

To Drive Out Malaria

Take the Old Standard GROVE'S TASTELESS chill TONIC. You know what you are taking, as the formula is printed on every label showing it is Quinine and Iron in a tasteless form. The Quinine drives out malaria, the Iron builds up the system. 50 cents

Farm Lands Increase in Value.

The value of farm lands of the United States is estimated at \$45.55 per acre, as compared with \$40.85 a year ago, \$40.31 two years ago, \$38.10 three years ago and \$36.23 four years ago. The census reported the value of farm lands in 1910 as \$32.40, and in 1900 as \$15.57 per acre.

In recent years the value of farm lands has been increasing at the rate of about 5 per cent a year, or approximately \$2 per acre per year. The exceptional increase of the past year may be explained partly by the reaction in the southern cotton states following a temporary depression last year, and partly by the stimulus given by the war to prices, particularly of grain.

One of Life's Mysteries.

"Singular thing, isn't it?"
"What?"
"That people who are different from us seem to be satisfied with themselves."—Boston Evening Transcript.

Cherishing a Sentiment.

"Do you ever bet on a horse race?"
"No. I'm fond of horses and I don't like the ill feeling that betting on them is sure to create."

New Sports Suits for Autumn.

Before the summer sports or pastime suits have vanished from our midst their successor has entered and made its bow. It is destined to bloom with the goldenrod and asters and it is naturally of heavier materials than the suits for summer weather. Serge, velveteen, and corduroy contribute to its durability and to its style as well. It is likely that these new sports suits for autumn will be innocent of stripes. Those shown so far are of plain materials or of plaids and plain fabrics made up together, and they are undeniably smart. Young or old, women wear about the same styles in them, and they subtract years from the matron's appearance in a way to make her rise up and call them blessed, besides cheerfully parting with her good money for them.

Among the most enticing suits, those made of white serge combined with the same materials in handsome colored plaids are triumphing. Some-

times the skirt is white and the coat of the plaid with white collar and cuffs. Or a white skirt is banded with plaid, and a white coat has plaid cuffs and collar, belt and pockets.

When the story is not told in plaids it veers to colored velveteens or corduroys. In the picture a white serge skirt is worn with a taupe gray coat of velveteen with grille of soft satin. Buttons and tassels make the quiet finish. The blouse is of crepe de chine made plain.

It will be noticed that the skirt extends only a little below the shoe tops and it is not likely that the sports skirt will lose character by growing longer. One may wear a suit of this kind with assurance. It is good to look at and full of its own style. Although the color combination is as quiet as possible the fabrics and the cut of the garment give the suit plenty of "snap." There is nothing tame or commonplace about it.

Elegant Hats for Those in Mourning.

Two very elegant hats, made for those in mourning, are shown. They will satisfy the most discriminating taste, for they fulfill all the requirements for correct millinery of this particular kind. They are made in conservative and becoming shapes, of English crape or of a specially woven silk and crape, and the workmanship in them is above reproach.

An all-crape hat is shown at the left, and all the world over its import is understood. It is the material used for the first period of mourning. The shape is a drooping brimmed sailor of moderate size, and it is covered smoothly with crape. The facing is of the same exquisite material. Crape is of a texture that lends itself to the making of flower forms, and the trimming of this hat is made of crape. There are four large roses, each made of three sizes of crape petals set about a cabochon of crape at the center of the flower. The hat is lined with a soft silk.

The second hat is of silk with a vimp made of folds of the silk and crape. It extends across the front of the hat and terminates in a large bow at the right side. Either of these hats is of a con-

venient size to be worn with a veil. Vails of silk net, bordered with crape, take the place of all-crape veils in new millinery. Or mesh veils bordered with bands of narrow grosgrain ribbon may be used after the period of first mourning is passed. There is much latitude in the choice of styles and the wearing of mourning in this country. But those who elect to wear it must not break certain rules. No extremes of styles are in keeping with the reserve that marks mourning apparel. Fabrics must be good and workmanship of the best. Crape remains the unquestioned indication of mourning.

Net Wraps Five Layers Deep.

Before the beautiful brocaded cloaks, which are already in New York ready for the opera season, are allowed to see the light there is being shown and worn joyously a new sort of evening coat, called the outdoor dinner cape. These are made of five layers of silk net colored often like a flame opal. They furnish just enough protection against the night air and do not "limp" with the damp, for there is no dressing in the net.

W. L. Douglas shoes are stamped on the bottom against high prices for inferior shoes. The retail prices are the same everywhere. They cost no more in San Francisco than they do in New York. They are always worth the price paid for them.

The quality of W. L. Douglas product is guaranteed by more than 40 years experience in making fine shoes. The smart styles are the leaders in the Fashion Centres of America. They are made in a well-equipped factory at Brockton, Mass., by the highest paid, skilled shoemakers, under the direction and supervision of experienced men, all working with an honest determination to make the best shoes for the price that money can buy.

Ask your shoe dealer for W. L. Douglas shoes. If he cannot supply you with the kind you want, take no other make. Write for interesting booklet explaining how to get shoes of the highest standard of quality for the price, by return mail, postage free.

If Only.

President Wilson said one day, during his Princeton presidency, to an athlete who had flunked:

"My boy, it's too bad you do so wretchedly in the lecture room and so well on the gridiron! Ah, my boy, my boy, if people only hopped up and cheered us when we quote Greek the same as they do when we score touchdowns, eh!"

Sties, Granulated Eyelids, Sore and Inflamed Eyes healed promptly by the use of ROMAN EYE BALMS.—Adv.

Butter and cowardly soldiers develop like reactions if exposed to fire.

Its place in the sun

To hold "its place in the sun," is the avowed purpose of a great nation's conflict. To hold "its place in the sun," is the object of every business in the great fight for industrial and commercial supremacy.

To be able to hold "its place in the sun," is the supreme test of an asphalt roof. It is the sun, not rain or snow, that plays havoc with a roof. If it can resist the drying out process of the sun beating down upon it, day after day, the rain or snow will not affect it except to wash it clean and keep it sanitary.

Certain-teed Roofing

takes "its place in the sun" and holds it longer than other similar roofing, because it is made of the very best quality roofing felt, thoroughly saturated with the correct blend of soft asphalts, and coated with a blend of harder asphalts. This outer coating keeps the inner saturation soft, and prevents the drying out process so destructive to the ordinary roof.

The blend of asphalts used by "The General" is the result of long experience. It produces a roofing more pliable than those which have less saturation, and which are, therefore, harder and drier.

At each of the General's big mills, expert chemists are constantly employed to refine, test and blend the asphalts used; also to experiment for possible improvements. Their constant endeavor is to make the best roofing still better.

The quality of CERTAIN-TEED is such that it is guaranteed for 5, 10 or 15 years, according to thickness (1, 2 or 3 ply). Experience proves that it lasts longer. Behind this guarantee is the responsibility of the world's largest manufacturer of roofings and building papers.

A Woman's Problem

How to Feel Well During Middle Life Told by Three Women Who Learned from Experience.

The Change of Life is a most critical period of a woman's existence, and neglect of health at this time invites disease and pain. Women everywhere should remember that there is no other remedy known to medicine that will so successfully carry women through this trying period as Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs. Read these letters:—

Philadelphia, Pa.—"I started the Change of Life five years ago. I always had a headache and backache with bearing down pains and I would have heat flashes very bad at times with dizzy spells and nervous feelings. After taking Lydia E. Pinkham's Vegetable Compound I feel like a new person and am in better health and no more troubled with the aches and pains I had before I took your wonderful remedy. I recommend it to my friends for I cannot praise it enough."—Mrs. MARGARET GRASSMAN, 759 N. Ringgold St., Philadelphia, Pa.

Beverly, Mass.—"I took Lydia E. Pinkham's Vegetable Compound, for nervousness and dyspepsia, when I was going through the Change of Life. I found it very helpful and I have always spoken of it to other women who suffer as I did and have had them try it and they also have received good results from it."—Mrs. GEORGE A. DUNBAR, 17 Roundy St., Beverly, Mass.

Erie, Pa.—"I was in poor health when the Change of Life started with me and I took Lydia E. Pinkham's Vegetable Compound, or I think I should not have got over it as easy as I did. Even now if I do not feel good I take the Compound and it restores me in a short time. I will praise your remedies to every woman for it may help them as it has me."—Mrs. E. KISSLING, 931 East 24th St., Erie, Pa.

No other medicine has been so successful in relieving woman's suffering as has Lydia E. Pinkham's Vegetable Compound. Women may receive free and helpful advice by writing the Lydia E. Pinkham Medicine Co., Lynn, Mass. Such letters are received and answered by women only and held in strict confidence.
