

**EVERY MAN, WOMAN AND CHILD IN WASHINGTON COUNTY IS CORDIALLY INVITED TO ATTEND THE ROOPER COMMUNITY FAIR ON NOVEMBER 16TH, 1916.**

The people of Roper, the officers, and members of the Roper Community Fair Association, very cordially invite one and all to attend their Fair, to be held there on Thursday, November, 16th. The date as you may know was first set for Thursday, November, 9th, but on account of a conflict with the date of the big Wild West circus the officers and patrons of the Association thought it best to postpone the Fair for one week. We hope that you have received due notice of this matter, and that you will set aside every day of your week to spend in Roper, and attend the best community fair held in North Carolina, in 1916.

The officers, members, and patrons alone can make this Fair a success by their efforts, they need and want the co-operation of every one in the county, and lead our all to the Association, and by doing so make it the greatest event of the history of the county. You are respectfully requested to give the Association your hearty support, and attend this fair and bring out something for the children. Bring out something if you can more than a pleasure with a determination to be the best of your fellow hunters to bring in the best get some rivalry in this thing, and make the Fair a roaring success.

Don't forget the date, for to miss this Fair, you will have missed the greatest thing in the history of the county, in an educational and an agricultural way. By the aid and support of the people of the county we expect to have an exhibition at this Fair the best things produced in the county; from the choicest thing in sewing, to the choicest products as a whole Fair are produced on the farm.

**BOYS' CORN CLUB WORK IN WASHINGTON COUNTY.**

In the year 1915 there were in Washington County three boys who were members of the corn club, this year the number was increased to twenty one boys, and the yields this year in some instances have been far ahead of anything produced in the county last year. The boys have now about gotten in all their corn and are ready to make their reports, and a meeting has been called for Saturday, November, 26th, at which time each boy in the Corn Club Work in the county will submit his report. And he will be expected to bring in ten of his best ears of corn for the purpose that it may be judged, as a ten ear exhibit will count in his report, and also learn something about judging, and select good seed corn. This meeting will be held in the court house in Plymouth, on the above date and it is earnestly desired that every Boy in the Corn Club be here on that date, and all others that are interested in the Club Work, and any one who wishes may take up the work for 1917.

Mr. A. K. Robertson, the Assistant to the State Agent in Corn Club Work, will be here that day to speak to the boys, and to entertain them in other ways, Mr. Robertson, loves the and is very anxious at all times to give them something to help along the Club Work. Too at this meeting we hope, by the help and support of the business men, and others who are interested in this great work that the young men of the County have taken up, to give them

small premium for their efforts in the work. To encourage them to do bigger and greater things for next year. Boys there are many who expect great things of you in the future, and have an interest in you and your work now, and these men, and others feel that soon you will be leaders in the farm and public life of the county, and are glad of the opportunity to help encourage you to do your best at all times.

Don't forget that each and every boy who enlisted as a Member of the Boys Corn Club this year will be expected to be here and submit his report at this meeting.

Very truly yours,  
N. B. STEVENS,  
County Agent.
