

THE ROANOKE BEACON

C. V. W. AUSBON Editors and Publishers C. S. AUSBON

PUBLISHED EVERY FRIDAY.

Plymouth, N. C., Friday, March 2, 1917.

WELCOME!

Welcome is the greeting we extend to all who shall take part in carrying out the program of the County Commencement, as well as to those who shall gather here on the 30th day of March to see this program executed. This simple message is the united voice of the people of Plymouth whose guests you shall be on this occasion.

We bid you come with a heart full of love and best wishes for the cause of Higher and better Education for the children of our County. Leave behind any little troubles that you may have against school or teachers. Let us meet on this day as ONE Common people determined to get all the good we can out of it. This event means much to the

future of our children, and to us. Let every school strive to win first prize. Let everybody come.

MAN'S DUTY TO HIS COMMUNITY.

The man who makes money in a community has a duty to perform to that community. It may be that he has made his money by his superior business ability, and that he would have done as well anywhere. That does not alter the case. If his gifts are great his responsibility is equally as great. No man was placed on earth for the sole purpose of making money, and the man who has this as his ideal had better never have been born. It is not an act of charity, but the performance of a simple duty, for the man who has made money

to pass a little of it on for the benefit of the community, even though he never expects to see a dollar of his contribution back. —New Canaan (Conn.) Advertiser.

NOTICE OF MORTGAGE SALE

By virtue of a power vested in me by a certain mortgage executed to me, the undersigned, by S. P. Woodley June 5th, 1914, and recorded in Book 59, page 532, Register of Deeds office, I will expose to public sale at the Court House door in Plymouth, Washington County, North Carolina, at 12 o'clock, noon, on Monday, March 26th, 1917 to the highest bidder for cash the following described real and personal property:

Lygia and being in Washington County, North Carolina and known as the Lygia Tract of land which was owned by the late J. J. Woodley composed of two tracts beginning in Joseph Allen's southwest corner, thence running south to James Furlough's patent line, thence along said Furlough's line south 80 degrees west to Joseph Phelps new land patent line, thence along said Phelps' line south 70 degrees west to the southwest corner of tract willed to J. J. Woodley by his father S. P. Woodley, said corner being to the west of Roda Clifton's in S. P. Woodley's ditch or dam near newland road, thence north along said ditch or dam so far as a line drawn from Scuppernon River at a point to the north of Fire Island and running south 70 degrees west shall intersect, thence along said line running from river so far as a due south course shall strike the northwest corner of tract decided to J. J. Woodley by his father S. P. Woodley, thence east along J. J. Woodley's north line to Joseph Allen's northwest corner, thence southwardly along said Allen's line west line to the first station, containing 450 acres more or less.

Better Service to You

We don't want you to think of the Washington County Bank just as a place to deposit your money, although of course we are glad to have you keep as large a balance with us as is possible.

It is our desire to render our patrons every service and accommodation that can reasonably be expected of us.

The Burroughs Bookkeeping Machine, which we have just added to our equipment, makes it possible for us to give you better service than ever before in the handling of your account.

By the machine method, your account is kept in balance all the time. If, as sometimes happens, you want a statement of your balance in a hurry, we can give it to you, including to-day's checks and deposits, in less than five minutes.

A neatly printed statement made out on the Burroughs goes to each depositor every month. The statement shows all checks and deposits and gives the balance of your account to date, taking place of the tedious and unsatisfactory plan of calling in and balancing pass books.

The machine affords absolute protection against errors in figure handling. It can't make a mistake. You can always be sure that your machine-figured balance is correct.

The increased speed, accuracy and protection of this mechanical bookkeeping system, added to our thorough knowledge of good, consistent banking and business methods, makes it possible for us to offer you an improved service that is equal to that furnished by the country's most progressive banks.
