Cherry School Closes With Patriotic Exercises.

Cherry Graded School will close its fifth year's work on the evening of June 7th 1917. The general feature of the program is patriotic.

The school has had many obstacles to overcome through the the past year. Never has there been known such an epidemic of contagious diseases in this community for the past winter; however with some energetic teachers and patrons we have faced the problem and general work for promotion of grades about completed. There is a question under consideration with our school board and patrons, of building an auditorium at the back of school building for the music department, and to be used for general exercises and entertainments. This is a very important move, and we are confident the County Board of Education will come to our aid when same is presented on first Monday in July. We are expecting Supt. Jno. W. Darden to be present at our exercise and speak upon this subject.

The program will begin promptly at 8 o'clock and each department will be represented in a patriotic way.
