PREMIUM LIST

Of The First Annual Washington County Fair to be Held in Plymouth Thursday, Friday and Saturday, November First, Second and Third—Three Big Days.

TO OUR FRIENDS

The purpose of the First Annual Washington County Fair is to provide a manner of displaying the best things produced in our County, to instill a greater regard for each other in the hearts and minds of our entire people and to bring the communities closer together in a newer relation.

This Fair is for the benefit of no one section, party, religion or other organization, but for the general development of all phases of community life as it affects each individual.

The people of Plymouth will turn the town over to you on November first and second, and it is their desire that you attend the Fair and do your best to have a general good time, thereby helping to promote an advanced stage of industrial life in Washington County.

Respectfully,

THE COMMITTEE.
