

10 Miles of Paved Roads For County

Practically Assured That Highway 90 Will be Hard Surfaced From Ward's Bridge to Roper.

On Monday a delegation composed of Messrs. P. W. Brinkley, L. W. Gurkin, A. L. Alexander and Thomas L. Smith left here at 3 a. m., for Raleigh, where they interviewed state road commissioner Frank Page with the view of acquiring hard surface roads for this county. They were accompanied by commissioner Hart of Tarboro, who assisted the delegation in their efforts.

They left the commissioner with the assurance that our county would be provided with ten miles of such roads, and that the Martin county line would be the starting point and the road would continue on the highway to Roper for a distance of ten miles.

The contracts for this paving will be let in June, so we are informed by members of the delegation.

The road will be constructed of cement sixteen feet wide. It is thought by persons who have been close to the state road building program that it is highly probable that the road will continue to Columbia in the near future.

Street Paving Progressing.

Street paving continues to hum along rapidly, and practically every street in town is torn up with the exception of those that were recently opened to the people. Laying of the asphalt top will begin the first of May, so we have been told.

Many persons who own property on streets which have finished sidewalks and where the base for the streets paving have been finished have already arranged the grass plot that will be between the sidewalks and streets, and the appearance of these streets are greatly improved.

CANCELLATION OF MORTGAGES, ETC.

The attention of the public is called to the necessity of cancelling all mortgages, notes, etc., that been paid and are on record in the office of the register of deeds. It is distinctly to the advantage of the person who holds such instruments that they be cancelled, and is a great aid to officers in making tax charges against such individuals.

This information is given to protect the interest of taxpayers of the county, and if followed will be for general good.

W. J. Jackson, Jr.,
County Auditor.

List Your Taxes!

The List takers of this county will be in each township beginning May 1st for the purpose of listing property for taxes. This information is given for the convenience of those concerned.

We hear that the Norfolk & Southern Railroad Co., will run their road to Plymouth and, make all transfers from here instead of Mackeys Ferry. They seem to have much trouble at times in getting in and out of the Ferry with the transfer.

Salem claims to have the youngest drummer in the state, having one only 14 years old. Plymouth leads her by having one on the road at the tender age of 13 in the person of Master Frank Fagan, who travels all the territory east of Raleigh.

Nice Looking

In keeping with others who are making improvements calculated to beautify premises the National Handle Company is grading, planting flowers and otherwise making improvements on their property that fronts on Water street.

This improvement adds very much to the appearance of this street, and is an example that could well be followed by many others.
