"The life of an actress is one of nerve-strain. If she sings, also, her worries are doubled. Her audiences reflect her moods. If she is mentally tired, she cannot help but convey her fatigue to those out in front and the result is a form of ennui on both sides of the footlights. I have found a sure cure for such fatigue, on the part of the player, is a good cigarette. For years I have smoked Lucky Strikes and the mental balm and real enjoyment I have derived from them have helped me marvelously. In addition they have protected my voice. I use no other brand."
