

## Plymouth Defeats Ahoskie; Roper Defeats Windsor

PLYMOUTH GOES TO AULANDER TODAY

The Plymouth High School "Wildcats" returned from Ahoskie Friday after having conquered the football eleven of that place to the tune 53 to 0. Miller Warren made the first two touchdowns for the locals, Wallace Conklin the next, Burl Gurganus the next two, Miller Warren the next, Wallace Conklin the next two. Making a grand total of eight, Burl Gurganus drop kicked for the eight extra points and made five of them good.

At no time during the game did Ahoskie threaten the Plymouth goal and they made only two first downs. These were made in the beginning of the third quarter, many substitutes for the Plymouth team being in the line at the time the first downs were made.

Today Plymouth has her hardest competitors to meet when she goes over to play Aulander. Aulander is scheduled to play the Wakeforest freshmen during the week. Hard work is being done by both Coach Hubble and Coach Farrell. Also the boys are turning out and working hard. Plymouth is by far the lighter team and Quarterback Gurganus will probably center his entire attack in his ability to throw the pig skin through the air. It will have to be an aerial attack and much effort is being put forward to perfect the "Wildcats," in this means of attack.

If Plymouth wins the game today, she will then be considered one of the best high school teams in this part of North Carolina, yet if she loses by a small margin, much credit is due the boys and coaches.

### SELLS OUT BACK LIGHT BULBS

One of those, "dressed up policemen riding around on a motor cycle," as the Peasant called them, or officially a State Highway Patrolman, made a short visit to Washington county Saturday afternoon and night, leaving here Sunday morning.

While the patrolman was in town, a local filling station sold out all the back light bulbs they had on hand and the other eight or 10 places that sell these bulbs had a very good business in them. The present traffic conditions make a back light as essential as front ones. People driving team driven vehicles should also purchase a lantern and avoid being killed as was two Negroes on No. 90 Saturday night.

### NOTICE OF RESALE

Whereas the land hereinafter described pursuant to a power of sale embraced in a deed of trust executed by J. J. Johnson and others on the 30th day of January, 1929, recorded in book 102, page 229, Washington County, was duly sold on the 20th day of September, 1929, at the courthouse door of Washington County and that the highest bid at said sale has been increased and that the clerk superior court of Washington County has ordered a second resale of the property hereinafter described.

Now, therefore, the undersigned trustee, pursuant to said power of sale and order of court, will offer for sale at the courthouse door of Washington County to the highest bidder for cash on the 11 day of November, 1929, at 12 o'clock noon, the following described land:

Lying and being in the town of Plymouth, North Carolina, on the corner of Fourth and Madison Streets, bounded by the lands of David C. Cobb, the heirs of the late Frank Fessenden, Fourth and Madison Streets, and being the same lot conveyed to M. E. Fessenden by will of the late Frank Fessenden and by deed of E. R. Spruill and wife, P. S. Spruill, dated January 18, 1902, which deed is recorded in book 47, page 24. Reference is also made to deed from Isaiah M. Poole and wife to Fannie B. Bell and Nancy Johnson, recorded in book 97, page 301.

The bidder at said sale will be required to deposit 20 per cent of his bid pending the confirmation of same.

This the 25 day of October, 1929.  
ZEB VANCE NORMAN, Trustee.

### ROPER "PANTHERS" DEFEAT WINDSOR

By Mrs. L. S. Bray

Roper, Oct. 25:- A large crowd witnessed the "Panthers" of Roper High School defeat Windsor High, thirteen to zero here Friday, in a most thrilling game. It was an offensive game for the "Panthers" from the start to the sound of the last whistle.

The embryonic lads from Roper, seemed to have gained an entirely new insight into the game since they fought Windsor two weeks ago and lost 12 to 0.

The game was featured by the long and dashing runs by Mizelle and Tom Tarkington. Time after time Mizelle skirted the ends for dangerous gains, with Tarkington skipping through the line for an average gain of five yards. These gains were aided greatly by the brilliant interference made possible by the rest of the charging "Panthers."

During the last ten seconds Mizelle, the flashing quarter-back was seen dashing around right end for the last touch-down.

You will have to hand it to the Roper boys that they are making a great stride for the first season, taking into consideration the teams that had never crossed the goal line the first year on the gridiron.

We ask you to watch their smoke, when they meet the "Fighting Alligators" from Columbia here Friday, Nov. 1.

## DEATHS

Mr. Edgar Swain died at his home in Swain Town, Friday, October 25th at the age of 51 years. Those surviving Mr. Swain are his wife; three sons; Jasper, Ned and Paul; and one daughter, Miss Hildred. Interment was made in Sts. Delight cemetery, 3 P.M. Saturday with Rev. Mashburn, pastor of the Christian Church at Robersonville officiating. Mr. Swain had been a member of the Sts. Delight Church for many years.

Little Miss Margaret Phelps, age 3 years, died October 25th at the home of her parents Mr. and Mrs. Henry W. Phelps of Roper. She was buried in the family cemetery near Cheery Saturday afternoon with Mr. Bob Lewis officiating.

Hilda Pearl Hassell, one year old infant daughter of Mr. and Mrs. Issah Hassell died at the home of her parents October 27th and was buried in the family cemetery at Pea Ridge Monday afternoon.

### CARD OF THANKS

We wish to take this method of thanking our many friends who assisted us during the recent illness and death of our husband and father, Fred Roland Smith. We also wish to thank all those who furnished the beautiful flowers.

## MRS. LA HAM ASKSEditor TO GIVE TRIAL PROMINENCE

Editor, Beacon & News:  
Sir:

In your issue of July 7th, you carried an article stating complaints of Miss Alma Knowles against Mrs. Irene Latham and H. W. Latham, stating that in the process of getting a permanent wave, she sustained injuries due to the negligence of Mrs. Latham, she having left her twice during the process.

In the recent term of Superior court at Plymouth, the defendants, Mrs. Irene Latham and H. W. Latham were relieved of all responsibility, they having performed their duty and in every way done all that they could towards making their work satisfactory. It is my desire to do all that I possibly can for my customers and to make our work as efficient as possible.

Please give the facts in this case the same amount of prominence that you did the announcement of it. I remain

Yours very truly,  
MRS. IRENE LATHAM  
The Beauty Shop.

## SARGON IS NOW ON SALE HERE

Local citizens who have heard of the amazing results which have been accomplished by Sargon will be interested in the important announcement that this new scientific formula can now be obtained in this city.

Manufacturers of this revolutionary medicine have followed out the policy of selecting outstanding firms as exclusive agents in every city where it has been introduced. Leading druggists everywhere have acclaimed it as a triumph in the field of modern chemistry and have been eager to be among the first to supply it to their trade.

Never before in the history of the world has the progress of Medical Science been so rapid. One important discovery after another has been made which will have a far-reaching effect upon the health and well-being of mankind. Some of these discoveries are startling in the extreme and absolutely disprove many of the beliefs, practices and theories we have known for a lifetime.

As scientific investigators learn more and more about the human anatomy, the practice of medicine changes—the old is discarded for the new.

As a result of this world-wide medical research, science has learned that good health is largely governed and maintained by three vital organs and fluids of the body.

What is more important, we have learned that these organs and fluids can often be aided and strengthened by certain basic elements.

Having knowledge of these important discoveries, one of America's leading biochemist succeeded, after two and one-half years of laboratory research, in combining many of these basic elements in one formula—which may well be considered one of the greatest health-sustaining remedies of the age.

It is called Sargon. This formula and the formula for Sargon Soft Mass Pills, which are an essential and integral part of the treatment, are the property of the Sargon Laboratories and can be obtained by no other firm or individual in the world.

This new scientific treatment, which represents much of our latest knowledge on modern therapy, has been acclaimed by druggists throughout America as a triumph in the field of pharmaceutical chemistry.

With the needs of their customers uppermost in their minds, leading druggists everywhere have been eager to be among the first to supply it to their trade.

The exclusive agency for Sargon and Sargon Soft Mass Pills for this city and section has been awarded to the E. G. ARPS DRUG STORE (Adv.)

### Roper Negro Victim Of Thief; Life Saving Of \$2,100 Taken

By Mrs. L. S. Bray

## MISS MARGARET ROSS WALKER MAKES GOOD IN COLLEGE

(Editors note:

The following article was taken from a Winston-Salem paper and shows what one of Plymouth's daughters, Miss Margaret Ross Walker, a graduate from Plymouth High School of the Class of 1926, is doing towards putting Plymouth on the map. We want more like Miss Walker.)

At the regular chapel exercises at Salem College yesterday morning, Miss Margaret Ross Walker, of Plymouth, N.C., president of the organization known as "I. R. S." presented the purpose and aims of the society which she represents.

"I. R. S." Miss Walker said, "means 'I Represent Salem,' and forms the slogan for one of the few organizations on the campus, which includes every college girl. Salem has always maintained the very highest ideals and standards and seeks to instill them into her daughters. To represent Salem means to do so in appearance and conduct."

"Although every student is a member, sharing responsibility for the success of the ideals and activities of I. R. S., the directing and planning of its program is vested in an executive body. This body is composed of a president, who is a boarding student, a vice-president, chosen from the off campus group, the presidents of four classes, the president of the Student Self-Government Association and of the Y. W. C. A., and four representatives from each class, two on-campus and two off-campus students. Miss Lula May Stipe, under whose direction, the I. R. S. was established eight years ago, is faculty adviser and her counsel and interest are invaluable in the advancement which this organization has made in the past and in its plans for future achievement."

### JUNIOR CLASS HOLDS FIRST MEETING

The Junior Class of Plymouth held its first meeting of the year at the home of Miss Neva Liverman, Tuesday night, Oct. 29. The new officers, Miss Hazel Coburn, president; Vance Harrison, vice-president; Miss Charlotte McNair, secretary and treasurer, were installed informally.

Much important business having been taken care of, the meeting was then turned into a gay social hour. The hostess proved, to be exceedingly popular with the class because of the excellency of the refreshments that were served later in the evening.

The class of 1931 is pointing towards a banner year, and there is every reason to believe that the present Junior Class will prove to be one of the greatest that has ever passed through the portals of dear old Plymouth High.

### Roper Negro Victim Of Thief; Life Saving Of \$2,100 Taken

Roper:- Sunday morning about 2:00 o'clock Milton Gaylord, colored, a resident and shop-keeper in Giles Town, was attacked by three disguised men and robbed.

Gaylord asserts that he was hit on the head with a sandbag and dragged to his safe door and was demanded to open it and give them his money. He gave the \$82.00 that he had in keeping there. This did not satisfy the thieves who knew or surmised that the man had a vast sum hidden elsewhere. He was cruelly taunted, and his life finally threatened if he failed to get more money. In defense of his life, after much hesitancy he lifted a trap door, there in a trick-vault he had concealed \$2,100.00, his life's savings, this he had to give to the robbers.

They tied him to a post in his shop and covered his head with a spread. A small boy found Gaylord almost dead later Sunday morning. The criminals are being searched for, but no definite clues have been found yet.

### COMPLETEING WORK ON SEWER LINE

Work is rapidly reaching completion on the sewer line on Washington street between Main and Water streets. It has been necessary to put in 40 feet of new sewer line.

On being asked why the terra cotta line burst and allowed the rest of the line to stop, Chief of Police P. W. Brown said, "This line was laid 14 years ago in quicksand. The quicksand settled away from the line and caused it to burst. Enough dirt had run through the break in the pipe to cause a hole 16x20 feet hollow under the cement street. Had this not been good cement, someone would have been hurt here a long time ago."

## POET AND PEASANT

"Folks in Plymouth haven't got a bit of pride," said the Peasant.

"What are you talking about?" said the Poet.

"Well," said the Peasant, "last week we told them about how disgraceful that it was for them to allow their graveyards to run down and apparently they don't give a darn. I came by this old Baptist cemetery and noticed that about the only thing you could see was a bunch of weeds and they have had more than a week to do something in."

"I agree with you there," said the Poet. "but why pick on the Baptist all of the time, they are not the also people in Plymouth who have a disgraceful appearing graveyard."

"Well," said the Peasant. "What other graveyard is there in Plymouth that is not well kept. Them folks up there at the Episcopal church certainly keep their's in good condition."

At the regular meeting of the Plymouth Chamber of Commerce Monday evening, Mayor R. P. Walker was asked to reconsider his action as to resigning as mayor. The commercialists expressed a desire to have Mayor Walker remain in office until the \$50,000 dollars received from Virginia Electric and Power Company for the light distribution system is definitely taken care of. Mayor Walker being present stated that he probably would not resign.

There is outstanding bonds on the light plant at the present of \$43,000 and the commercialists want to see this amount paid out of the \$50,000 which would reduce taxes to the amount of approximately 43 cents annually.

The commercialists also stated that they were opposed to the town of Plymouth purchasing a \$12,500 fire truck. They have asked for a joint meeting of the city council to see if it isn't possible to purchase a 500 gallon pumper instead of a 750 gallon one which will mean a net saving of \$5,000 and interest. If the American La France people desire to hold the city fathers to their contract, it is thought that it will be impossible to do as the commercialists wish.

"We think that the firemen who voluntarily give their service should have some consideration, but if a 500 gallon pumper will do the work of a 750 gallon one, why go spend the extra \$5,000," said one of the commercialists Monday night.

### LOCAL CONCERN PUTTING ON HUGE SALE

The Nelson Mercantile Company is putting on a huge Manufacturers sale this week and are offering the buying public many outstanding values. See the back page of this issue of the Beacon and News for a few of the outstanding values.

### U. D. C. MEETING

The Louis Charles Latham Chapter U. D. C. will hold its regular monthly meeting Friday afternoon at 3:30 o'clock at the home of Mrs. H. A. Williford, hostesses for the meeting are Mrs. Williford Mrs. T. L. Bray, Mrs. Henry Midgette and Mrs. J. K. Reid.

"Yes," said the Poet, "the Episcopal take pretty good care of their cemetery, but the Methodist are inclined to be as neglectful as the Baptists. Their cemetery is also covered with weeds and long grass. I'll venture to say that it hasn't been cleaned off in over 10 years and if someone doesn't get after them it won't be in the next 10."

"I'm telling the world," said the Peasant, "if I had some relatives buried in either of these two burying grounds, I would at least keep their graves cleaned off and have them marked in such a manner as to not have them scrambled over when someone else was laid to rest."

"It is high time that someone thought of a municipal cemetery for the rest of we folks who are not dead yet," said the Poet.

"Yes," said the Peasant. "I would suggest to the City Fathers that they take some step to take care of the future welfare of our dead."
