

Home Demonstration Agent Presented Summary Work To County Commissioners

The subject studied in the clubs during February was desserts and how to make inexpensive ones from fruit.

Leaders were appointed in each club for our garden and yard contest. The Farm agent went to some of the club meetings and gave excellent talks on gardens.

Several hot beds were made under the agents instructions and several made by club members themselves.

Congressman Lindsay C. Warren sent the Home Agent 600 poultry bulletins for use in the poultry clubs. One father said that his son read every poultry bulletin the first night after he received it.

Miss Mary E. Thomas, Nutrition specialist held the first leaders school of the year in the demonstration kitchen on Feb. 18th.

Miss Thomas gave an excellent lesson on preparing meats, and especially stressed the use of the tougher for their nutritive values.

During February more farm produce was sold on the curb market than any month since it was opened.

The total for the month being \$478.84. There was only one Saturday that the sales did not go over \$125.00.

Only one crate of eggs were shipped in January, as the people had just gotten interested in shipping them.

BUSINESS IN GENERAL ON UPWARD SWING SAYS L. A. MILLER

Business in general and the automobile business in particular, are on the upward swing and should be on a practically normal basis within the next sixty days.

"The automobile always is the first to be affected in any recession of general business and is the first to recover," Mr. Miller said.

"My view of the entire picture discloses no alarming condition regarding the automobile or any other line of business.

"With the general revamping of sales and production policies, careful attention to the used car problem and the close co-operation between dealer and manufacturer, I am confident that the 1930 volume will equal that of last year.

NEXT MONTH WILL BE "WAR MONTH" FOR UNITED STATES

Strange as it may seem, five of the six major wars that the United States has had since its birth as a nation some 150 years ago, began in the month of April.

On April the 19th, 1775, the unrest which had rapidly been growing between the colonies and England, the mother country, came to a head and war was declared.

June 18th, 1912, the mother country, England, began infringing on America's right on the seas. This was the first and last time that any European nation has attempted war with the United States on her own soil.

April 24, 1848, the Mexicans became unruly or forgot how to treat American citizens. It took this young nation just 36 days to show Mexico that they must respect these people.

Perhaps the most unsatisfactory war of all began on April 15th, 1861 when the United States was no longer the United States but a divided nation. For five years we fought each other. All on the account of jealousy and stubbornness.

April 21, 1898, the Battleship Maine was blown up by the Spaniards at Havana Cuba. The Maine was anchored at Havana to protect the Monroe Doctrine.

April 6th, 1917, the United States joined the Allies in the World War against Germany and her allies. The Armistice was signed November 11, 1918, but war was not over until the articles of peace were signed, July 2nd, 1921.

SUPPER CLUB ENTERTAINED

The Tuesday Night Supper Club met with Mrs. A. H. Stier Tuesday night. After a buffet supper was served, the guests engaged in playing bridge.

Recorder Jerry Sawyer Had Busy Day; Mistrial Ordered In Assault Case

Roper High School Basketball Team Outplayed Strong Plymouth Team

A ROAD FOR WENONA CONSUMED MUCH OF COMMISSIONERS TIME

Solicitor Carl L. Bailey acted as spokesman for a committee who went before the Washington County Commissioners at their regular meeting Monday and asked some relief from the road situation in the Wenona section.

The latest idea is to build a road down the banks of A canal in Drainage District number five which comes out at Roper.

Mr. Heritage, representing the Roper Lumber Company, said that his company had paid Washington county over \$200,000 in taxes during the past five years and no highway and only about eight or ten miles of county roads touched their property.

On being asked by a representative of the Beacon and News whether or not he wished to use same cars this week in his advertisement, Mr. Woodley said, "I want a complete new list. We have sold all but one of the cars listed last week and every person who purchased one of them said that he had seen it advertised in the Beacon and News."

During the winter, the only way that people living in that section had getting out was by the train. The school truck wrung out two or three transmissions and a tractor was torn to pieces on the Pike road during the winter and the children of that section were out of school approximately two weeks.

I wish to take this method of thanking my many friends who assisted me during the short illness and death of my husband also for the beautiful floral offerings.

CARD OF THANKS

MRS. H. B. GOODMAN

ALMO THEATRE TONIGHT AND Saturday Night Mary Eaton IN "Glorifying The American Girl" Nineth Episode THE BLACK BOOK

The Plymouth High School boys basketball team is no longer an undefeated team. They left Roper last Friday night after taking a good beating to the tune of 20 to 10.

In the first minute of play, Tarkinton of Roper shot a goal, giving Roper a lead that was not lost during the entire game.

(Editors note: There should be another game between these two teams. This was the second one during the season. The other game resulted in defeat for Roper.

A game at Williamston with these two teams next Friday night would decide the winner of a three game series. Get together officials and make your arrangements.)

USED CAR SALE

A used car automobile sale is something new in Washington county. The one now being put on by Woodley Chevrolet Company is probably the first that has ever been held in the county.

GRACE EPISCOPAL CHURCH Sunday School at 10 A. M. Special Afternoon Sunday Service at 5 P. M. Childrens Service Wednesday Afternoon at 4:30. Lenten Service Wednesday Evening at 7:30.

You are cordially invited to attend all these Services.

POET AND PEASANT

"What's the matter with the folks in Plymouth?" asked the Peasant.

"Nothing as I know of," said the Poet, "Why?"

"Well," said the Peasant, "I notice that in all the nearby towns there has been organized an organization for fighting the chain stores, yet in Plymouth where there is a need to organize there is no organization nor has there been an attempt to organize."

"The leaders in Plymouth feel and realize that it is next to impossible to organize any kind of a civic organization," said the Poet.

"The trouble is," said the Peasant, "that the leaders or someone is too lazy to get out and work a little while for the good of their organization. We have just as intelli-

The courthouse was nearly filled to its capacity at Recorder's Court Tuesday. No court was held last Tuesday and a full docket came up before Recorder Sawyer. Two cases were laid over until next Tuesday as the court did not have time to get to them.

The most spectacular case of the day came up and all evidence for the State and defendant was presented before dinner. The lawyers arguing to the jury after dinner. This was the case in which James Arnold was charged with assault. The intent to rape was withdrawn with the permission of the State and defendant. It alleged that Mr. Arnold went to the home of Mrs. Sudie Barnes, a lifelong friend, to return some flour and while he was there he made some advances towards Mrs. Barnes. Mr. Arnold contends that he made no advances. The jury took the case at about three o'clock and had come to no agreement at 5:30. Judge Sawyer sent the sheriff for them and on being asked if they could come to a decision he was told that they could not as one of the members had stated that he would not change. The jury was then five for acquittal and one for conviction. A mistrial was ordered and the jury discharged. This case will be tried again next Tuesday, March 11th.

Other cases coming before Judge Sawyer Tuesday was J. W. Moore, who was ordered to pay a bad check and the costs of the court. Martin Owens was put under a suspended road sentence for assault and ordered to pay the costs. George Perry was found not guilty on a charge of assault on a female. While Perry was testifying, his wife, who swore out the warrant against him, yelled out from the courtroom at Perry and Judge Sawyer gave her ten days in jail for contempt of court. Perry attempted all day to get his wife out of jail after she had said that she would not live with him.

Agustus Moore and Myrtle Norman of the Skinnerville section were found guilty of being drunk and a public nuisance. Moore was given 60 days on the roads and pay one half the costs. Myrtle Norman was given 30 days in jail and pay one half the costs.

Richard Mercer was found guilty of disorderly conduct and fighting. He was ordered to pay all the costs.

A jury returned the verdict of guilty in the case of State against Raymond Patrick for assault on Lenwood Spruill, both of the Cherry District. Judge Sawyer did not sentence Patrick but bound him over until next Tuesday when Spruill will be tried for his part in the affray.
