Mr. C. F. Redlich, the successful  
expert says:

The "Perfect Retention Shields"  
hold the rupture perfectly, no mat-  
ter what position the body assumes  
or how heavy a weight you lift. They  
give instant relief, contract the open-  
ing in a remarkably short time and  
strengthen the weak tissues (the real  
cause of rupture) so that they fre-  
quently recover their previous  
natural retaining power, needing no  
further outside support. Stomach  
trouble, backache and constipation  
often caused by Rupture promptly  
disappear.

Truly remarkable and prompt re-  
sults have been obtained not only  
with recent and not fully developed  
ruptures but also with old, long ne-  
glected ones.

Ingenious, recently perfected de-  
vices are now holding ruptures firm-  
ly which heretofore never had  
been retained.

No elastic belts nor filthy leg-  
straps are used.

I guarantee the durability of my  
absolutely sweat and moisture  
proof, sanitary appliances.

75% of ruptured children recover  
completely through expert mechani-  
cal treatment according to statistics

Do not waste your money on  
widely advertised mail order con-  
traptions. You cannot fit yourself.

pliance Expert, Home office, 535

sota.
