### Fair Play!

A few times recently, the editor of the Beacon and News has been approached by members of the Republican party with the question of whether or not he would use material furnished by this organization in Washington county. In answer to this question we would say that the Beacon and News is the property of the property of the people and not the editor. There is only one column that I reserve and that is this column. The news columns of the Beacon and News is open to all of its readers whether they be Democrat or Republican or what not and all of its readers are urged to feel that they are at liberty to use them freely to express their views to the citizens of Washington county.

It is true that I am a Democrat and will support to the fullest extent the Democrat party in all of its endeavors, but I am not narrow and selfish and I not only offer the columns of the Beacon and News to the other party, but I urge them to use it.

### An Apology!

The Beacon and News owes someone an apology, either Mr. Ernest Hicks or the Plymouth School board, yet we hesitate to make it as we are tempted to feel that we were not in error. At the time of the writing of the editorial last week, we had been authentically informed that Mr. Hicks did not have a superintendents certificate and information did not reach Plymouth until Friday that he had succeeded in getting a certificate.

The Beacon and News does not ask for the credit of ascertaining the validity of Mr. Hicks certificate, it was through the efforts of Mr. P. H. Darden, chairman of the local school board that a record of the questioned certificate was received here. The serial number of the certificate is 120878 and does not expire until 1933.

Now as to the rumor of abolishing athletics in Plymouth High School, we have a statement by Mr. Hicks to the effect that all possible is going to be done for the girls and boys towards giving them good athletics. He has been making a study of the situation and has suggested a man for the position of athletic coach who we are informed is very capable. He is apparently very anxious to promote athletics in the school.

We are very sorry we made the error if it was one, and we wish to extend a hand of welcome to Mr. Hicks also we bow in gratitude to our very efficient school board.

# CAMEL—made to smoke

ALL THE PLEASURE that tobacco can give is found in Camels! Mild! Fragrant! Soothing! Refreshing as the dawn of a holiday!

Camels are made for this one reason: To give you the utmost smoking pleasure. And this can be assured only by the use of the choicest cigarette tobaccos blended to an inimitable smoothness, and prepared by the most modern and scientific methods of manufacture.

When you light a Camel you have the happy knowledge that money can't buy a better cigarette.

Don't deny yourself the luxury of Camels

## ARE YOU LIKE Micawber?

Do you remember Wilkins Micawber who was always "waiting for something to turn up"—and nearly starving in the meantime? Micawber was only a creature of Dickens' imagination; but he has his counterparts in real life—good men, men of talent and wit, but waiting for Opportunity to send an engraved invitation. No, it's the men who have ready money to invest when they see the chance who attain success.
