Easily Satisfied

The greatest man in the world is the fellow who can knock a baseball the farthest in the minds of the American people.

Shouse's New Attitude

Jouett Shouse, who was largely in charge of the Democratic party during the past four years, is now using his office as president of the Association Against the Prohibition Amendment in trying to defeat William Gibbs McAdoo for the United States Senate in California.

Nobody has ever suspected Mr. Shouse of having any political principles that were higher than a liquor jug.

Time For a Combination

Franklin D. Roosevelt is apparently about to divorce the Western Republicans from those of the east.

The special laws for the protection of the East have proven of very little advantage to the West.

Now is the time for a South-West political combination, one that will demand fair laws governing the business structure of this country to the end that everybody and every business may enjoy equal advantages.

One Element Not Needed

It is to be hoped that Governor Roosevelt is making no overtures to Tammany. It will be too hard to please Tammany and help the people, too.

If the East Side dive in New York City wants a common grafter like Jimmy Walker to rule over them we have no grounds for complaint.

A Privilege All Are Entitled To

The Socialist Party will have electors on the national ballot in this state in November, as the party succeeded in getting a petition signed by more than 10,000 voters.

There is no reason why they should not be entitled to have their electors printed on the ballot, since there are a fairly good number of people in the state who vote that ticket, and they should have a free chance to vote as they wish in this democratic state.

Josephus Daniels' Tribute to F. D.

Josephus Daniels has been one of the outstanding leaders and editors of North Carolina for 40 years. He has attended every national convention of the Democratic party since the crown of thorns and cross of gold speech of Bryan in 1896.

Home and Club News

By Miss Eugenia Patterson
