Cherry School Lunch

The parent-teacher association of Cherry has recently organized a school lunch for the children who are undernourished and underweight. They are now feeding around 60 children three times per week. Two women are responsible for the preparation and serving of the lunch each day and they are cooperating beautifully. They are enjoying the work and days together, and it is not any great burden on any one person.

Mrs. A. W. Davenport has given quite a bit of her time and deserves quite a bit of credit for its beginning. The patrons of the school are helping to furnish the vegetables, while the welfare department is also helping.

From an average of 156 birds during the past poultry year, Lee Drum, of Catawba County, secured an income of \$207.43 above feed cost.

Notice to Farmers: Still Buying Peanuts, Corn, Soybeans at Highest Market Prices in Trade

Peanuts are ranging in price from a half to one cent a pound, but we are allowing one-eighth of a cent a pound more in trade for the best peanuts. We have already bought several hundred bags of peanuts, but we are doing our little bit in a small way to help the farmers.
