Will Be Used for Relief Work and School Lunches

Over 5,000 quarts of vegetables have been canned by volunteer services of ur home club members and other omen in the towns and rural sections f Washington County, states Mrs. W. C. Brewer, superintendent of public welfare, who purchased over 7,000 quart jars and tins through Federal aid funds.

Miss Eugenia Patterson, home demonstration agent, called for volunteers to can 6 quarts each as a donation to the county welfare winter relief. The response was so great an order was wired for 4,000 additional quarts by Mrs. Brewer.

Not only club women, but others who live in Plymouth, Roper, Creswell, and Cherry are returning jars

to be used in the school lunches and winter relief. Each community is to receive full benefit of all work done in their zone. It is the same splendid cooperation that we have received

in our welfare work for the past four years, stated Mrs. Brewer, and too fine women of our county for the
