

Harrington Company's Peanut Picker Popular With Farmers

The only concern manufacturing peanut pickers and hay balers in Eastern North Carolina is the Harrington Manufacturing Company of Lewiston, which was founded in 1922 by the late J. L. Harrington, father of the present management and a pioneer in the peanut picker industry as well as an inventor of note. Since the beginning, their product has found instant favor with the peanut farmers, and their pickers and balers are used extensively throughout the peanut belt of the United States.

The present General Manager of this company is L. Gay Harrington who, at the age of 31, is one of the youngest executives of any such business in the country. He is assisted by his brother, J. P. Harrington who is sales manager, having charge of all sales, and his brother, J. C. Harrington, who is Superintendent of the plant, and who has personal supervision of all machines manufactured. This rare combination has been the cause of the product of this Company to be known wherever peanuts are grown.

Their main plant is located in Lewiston, North Carolina, where a large force of local workmen is employed, and much of material which goes into the manufacture of their pickers and balers is obtained in this section of North Carolina. They recently built and are now operating an Iron Foundry for the manufacture of their own castings. This year they introduced a new line of plow castings which will be sold un-

der the trade mark of "Hamaco." This venture into the manufacture of something that is used by every farmer has been met with success and approval, according to the management.

This Company maintains open house at all times and extends to visitors a hearty welcome to see Eastern North Carolina's only plant manufacturing peanut pickers and hay balers.

NOTICE

North Carolina, Washington County—Superior Court. Town of Plymouth vs. William Johnson and Alice Johnson, His Wife.

The defendants, William Johnson and Alice Johnson, will take notice that an action entitled as above has been commenced in the Superior Court of Washington County, North Carolina, as follows: To foreclose the paving tax lien of the plaintiff against the lands of the defendants for the years 1929 to 1935 both inclusive, the said lands being lot No. 3 of the paving map of west Main Street of said town and adjoining the lands of the Addison Everett heirs, Joseph Credle, Mrs. L. M. Hampton (Senora Smithwick) and abutting on said Main Street fifty feet; that the said defendants are necessary parties to this action for the foreclosure of the said paving assessments in the sum of SEVENTY-ONE AND 26-100 (\$71.26) DOLLARS and interest as alleged in the complaint; and the said defendants will further take notice that they are required to appear in the office of the Clerk Superior Court in said county in the Court House in Plymouth, N. C., within thirty days from and after the 1st day of October, 1937, and answer or demur to the complaint of the plaintiff, or the plaintiff will apply to the Court for the relief demanded in said complaint.

This the 8th day of September, 1937. C. V. W. AUSBON Clerk Superior Court, Washington County, North Carolina. s10-4t

Farm Notes

By W. V. HAYS, County Agent

Even though we have a short crop the Agricultural Adjustment Administration has made it possible for our cotton farmers to receive a fair price for this year's cotton. Farmers who cooperate are to receive 12c on cotton allotted to their farm. Growers should file in the County Agent's office a receipt for cotton sold within 15 days of the date of sale. All farmers can file their sales certificates regardless of whether they will participate in the farm program or not. They will be paid the difference between the average spot cotton market and 12c per pound provided they comply with next year's farm program.

A peanut diversion program has been announced similar to that 2 years ago. This means that peanuts may be diverted to oil mills for this purpose and insure our growers a price of 3 1-3 cents per pound. This should assure better prices for good peanuts marketed from this year's crop. A number of our growers have stakes set in the fields and are ready to begin harvesting next week. Most of our farmers have reported prospects for a good crop.

A number of people are probably wondering whether their farms are ever going to be measured because our compliance men have not visited their farms. We will measure up every farm in the county for which a work sheet has been signed as early as we can possibly do so. Farmers are advised to go ahead

with regular farming operations, discing up tobacco stalks, etc., regardless of whether the land has been measured or not. The boom around Plymouth is making it very hard to secure young men qualified to do this work.

All producers of early Irish potatoes are permitted to vote for control of this crop. Next week we will hold a meeting at the Schoolhouse in Cherry, Monday night, September 27th at 8 o'clock. On the 28th a similar meeting will be held at the Creswell Schoolhouse where this program will be explained. All potato producers realize that for the past few years a good many potatoes have been produced. We now have the opportunity to produce less potatoes and receive the same or more money. In other words by working our potato crop in the Soil Conservation Program we will have some assurance of good prices or at least better prices for our crop of potatoes.

Home-Club Notes

By Miss MARY FRANCES MISENHEIMER, Home Agent

Schedule for Next Week

Monday, County Bridge.
Tuesday, Pleasant Grove.
Wednesday, Swain.
Thursday, Creswell.
Friday, Alba.
Saturday, curb market, 8:15, in basement of courthouse. Visit the curb market to get fresh vegetables, chickens, and eggs. Mrs. Joe Brown, of Hoke Club, is still leading the curb market sales. Mrs. Charlie Bowen, of Alba Club, was second; and Mrs. L. A. Parrisher, of County Bridge Club, was third highest seller.

The Roper Home Demonstration Club held its regular meeting Tuesday night with Mrs. J. H. Gaylord, secretary of the club.

Detailed plans were made for the fall federation, which will be held in

Roper this year.

Mrs. F. D. Wilson, president of the club, appointed Mrs. W. A. Bland to make the welcome address; Mrs. Roy Stillman and Mrs. Irva Hooker, committee to arrange exhibit table, and Mrs. Jennie Hopkins and Mrs. Gaylord as flower committee. Mrs. Hopkins will be hostess at the next club meeting.

Mesdames Edna Latham and Christine Swain were hostesses to the Chapel Hill Club Thursday afternoon. The regular business was con-

ducted by the vice president, Mrs. Al Latham.

A social hour was enjoyed, after which the hostesses served ice cream and cake.

The Beech Grove Club was entertained by Mrs. Clara Davenport Friday afternoon at the regular monthly meeting.

Plans were made for each member to have an exhibit at the fall federation. The next meeting will be held with Mrs. Tom Davis.

QUESTION:
Is it worth while for Camel to spend millions more for finer Tobaccos?

ANSWER:
Camels are the largest-selling cigarette in America!

It is homespun fact that nothing man does to tobacco can take the place of what Nature does. People prefer Camels because Camels are made of FINE, MORE EXPENSIVE TOBACCOS—Turkish and Domestic—into which Nature put extra goodness.

The Final Analysis

Is the Amount of Money Called for by Your Warehouse Check

More and More Farmers Are Getting Their Largest Checks In ROBERSONVILLE

The Robersonville Tobacco Market has sold this season approximately two and one-half million pounds of tobacco. Farmers from twelve or fifteen counties are selling in Robersonville and their increasing numbers will substantiate our statement that Robersonville is one of the best, if not the best, markets in Eastern Carolina. Our sales Monday and Tuesday of this week, were, without a single doubt, two of the best sales of the entire year. Tobacco sold mighty well and our customers were all highly pleased with their sales.

The market blocked last Friday and Monday but the houses have all been cleared and we are ready for more large sales this week-end. Bring your next load to Robersonville. The Government Reports, which, after all, are the only official and accurate reports given out, will tell you that Robersonville is always among the leaders when it comes to selling tobacco for the high dollar.
