

Founder's Day Observed by Creswell Parent-Teacher Association Thursday

Creswell.—The Creswell Parent-Teacher Association met Thursday evening in the school auditorium for its regular monthly session. Mrs. E. F. Woodley, the president, presided at the short business period.

A. H. Tucker, yard chairman, gave a report on improving the school lawn, and Principal A. T. Brooks made a short talk dealing with the Red Cross to be given in the school within the next two weeks. Juniors and seniors will be required to take this course. Mr. Brooks and Mr. Tucker will teach the course during the regular class periods, and about six weeks will be required to complete it.

Miss Janie McInnis presented a Founder's Day program, with the following participating: Evelyn Belanga, Barbara Barnes, Louise Snell, Norma Belanga, Virginia Woodley, Betty Jean Bateman, Roberta Pitts, Katie Spruill, Betty Swain, Iris Spruill, Ada Virginia Hopkins, Mary Ellen Stillman and Frances Peal.

The newly adopted Marine Corps slogan in North Carolina is, "Let's go with the Marines."

ANOTHER WAY TO STOP WORRY

Insurance on cotton will be available to North Carolina farmers for the first time this year through the Federal Crop Insurance Corporation, according to G. Tom Scott, of State College, chairman of the State AAA Committee. The insurance, like that on wheat crops for the past two years, protects producers against unavoidable losses, such as drought, floods, diseases, and insects. Premium rates for individual farms, based on losses during the past seven years, now are being compiled in county AAA offices, and will be available to growers within about a week. The insurance is issued to land owners, farm operators and tenants, and protection may be obtained for either 50 or 75 per cent of normal production during past years. Applications will be accepted by county AAA offices until the deadline on March 16.

On cold days, be sure to protect your motor against starting wear. You can do this easily by buying Opaline or Sinclair Pennsylvania Motor Oil. Both of these oils flow freely in cold weather yet retain their body at engine heat. That's because wax and petroleum jelly (which thicken in cold weather) are removed by a special refining process. Protect your motor and save your pocket-book. Ask your nearby Sinclair Dealer for free-flowing Sinclair Opaline or Sinclair Pennsylvania Motor Oil!
